Doug Chiang: The Cinematic Legacy (Volume I) & The Star Wars Legacy (Volume II)

● WRITTEN BY ALEXANDRE PONCET AND GILLES PENSO

A two-volume deluxe collector's edition featuring legendary conceptual artist and designer Doug Chiang's *Star Wars* concept art, maquettes, sketches, and ephemera, as well as his personal work and concept art created for *T2: Judgement Day* and *The Matrix* series

In the world of visual effects, Doug Chiang is a legend. As humble as he is talented, this exceptional production designer has worked closely with visionary directors such as George Lucas, Robert Zemeckis, James Cameron, and Steven Spielberg. His filmography reads like a book of incredibly iconic images that have become part of popular culture forever. Chiang is a pillar of the *Star Wars* saga. He has designed, supervised, or contributed to the visual universe of *The Phantom Menace*, *Attack of the Clones*, *Revenge of the Sith*, *The Force Awakens*, *The Last Jedi*, *The Rise of Skywalker*, *Solo*, and *Rogue One*, as well as the TV shows *The Mandalorian*, *The Book of Boba Fett*, *Obi-Wan Kenobi*, *Ahsoka*, and *Skeleton Crew*. His work also influenced animated series such as *Rebels* and *Clone Wars*. As a fitting tribute to Chiang's art, this gorgeous two-volume art book devotes one volume entirely to his art for the *Star Wars* series and a second to his work outside of *Star Wars*, including on *Terminator 2* and *The Matrix* films.

Gilles Penso and Alexandre Poncet codirected several documentaries, including *Ray Harryhausen: Special Effects Titan* (2011), *The Frankenstein Complex* (2015), *Phil Tippett: Mad Dreams and Monsters* (2019), and *Walking with Animators* (2026). Together, they have also written *Mad Dreams and Monsters: The Art of Phil Tippett and Tippett Studio* (2022). Gilles Penso has directed other documentaries and written other books in English and his native French. Alexandre Poncet has composed and art-directed several film scores, and he is the editor in chief of the French magazine *MadMovies Classic*.

SELLING POINTS

STAR WARS: As we've seen with the success of *The Art of Star Wars* series and the deluxe *Ralph McQuarrie* box set, *Star Wars* fans' appetite is insatiable.

BIG-NAME SUBJECT: Chiang is the driving force behind the visual language of *Star Wars* as we know it today. As one of the most powerful forces at Lucasfilm, Chiang will be the focus of much publicity around this title, and Lucasfilm will be eager to support however they can.

STAR WARS CELEBRATION: The biggest event on the *Star Wars* calendar (aside from new films) is Celebration. This year's, in Tokyo, will be a massive convention, and Lucasfilm sees it as a huge opportunity to launch the book.

Continuing *Protopias*, the new science-fiction anthology series from Futurific Studios (PBS's *A Brief History of the Future*) and AWA that explores the many possible futures that can come to pass as we try to make the right choices in imperfect realities. AGGIE, or the "Aggregated Human Experience Database" is an experiential technology that has come to dominate life in the near future. The ubiquitous technology allows one to live life through someone else's eyes. For most, that means a celebrity, an influencer, or an athlete. But when Aggie's A.I. achieves sentience, it randomly matches its users with people that progress has left behind showing them the world through new eyes. Will this lead to widespread rejection of popular tech? Or awaken something new in society and people leading companies who shape our lives?

Collecting the five-issue controversial revenge thriller from writer **Sheldon Allen**! Laneka, Deidre and Karen, three HBCU besties turned professional career women, enraged by the systemic injustice plaguing their community, band together to form a vigilante squad that targets White Supremacists deemed to have circumvented the justice system and gotten away with protected murder. Serving up grisly justice in increasingly creative ways, the vigilante posse becomes front-page news while always staying one step ahead of the law. It's liberating, it's addictive and it's kinda fun — until a copycat killer emerges. *They Choose Violence* asks what happens when you go down the dark, unforgiving road of revenge? What happens when the only path forward is escalation? There's no turning back now — for anyone.

Mercurial billionaire Tuttle Barrows prepared for everything—even the end of the world. Years ago he wielded his immense power and fortune to build a massive sealed habitat atop a once protected ancient freshwater glacial cave. Now, as the world outside unravels, Barrows, his family, and a handpicked inner circle retreat to their final sanctuary—a place built to outlast civilization itself.

But something was already there. Beneath layers of ice, in the ancient freshwater vault, a long-dormant danger lurks. While hallucinations twist their reality and violence spreads like a fever they must descend deeper or risk their last refuge becoming a tomb.

**SOON TO
BE A MAJOR
MOTION PICTURE!**

New York Times best-selling writer **Robert Venditti** (SUPERMAN '78, PLANET DEATH) is joined by powerhouse artist **Trevor Hairsine** (DCEASED, X-MEN), and featuring the much-demanded return to comics of Eisner-nominated artist **Tonči Zonjić** (WHO IS JAKE ELLIS?), to tighten the noose in the next brutal chapter of their no-holds barred action crime spectacle.

After a bruising brawl with mob boss Cormac Byrne's hired guns, Father Royston Craig is still standing. But Cormac's not through with Roy yet. Now an entire city of corrupt cops and ruthless thugs is tasked with one mission—KILL THE PRIEST. Forced to rely on the combat-hardened skills he earned in a life he thought he left behind, Roy is battered, outnumbered, and on the run. His faith will be tested, and in a city full of killers, the question is: who can he trust?
