The fall of gods doesn't free a world—it breaks it.

The war of the gods reaches its catastrophic peak as Pigeon's rebellion ignites and the oppressed rise to strike down the divine tyrants who've fed on their lifeblood for generations.

From the ashes of Harlos, only a single scorched hope remains. In the aftermath, Soluna is left to reckon with the brutal cost of her choices. Old wounds split open, fragile alliances collapse, and survival in the new world proves more dangerous than the war that forged it.

An unsettling, slow-burning atmospheric take on the classic werewolf story that explores the fragile boundaries between waking life and dream logic.

When Jonathan Reason falls asleep, he becomes... something else. Every night it stalks his quiet town, killing (seemingly) indiscriminately. When he wakes at the start of each chapter, covered in blood, our story begins.

This new horror mystery from **ZANDER CANNON** ***(Heck, Top 10, Kaijumax)*** shows us the horrifying waking hours—and terrible decisions—of an unwilling part-time killer. This deluxe, oversized hardcover includes sketches, the pitch document, bios, diagrams, maps, variant covers, bonus illustrations, and an exclusive afterword.

Six months ago, Jim Hoke's daughter Wendy disappeared from her room. All Jim caught was a glimpse of a hulking figure at the window—the kind of late night vision that's easily written off as a hallucination. No one believes Jim's story—and six months later, the retired pathologist is just looking for anyone who'll still listen. And even if he finds someone, should they believe him? Jim already retired early for planting evidence against an alleged killer. His word doesn't mean much—and it means even less with him as a suspect in Wendy's disappearance. He can't leave town, he can't forget what he saw, and he get any sleep thanks to the nightmares.

With Wendy's disappearance declared the coldest of cases, Jim believes he's the only one who cares about finding his daughter. And he's got a withered Father's Day card in his pocket to remind him—all he can do is his best. So he better step it up. Jim goes into business for himself, tracking leads and harassing anyone who's polite enough to listen to his story. He dives into rabbit hole after rabbit hole, until he meets someone else like him. Then another, then another, a whole community of people who've lost someone to a cryptid they call the Floating Man—just like the huge creature Jim saw take Wendy. Suddenly, Wendy's abductor has a name—the Floating Man. And Jim's obsession has direction—he's got to track down the Floating Man, uncover his crimes and free not just his daughter Wendy, but everyone who's been lost.

ONE PATH BOOK TWO: THE WHITE KING OGN

AUTHORS: **GREG BROADMORE, ANDY LANNING**

ARTIST: **GREG BROADMORE**

COLORIST: **GREG BROADMORE**

LETTERER: **ROB JONES**

COVER ARTIST: **GREG BROADMORE**

Book two of this four-part epic plunges One Path into a breakneck prehistoric chase across unending forests, valleys, and mountains, carrying a scorned child toward a life-giving treacle rumored to flow in the Towers. Closing in are Una's tribe and the White King—an ancient albino T-rex drawn to the child's power. Lushly illustrated, brutal, and breathtaking, One Path: The White King delivers 200 pages of high-stakes survival from Greg Broadmore & Andy Lanning, published by Mad Cave Studios.

In a brutal, breathtaking prehistory where cavegirls fight desperately to survive and dinosaurs rule the valleys, One Path flees her tribe with a "cursed" infant which she refuses to abandon. With a fierce young Runtling at her side, she drives toward the mythic Towers—vast, earthen spires said to hold life-saving sap, a treacle rich enough to keep the starving child alive.

Behind them, love twists into pursuit. Una, One Path's sister, leads a relentless war-band. Driving three subjugated T-rexes, they are determined to uphold their brutal laws and destroy the child they scorned. Worse still, Una's desperate gambit has roused an older terror: the White King, an ancient albino T-rex that rises from hibernation to claim its tribute. Drawn by the infant's vital scent and the promise of renewed power, the White King cuts a path of ruin across forest and plain, devouring anything that stands between it and the child.

Part chase, part odyssey, *One Path: The White King hurtles* through a landscape where hope is hunted and trust runs thin. As the Towers loom and the hunters close, One Path must choose what to risk, and who to become if she's to save the condemned child.

THE LAST WARDENS TTRPG — ART PREVIEW

bring the style and tone of *The Last Wardens* comics to life. The rules encourage you to push your luck, but every push brings you closer to catastrophe. Dice rolls determine your success, but failure is never simple—it comes with gruesome complications and twists that heighten the tension and the stakes.

Wardens & the Great Drift

The horrors you will confront, and where they come from, are unique in the *Wardens* universe. The entropic underpinnings of the setting create a special brand of retro cosmic grindhouse horror.

The World of the Wardens

Your games, and your stories, begin in an alternate 1975. This is a world technologically behind the times we currently inhabit. If you study this period in history, you will see fashion and design trends that are now quirky and cool, but were original to that era.

The world is identifiable and unique, with a warm Technicolor patina hiding darker things beneath. Supernatural events, both large-scale and small, are happening all over the world. While currently limited and sporadic, these events are increasing in frequency and intensity.

Wardens call these events "Drifts."

Despite the increasing severity of these calamitous events, each is unique and seemingly unrelated. There is little or no causal evidence left behind after a Drift.

These factors combined with the relatively primitive communications technology of the period means it will take the media and the authorities a long time to catch on and connect the dots. However, as they tend to do, conspiracy theories run rampant in all corners of the world.

The Great Drift

The Great Drift is a term used by a particular group of secretive scholars to describe what is considered to be a natural phenomenon. This phenomenon is thought to be older than the universe in which our reality exists. It is responsible for dimensional cracks, Drifts, and these cracks have been wreaking havoc in our reality since before the dawn of time.

The current scholarly hypothesis is that Drifts are the result of endless friction caused by the metaphysical shifting and slipping between the innumerable realities of the multiverse. Like fissures that open between tectonic plates on the planetary scale, these interdimensional ruptures have been appearing and disappearing throughout the universe, forever.

Survival and Story

The front of the character sheet includes the details you will most frequently use during a game session. It presents the elements you'll frequently use during high-stakes conflict at the top. The back of the sheet has information that helps with roleplaying, noting the decisions you made during character creation, and tracking how your character grows over time.

Top to Bottom

Most of us have grown up scanning content from the top to the bottom, and from the left to the right. On your character sheet, you'll notice that things you reference or change frequently are usually towards the top and usually towards the right.

Pictures Tell a Thousand Words

When possible, the character sheet uses icons or shapes to help guide your eye towards the information you need or to help you more quickly understand what you're seeing.

For example, if it involves dice, the value is written inside a shape that resembles the outline of a six-sided die. The Armor Score resembles a shield.

Things that can be gained and depleted, like Vitality, Determination, and Supply, are indicated by a box. Use slashes and Xs to help you keep track of these.

To help you learn the basic rules, print a copy of the character sheet to reference as you're reading.

You can find a blank character sheet at the end of the book, or online at www.TheLastWardensGame.com.

CHAPTER THREE

Creating Your Warden

In This Chapter, You Will Find...

- **A complete guide to bringing your own Warden to life**
- **Details on Callings, Origins, and more**
- **Ways to bring depth to your character**

In the Last Wardens, your characters are the most important part of the game. The process of creating a character should be fun, engaging, and a time when you can let your imagination run wild, dreaming up inventive, deadly, fun Wardens to play.

When you sit down to create your character, keep a few things in mind:

- Your Warden should be as unique as you are.
- Build a character you're excited to play.
- Don't worry about making an "optimized" Warden. Roleplaying games are as limitless as your imagination, so the idea of game "balance" is a little bit of a myth. The "best" character is the one you enjoy playing, and your friends enjoy playing with.

Some groups like to create their characters together, or at least keep each other informed about what direction they're headed for their Wardens. Generally, the most "effective" Cell is one that has a mix of interdependent specialists. Your Warden will probably be great at something, but not everything. You rely on your fellow players to be strong in the areas where you are weak.

Seekers are excellent at learning about the Drifters you're hunting, but they aren't well-suited for going toe-to-toe with a gargantuan Drifter. Reavers are great at up-close fighting, but they need Bastions to soak up claws, fangs, acid, bullets, and other deadly things. While Bastions are hard to kill, they struggle with dealing damage themselves.

Regardless of the kind of Warden you make, there's no time to waste.

Drifts are splitting reality open like a ripe watermelon. Humanity needs the Wardens.

Shall we begin?

Building a Character

The "standard" way to create a Warden is by building them step by step:

1. Think of a concept for your Warden.
2. Select your Calling.
3. Choose your Origin.
4. Determine your initial attributes and skills.
5. Equip yourself with gear.
6. Identify your relationships, Value, and Ambition.
7. Pick a name and describe yourself.

As you make your choices, record them on a character sheet. You'll find one you can copy in the back of the book, and a digital version is available at TheLastWardensGame.com.

3.1 Character Concept

Before you begin making decisions that affect dice rolls, think about who you want your Warden to be. What is their personality? What do you want them

Explosives Table (All Single-Use)

Explosive	Grip	Detonation	Blast Power	Blast Damage	Burden	Range (thrown)	Special	Cost
Grenade	1H	Trigger	5	5	1/4	Medium	--	$150 (BM)
C4 Charge	Set	Variable, Trigger	1 per ounce	1 per 2 ounces	1/2	--	Proportional Blast	$400 per ounce (BM)
Molotov Cocktail	1H	Impact	1	2	1/2	Medium	Fire 6	$5
Stick of Dynamite	1H	Variable, Trigger	2 per stick	2 per stick	1/4	Medium	Proportional Blast	$30 per stick
Claymore	Set	Trigger	9	6	1	--	Directional	$750 (BM)
Smoke Bomb	1H	Impact	0	0	1/4	Medium	Obscuring	$25
Vial of Nitroglycerine	1H	Impact	4	6	1/4	Medium	Volatile	$200 (BM)

Throwing Explosives

Throwing explosives such as grenades, Molotov cocktails, or sticks of dynamite with lit fuses is a ranged attack. On a hit, treat the target as being in engaged range of the explosive when it detonates.

Procuring Explosives

Even in the wild-old days of 1975 America, explosives were controlled products. Dynamite can be procured legitimately for legal uses, but a license is typically required and meticulous records are often kept.

Grenades, C4, nitroglycerine, Claymores, and smoke bombs are not readily available and must be acquired on the black market or by some other means.

Armor Descriptions

Civilian Helmet: A catch-all for any head protection you can find at a sporting goods store or hardware shop. Motorcycle helmets, football helmets, even a repurposed hard hat can all help keep your skull from getting staved in.

Military Helmet: A combat-grade helmet, likely scavenged from a surplus store or taken off the corpse of someone who didn't need it anymore. It won't stop a sniper round, but it'll usually keep your brains on the healthy side of your cranium.

Here's a sample of the script for issue 4, page 1 of *Zorro: Man of the Dead*. My panel descriptions tend to be very minimal, because I mostly write for myself and not another artist.

When I first look at a script like this, here are some things I notice...

Because we're reintroducing readers back into the story, we should do something splashy and exciting.

Zorro
Man of the Dead
by Sean Murphy
Issue 4

Let's make Panel 1 the focus of the page, and have a big shot of Trejo holding a gun to Diego. We don't really need Rosa and the others in the background--we can establish all of that in the other panels.

PAGE 1
Panel 1

Night. We pick up right from last issue--Trejo has Diego at gunpoint as Rosa looks on. They're surrounded by narcos in front of the mansion.

TREJO: Your revolution is over.
TREJO: La Vega belongs to El Rojo.

Panel 2 is a good place to establish the setting and the other characters. As well as a little action.

Panel 2

Tomás, Patch, Valdez, and the other rebels swoop in, killing some of Trejo's men. Trejo gets pushed into the background.

SFX: Bratta bratta bratta
TOMÁS: Father, go get Diego!

It needs to be clear in panel 3 that Diego is hurt. We'll also need to show a horse (or at least part of it) and a few other characters.

Panel 3
Valdez helps Diego onto Tornado.

VALDEZ: Zorro! Can you stand?
DIEGO: (squiggly balloons to show he's in pain) ...urrgh...
DIEGO: ...Rosa...

Panel 4 could also be splashy and exciting, but let's see what the other panels might require.

Panel 4
Tomás, Patch and the other rebels keep firing at the narcos.

SFX: Bratta bratta bratta
SFX: bang bang bang

We might need more space here to show Rojo and his men arriving in a few cars. If our heroes are on the left, and the bad guys are on the right, then where will Rojo be?

Panel 5
Rojo shows up in his red SUV, along with two others. Patch sees them.

PATCH: Tomás! It's Rojo!

Panel 6 could also be a splashy moment. With bad guys all shooting guns, maybe a horizontal panel will work best here.

Panel 6
Rojo and his men get out of the SUVs and open fire. Tomás and the others are

IF HE'S WORKING WITH PUZANOV THEN THAT'S AS GOOD AS WORKING FOR PUTIN. THAT'S PROOF THE DEMON IS CONTROLLING PUTIN AND RUSSIA.

I HARDLY THINK THAT QUALIFIES AS PROOF.

MAYBE NOT IN A COURT OF LAW, BUT IT'S ENOUGH FOR US TO TAKE ACTION. THIS NEWS REPORT WAS TAKEN YESTERDAY FROM ST. PETERSBURG. ACCORDING TO THIS, PUZANOV IS HOSTING A RALLY IN ST. PETERSBURG FOR PUTIN TOMORROW. THIS COULD BE OUR CHANCE.

IN WORLD WAR 2, THE DEMON WAS LINKED DIRECTLY TO HITLER. IF HE'S TIED TO PUTIN THEN HE'LL BE SOMEWHERE IN ST. PETERSBURG TOMORROW. WE'D NEVER STAND A CHANCE TRYING TO BREAK INTO THE KREMLIN, BUT A RALLY WE CAN HANDLE.

SADDLE UP, PEOPLE, WE'RE HEADING TO RUSSIA.

UH, GUYS, WE GOT A PROBLEM.

YOU KNOW THAT NUT JOB THAT POISONED HALF THE CITY A FEW MONTHS BACK*. HE BROKE LOSE. WORD HAS ALREADY GOTTEN OUT THAT HE'S PLANNING ANOTHER MAJOR ATTACK ON THE CITY.

* SEE TOMORROW GIRL #14.

THAT'S NOT MY PROBLEM, AND IF YOU WANT TO MAKE A REAL DIFFERENCE IN THE WORLD, STOP WASTING YOUR TIME WITH CLOWN THEMED VILLAINS AND HELP PREVENT A WORLD WAR.

BUT THE CHAMPIONS HAVE A DUTY TO THIS CITY. IT'S WHY THEY ARE HERE.

LAST TIME WE DEALT WITH KABOOM, HE GOT THE UPPER HAND BY POISONING US BEFORE WE EVEN KNEW HE WAS A THREAT. HE'S JUST A GUY IN A CLOWN COSTUME. KNIGHT WOLF COULD EASILY HANDLE HIM WHILE THE REST OF US GO.

OH, THANKS. YOU WANT ME TO TAKE OUT THE GARBAGE WHILE I'M AT IT?

I TAKE IT I'LL GO FOR A 'HEAVY HITTER', SHIVA?

I GUESS WE'LL SEE. THE LAST TOMORROW MAN WAS NEVER SEEN AGAIN AFTER HIS BATTLE WITH THE DEMON. LET'S HOPE YOU FAIR BETTER.

...I USED SPARE SHEETING FROM THE SHIP IN CRAFTING ARMOR THAT SHOULD BE IMPERVIOUS TO GOLD'S INTERDIMENSIONAL WEAPONS.
SOMETHING THESE EGGHEADS HADN'T CONSIDERED IN MY ABSENCE.
ABSENCE?
YEAH... I THINK WE'RE PAST DUE FOR AN EXPLANATION. WHO ARE YOU?

AS YOU ALL KNOW, PORTALS ARE USUALLY RANDOM ANOMALIES. LIKE THOSE EACH OF YOU WALKED INTO.
EDDI HAS BEEN DOING THEIR BEST TO TRACK THEM AS WELL AS WHATEVER CAME THROUGH.
UNBEKNOWNST TO ANYBODY FOR DECADES, THIS SHIP CONTAINED THE TECHNOLOGY TO OPEN PORTALS.
BUT IT WAS MORE LIKE DIALLING A RANDOM NUMBER WITHOUT KNOWING WHO WAS GOING TO BE ON THE OTHER END.
EDDI SENT AMBASSADORS FROM OUR DIMENSION TO GREET WHOEVER MIGHT BE ON THE OTHER SIDE.
OFTEN THERE WAS A TRADE OF KNOWLEDGE AND TECHNOLOGY. BUT SOMETIMES...
YOU MET FREAKS LIKE INDRID COLD.
RIGHT. THEY LEARN OF OUR DIMENSION AND WANT NOTHING MORE THAN TO DESTROY IT.
SO HOW DO YOU FIT INTO ALL THAT?
I WAS AN AMBASSADOR.
I WAS THE ONE WHO LED INDRID COLD HERE.

LET ME THROUGH!
HEY! YOU'RE NOT SUPPOSED TO BE HERE!
YOU! WHY AM I NO LONGER ON THE TEAM!?
IT'S OKAY, LET HIM PASS.
THERE'S SOMETHING I SEE IN THESE THREE. SOMETHING I TRUST IN. BUT WITH YOU...
I SEE NONE OF THAT.
I SEE SELFISHNESS. I SEE THE DESIRE TO HURT.
THERE MAY COME A TIME I CAN USE THAT. THIS ISN'T IT.

FROM BEHIND ARTHUR STEPPING ONTO THE ELEVATOR, TURNING TO FACE US AS THE DOOR STARTS TO CLOSE, FINALLY REVEALING HIS LOOK—

Green hair slicked back like one of the Wall Street assholes he killed... White grease paint smeared over his face... red nose painted on... blue peaks over and under his eyes... his mother's red lipstick crudely outlining his smiling mouth... Under the harsh flickering fluorescent lights, he looks like an insane version of his mask.

Ding. And as the door closes on his new face, again we HEAR the banging opening of Gary Glitter's "Rock n' Roll" but this time it's "Part 2", the instrumental version—

EXT. STEEP STAIRWAY, TENEMENTS—LATE AFTERNOON

ARTHUR, NOW "JOKER" DANCING HIS WAY DOWN THE LONG STAIRCASE, doing his own Bill "Bojangles" Robinson stair dance... Skipping and twirling down four steps, dancing and singing along to the music in his head (and on the soundtrack)...

Rediscover Todd Phillips' Joker with this deluxe edition of the screenplay.

Experience an original vision of the infamous DC villain in this origin story infused with, but distinctly outside, the character's more traditional mythologies. The acclaimed and evocative cinematic depiction of Arthur Fleck's descent into madness is a soulful, allegorical character study that continues to captivate Batman fans and movie lovers alike.

Now you can revisit and explore the narrative at your own pace with this unique and exclusive edition of the Academy Award-nominated screenplay. Complete with film stills, *Joker: The Official Script Book* definitively chronicles the vision of screenwriters Todd Phillips and Scott Silver as they reimagined this notorious DC Super-Villain.

The clock is ticking in the fourth and final issue as private detective Randall Halsey races to stop a killer and save Veronica from spending her eternity trapped in the walls of the Argyle Hotel. Having been unable to escape Belsario's henchmen, Halsey is now set with a whole new challenge, attempting to rescue someone who asks for no help while continuing to believe, against all odds, that even after dying, he can save the day.

Three Days of Peace, Music and Blood

A wickedly sharp reimagining of the Dracula myth, Woodstake unfolds against the legendary Woodstock festival of 1969. When a vampire crashes the Summer of Love, hippies, music lovers and anti-war protestors face three unforgettable days chaos and blood. Blending gothic horror, biting satire, and ’60s nostalgia, Woodstake is a wildly original, darkly funny spectacle brought

ZICKY: WRATH OF THE RAT KING (TPB)

N°1	$18.99	PAGES: 160	RATED ALL	ACTION / ADVENTURE

WRITER: DARIN S. CAPE
MANGA ARTIST: ZENO DECRUX
REAL WORLD ARIST: HIORSH GABOTTO

Zicky: Wrath of the Rat King is a fast, funny, manga-inspired graphic novel that blends fantasy adventure with heart, humor, and family appeal. When a cheeky underdog hero is pulled into a world of monsters, doppelgängers, and an army of rats, Zicky must rely on wit, courage, and unlikely friendships to survive. Bursting with kinetic action, playful mischief, and relatable growing pains, Zicky is a perfect gateway to manga for younger readers and a joyful, high-energy adventure for kids, teens, and families alike.

SHP's new Zicky title manages to recall the best parts of classics like Little Nemo, with a whole new take on western comics and a manga influence.

— School Library Journal's Good Comics for Kids

Zicky deftly employs two different artists to reflect how the narrative slips between fantasy and reality...smashing expectations, springing surprises, and keeping the pages pleasurably turning, all while grounding the chaotic story in the growing pains of children and the anxieties of the adults raising them. — Booklife/Publishers Weekly

Cape's story is endlessly entertaining. Decrux and Gabotto's vibrant illustrations wonderfully combine gleefully exaggerated action sequences with nuanced touches. Comedy reigns throughout...Delightful and rib-tickling. — Kirkus Reviews

Zicky is funny, sweet and definitely nods to Calvin and Hobbes. I am adding it to our collection and have spread the word to my fellow comics librarians!
—Jackie Bush, Teen Services Librarian, Stratford Library Association

A manga graphic novel of surprising verve and sophistication.

NEW AGENTS. NEW MISSION. NEW BEGINNING.

From *New York Times* best-selling cartoonist and multiple Eisner Award nominee Matt Kindt (*BRZRKR*, *Dept. H*), the defining statement on psychic espionage returns with an all-new, entirely self-contained entry point into the genre-bending, Eisner Award–nominated series that *Entertainment Weekly* calls "one of the most experimental and fascinating books in mainstream comics."

Ten years ago, the extra-governmental agency known as Mind Management exploded in a barrage of bullets and brain matter. Those that survived have gone underground—forging new lives with unremarkable identities and falsified pasts to obfuscate the strange abilities that once made them highly prized assets in the global war for psychic control. Now, two investigators—Detective Delphi and Detective Swan—have found themselves at the center of an unexpected puzzle. Here: A man poisoned in a coffee shop with a sophisticated neurotoxin. There: A supposed suicide victim run over by a train . . . with his arms found in a trash can five miles from the tracks. Their connection: Someone is killing former Mind Management agents in improbable and arcane ways . . . Seemingly impossible crimes committed by a faceless killer capable of evading even the most pervasive digital surveillance. What secret are they killing to protect? Who will be next? Has Mind Management returned? Did it ever go away? You are paranoid . . . but are you paranoid enough?

Imagine a universe where universities exist to not only train future masked vigilantes to manage their superpowers and develop their heroism, but to master their image in the media. This is the world of *Freaks' Squeele*. You'll meet Chance the demonette, Shadow the werewolf stuck in his animal form, and Xiong Mao, the model student who has no powers but is a hard worker. At the Academic Faculty of Hero Studies, these three first-year students will discover the joys of university life, the merciless competition of other students, sadistic professors, and the stress of exams.

Part *X-Men: Academy X*, part *Dungeons & Dragons*, this celebrated series by author Florent Maudoux is a unique blend of manga and Western comics, which has spawned multiple spinoffs in its native Europe and beyond.

The Beast has been captured and finds himself in the pound, waiting to be transferred to Antwerp Zoo. Little François hasn't given up on helping him—but how? He doesn't yet know it, but he can count on the help of class bully Fut-fut, who is starting to feel remorseful for having harassed his classmate. However, he will have to be wary of Professor Sneutvelmans, an undisputed expert in cryptozoology (a new scientific discipline of his own invention) who is convinced that the strange animal is proof of an ancient myth. Everyone will embark on a vast chase through the streets of Brussels.

The conclusion of this two-part novel by renowned author Zidrou and celebrated gallery artist Frank Pé features spectacular scenes full of nostalgic melodrama. A heartwarming, unforgettable story that is visually well-realized.

"Come along with Pizi, Toot, Heidi, and George, and let your own astronaut training begin! You'll meet the heroes of spaceflight, from alchemists in first century China to today's NASA scientists. You'll learn about the hazards of space junk and how microgravity affects the body. Nobody knows what the future will bring or everything you'll need to know to be prepared. But your time to join this spaceflight story is now."

—Dr. Marc Kuchner
NASA astrophysicist
Author of the *Cosmic Collisions* books

The Story of Spaceflight is a journey through humanity's quest to understand our place in the universe...and our struggles to reach the stars. Guided by the curious students of the London Academy of ideas and Ingenuity, readers travel through time and space to witness the evolution of spaceflight—from the invention of gunpowder in ancient China and early rocketry to Newton's laws of physics, the Wright brothers' first flight, the jet age, and the space race. They explore moon landings, space stations, and the bold dreams for humanity's future among the stars. Blending science, history, and imagination, this engaging tale brings to life the milestones that shaped our path into space.

Re-releasing the classic comic series in a larger format, with never-before-seen archival illustrations and scans.

Recently adapted for an animated Netflix miniseries, "Asterix and the Big Fight" is one of the most beloved stories of the fearless Gaul battling supposedly unbeatable odds to protect his tiny village from the Roman Empire. Now the story gets new prestige treatment with illuminating commentary and insights into the original story and illustrations.

The Romans are beginning to wise up! Instead of trying to conquer Asterix's village, the Romans challenge Vitalstatistx, chief of Asterix's tribe, to a "Big Fight" -- a one-on-one battle with the Gallo-Roman Chief, Cassius Ceramix of Linoleum. The loser forfeits his entire tribe to the winner! It should be an easy fight with Vitalstatistx's super strength -- but the Romans have a plan for that, too. Get ready for an all-out Gaulish brawl!

Certain that her long-lost brother is being held on the Dark Island against his will, Dessa hires a ragtag group of smugglers to take her there aboard their ship. But it's a journey fraught with danger and treachery, and the outcome seems less and less certain with each passing moment...

Maxwell Morgan is only twelve—but the fate of the world is already on his shoulders.

When his mother is possessed by Thuuna, an ancient primordial goddess with genocidal ambitions, Maxwell will do anything to save her. Even if that means making the worst decision imaginable: freeing Thuuna's immortal enemy, the long-imprisoned Ghraagg'endah—Gorilla God of Chaos.

Joined by his loyal French bulldog and four elemental-powered cave people, Maxwell must convince the volatile ape god to help stop Thuuna before she destroys the world—and claim his mom back from a deity that never forgives and never forgets.

A rollicking, all-ages adventure inspired by the bold spirit of late-'60s Hanna-Barbera cartoons, *Nothing Can Stop...The Ape!* is packed with cosmic gods, big laughs, high-stakes heroics, and Saturday-morning swagger. So pour a bowl of cereal, buckle up, and hang on tight—because once the ape is loose...nothing can stop him.

Earth 2103 — A large part of the world is underwater. Global warming and the sudden acceleration of the melting of the poles have caused a sharp rise in sea level, in the form of Three Great Waves which arrived unexpectedly.

These tsunamis not only flooded entire countries, but also wiped out telecommunications, agriculture, and energy production. Those who managed to survive must operate in a new and fragmented society of scarce resources — a dark age in which new powers emerge, such as the North African League, ready to conquer the part of Europe left on the water.

It is there that Jare, a young woman with hidden powers who lives in the Basque Archipelago, will find herself unexpectedly plunged into a world of dangerous intrigue that seeks to disrupt old balances and create new alliances.

WELCOME TO OUR DC COMICS DOUBLE FEATURE WITH OUR FIRST EVER ORDERABLE VARIANT COVER!

That's right! DC Comics is in a new golden era, in both quality and sales, initially built on their Absolute line, breaking decades-long sales records and frequently taking the #1 Publisher spot in market share reports, but with Next Level, Vertigo, and beyond, the glory is linewide. Why? Our theory is that the books are that great, the backlist is that strong, and the hits just keep coming.
So, let's feature two of them.

FEATURE ONE: SUPERGIRL & LOBO!

We feature two of the biggest characters in the DC Roster, both with contemporary and historical classics. What makes Supergirl and Lobo characters worth watching? How do they represent the contemporary DCU?

FEATURE TWO: THE NEW VERTIGO!

The new Vertigo line is wall-to-wall banger books by some of the best creators working in the industry. Their recent announcement of the expanded slate, including the return of *100 BULLETS* and new entries including but not limited to Darick Robertson's first-new Vertigo title in years on *NECRETACEOUS* with Tom Taylor, Mario Tamaki & Rosemary Valero O'Connell's *THE CRYING DOLL*, Simon Spurrier & Aaron Campbell's *A WALKING SHADOW*, and much, much more. We take a peek at how they built it and what's to come.

ALL THIS AND MORE IN EACH AND EVERY ISSUE OF COMICS! THE MAGAZINE – THE "LET'S ENTHUSIASTICALLY DISCUSS COMICS" REVOLUTION HAS ONLY JUST BEGUN!

COVER A - ROY ALLAN MARTINEZ - $4.99

Eternal horror fan favorite, the one and only Reggie Bannister of Phantasm fame comes crashing into American Mythology Comics with a chip on his shoulder and a bag full of one-liners, delivered as only the immortal blue-colored bad ass can in the company's new original horror comic – Catching Hell!

Armed with grit, scars, and a lifetime of bad decisions, Reggie works as a Hell-Tracer, hunting down renegade demons that have slipped through society's cracks. It's loud. It's brutal, and funny in a way only true horror fans will understand. Mixing the best of grindhouse and midnight movies, you won't find any monsters who sparkle here. Back in 1957, Ed Wood brought us a movie about aliens who tried to raise the dead to destroy humanity in order to prevent a galaxy destroying weapon that they believed we would one day create. This was *Plan 9 from Outer Space.*

Obviously, plans 1 through 8 failed, and (spoiler alert, but frankly the movie has been out for 63 years now, so there shouldn't be much to spoil) so did Plan 9. But what happened in the years since 1957? Did the aliens just give up? Were they going to cease their plans to stop us and save the galaxy? Of course not. Almost 60 years have passed, and in that time, they have attempted to destroy us nearly 50 more times, and humanity has become quite adept at fighting them off. But today, they are coming back for their 59th plan, a plan that is so nefarious, it just might work. Written by Michael Dolce and James Mascia, illustrated by Joaquin Gonzalez, and colored by Daniele Caramanico.

SNEAK PEEK!

Chapter Two:
"Why Comics?"

The first step in creating comics comes not from advice, anecdotes, or even technical tips about the craft.

Rather, it begins with a question you need to ask yourself:

Why comics?

I often get this question from people who question why I – a well-read, well-educated guy who is clearly capable of sufficiently stringing words together – chooses the comic medium to tell my stories.

I bring this up not out of narcissism, but, again, to ask you the same question.

Why comics?

If you've picked up this book, you can probably write, so why not just write *prose* stories rather than jump through all the necessary hoops to create fully realized comics?

(Unless, of course, you're one of those special people who can write *and* draw, dang you.)

The most common answer – the knee-jerk response – is usually something along the lines of *"Because I love comics!"*

(The second most common answer is, *"So it can be made into a movie!"* This response usually – but not always – comes from aspiring screenwriters or filmmakers laboring under the delusion that writing and producing a story in comic form will make it that much easier for them to pitch their idea to Hollywood bigwigs and then see it translated into film. If that's the case for you, then – as someone who has written both comics and screenplays produced by significant players in both fields – I can only offer you a sigh and a wistful pat on the shoulder. Good luck with that… you'll need it.)

Regardless of your intentions (for the moment), keep in mind that, in order to create comics, there are numerous steps involved. You will not only have to learn how to pace your story beats and characters' dialogue effectively but also how to write your

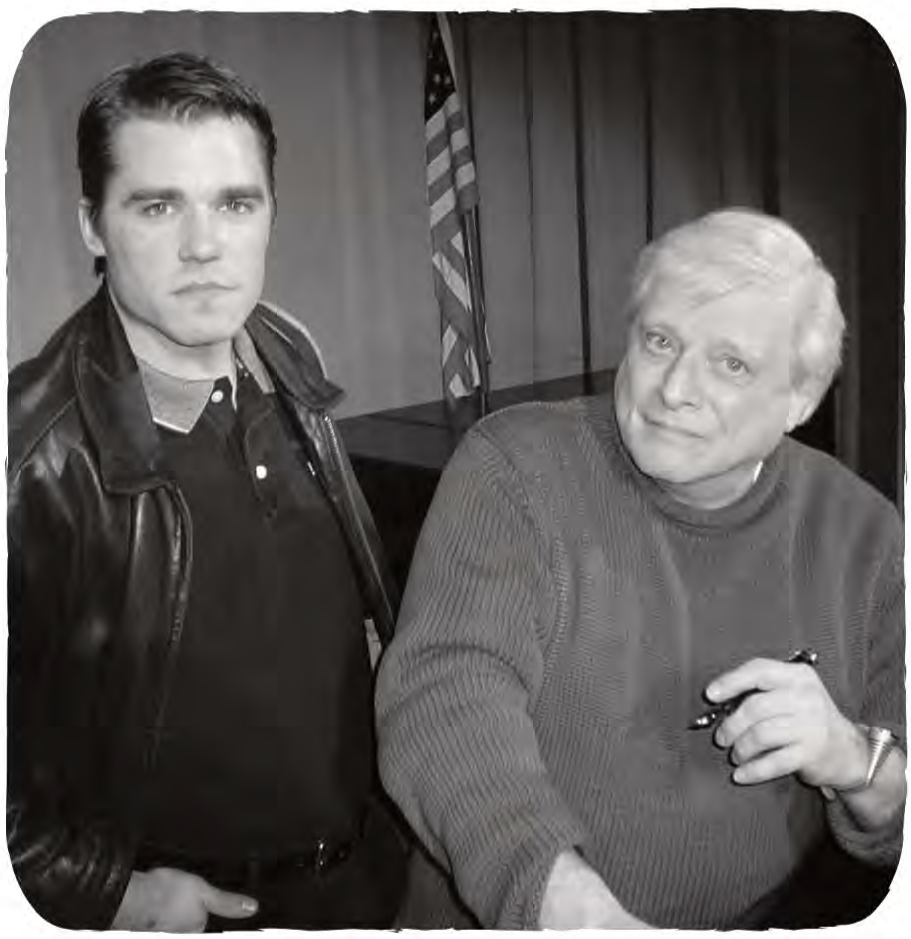
stories in script form (describing what's happening panel by panel). Then you will need to acquire an artistic partner (or, more likely, a team of artists) to work with you, and *then* (and only then) find a publisher who will release the work (which won't be easy) or partake in the long and grueling process of self-publishing (which is also not easy, but is at least guaranteed to result in an actual comic – if you follow all the way through with it).

Creating comics is not an easy task even on the best of days, and as I alluded to a moment ago, the chances are high that, as the writer, you will be the de facto production manager of the comic. This means that, even after you've written the script and sent it off to your art team, you'll still have to be involved with, and ultimately "approve," every step of the process: from layouts to finished pencils to inks to colors to letters to product design – and that's to say nothing of the actual production process, be it online, in print, or both.

On the other hand, when writing prose fiction (something else I also have professional experience in), you do the writing, send it to a proofreader/ editor, approve the changes (or not) … and that's it.

Unlike writing for comics, Prose writing does not result in the need for a huge team effort.

Mind you, I don't say this to you to discourage you or challenge your commitment to creating comics, but rather to offer you a very blunt "reality check" regarding what's entailed in the process.



Harlan Ellison *(seen here, possibly mildly startled, at a signing in 2005) is regarded by many fans, critics, and professionals alike as one of the best and most prolific American writers of all time with an awe-inspiring 1,700+ published works. While he wrote many essays as well as scripts for comics, TV, and film, the majority of his bibliography is short stories in the genre of speculative fiction. I believe one (of many) good lessons to take from Harlan's legacy is that professionally pursuing your passions can lead to prolific productivity.*

That's why I stress that you ask yourself this question:

Why comics?

Yes, you may love comics, and, much as in the real world, love is important – but it's not enough.

While I don't know your exact reasons for wanting to create comics, I can tell you of my own and why I've dedicated my writing career – and my life – to this very challenging (and ultimately very rewarding) medium of storytelling over all others.

For me, it's all about the storytelling opportunities that are exclusive to the comic medium.

At this point in my writing career, I've had my written work published in the form of reviews, interviews, columns, liner notes, essays, films, short stories, and comics. Of all of them, nothing fulfills me more as a writer than my comic work – despite it being the most labor-intensive process of going from story to finished product I've ever done.

I'm so accustomed to writing my stories in comic script form at this point that the beats, pacing, dialogue limitations/necessities, and such come very naturally to me, so that's *not* the reason the comic writing process is so "labor-intensive."

Rather, it's the fact that, as a writer of primarily creator-owned work, I am also the Production Manager of the work, meaning I am involved in every step of the comic creation process after the scripts are written. This is most likely how things will be for you, too, for quite some time.

It takes a lot of time, energy, stamina, and "soft skills" (aka "people skills") to do this successfully because, again, you will most likely have to be the head of a team of people who must all work together – or at least all work with *you* – in order to create a comic.

A common expression among several editors I know is that managing teams of people creating comics is like "herding cats," if that puts things in perspective for you.

(The exception to this "herding cats" scenario is if you're writing a comic script under a "work for hire" arrangement, in which case you most likely won't own the work. In a "work for hire" arrangement, your commitment will end when you submit the script to the editor or publisher, who will then handle the rest of the legwork in getting the comic produced and published (or not). Either way, you'll have the paycheck, but virtually no ownership claim on the work after it is finished, since – under the "work for hire" agreement – you sold it to the publisher.)

The late, great **Harvey Pekar** (if you don't know who he is, Google him – or better yet, get yourself to your local library and check out some of his books!) once said, *"Comics are words and pictures. You can do anything with words and pictures."*

That short but brilliant observation perfectly encapsulates my appeal to this medium of storytelling.

As you study comics and really start to get into the mechanics of telling your stories using interlocking combinations of words and pictures (something we'll do a bit in this book), you can – and hopefully will – discover the unique and complex way that stories can be told using the combination of static images, short snippets of dialogue, and limited prose narration.

Make no mistake, though, that both creating and reading comics takes a bit of practice to learn how to do effectively.

Sure, reading comics may come quickly to you as a lifelong (or at least longtime) fan of the medium. However, for newcomers reading comics, the combination and juxtaposition of words and pictures – and then processing how they work together to tell the story – can be a bit overwhelming.

(This is one reason I do *not* recommend that fans of comics try to start readers off with ***Watchmen*** by ***Alan Moore*** and ***Dave Gibbons.*** Yes, it's the ***Citizen Kane*** of comics, but if someone never saw a movie before and you wanted them to come to *enjoy* movies, would ***Citizen Kane*** really be the first movie you showed them? *Really?*)

It's also worth noting that this medium lends itself primarily to telling stories about superheroes (for various reasons). As a result, comics continue to battle the stereotype that they're all juvenile-geared stories about power-based, wish-fulfillment fantasies. This preconception is changing, inch by inch and year by year, as the power of comics continues to be discovered, promoted, and praised by mainstream media outlets… but it's still another factor to consider.

This, in turn, begs the following question:

Are you only interested in creating comics because you want to tell stories about superheroes?

Regardless of whether or not that's the case (and whatever your answer to that question is, it's not necessarily a bad one), it would help if you also kept in mind that there will always be a lot of people out there who will never read a comic, period, be it a superhero comic, a horror comic, a slice-of-life comic, a funny comic, a mystery comic, a science fiction comic, a crime comic or comic of any other genre.

No, these people still won't read it even after explaining to them every awesome thing that comics can achieve that no other form of storytelling can.

And that's fine.

(Heck, there are some people who, despite being fans of this very book, will never read my comic horror-based comic series such as ***Nightmare World*** or ***Tales of Mr. Rhee*** because they don't fancy themselves fans of horror comics. In this case, it doesn't matter that both series – and the other "scary" comics I write – are really,

GOLDEN AGE CLASSICS PRINCESS PANTHA HC VOLUME 1 Princess Pantha was a circus-performing wild animal handler, who went to Africa, in search of the legendary giant gorilla M'Gana for her act! She disappeared shortly after setting out – so Gilt-edge Gates, the owner of The National Circus hired Dane Hunter, a famous explorer to find her. After discovering her safari had been wiped out by an unknown hostile native tribe and she'd saved herself by using her ability to make an extra-loud gorilla call, which the natives mistook for the approach of M'Gana and fled. Princess Pantha had survived in the jungle for two months now, utilizing her animal skills, knowledge of jiu-jitsu and a few primitive weapons. Together Pantha and Dane remained in the jungle and continued there quest to capture the legendary giant gorilla M'Gana! Comic book stories from the 1940s and 1950s depicted some ethnic and racial prejudices that were once common place in American culture. One story "The Land of the Black Python" has been cited as an example of racial insensitivity, a white Princess Pantha taught black Africans to overcome racial prejudice in a near-classic example of "blame-the-victim" mentality! Such depictions were wrong then and are wrong today. While not representing the publisher's view of today's society, these stories are printed as they were originally created, because to do otherwise would be the same as claiming these prejudices never existed. By Alex Schomburg, Art Saaf and Ralph Mayo.

KARL THE VIKING VOL. I: THE SWORD OF EINGAR

WRITTEN BY
Ted Cowan

ILLUSTRATED BY
Don Lawrence

COVER ART BY
Don Lawrence

Originally serialised in Lion, Karl the Viking is a sweeping historical fantasy story of an orphaned Saxon boy, adopted and raised by the viking Eingar after his raid on Britain. Upon coming of age Karl succeeds Eingar and leads his tribe into battle in Britain against wild tribes of Picts, and re-connects with his old Saxon family, gaining an ally in his cousin Godwulf, and making an enemy of the Earl of Eastumbria.

These fast-paced stories were drawn by Don Lawrence shortly before he revolutionised painted comic art with The Trigan Empire, when he was already a master of pen and ink, and his Karl the Viking series was the pinnacle of black and white comic art.

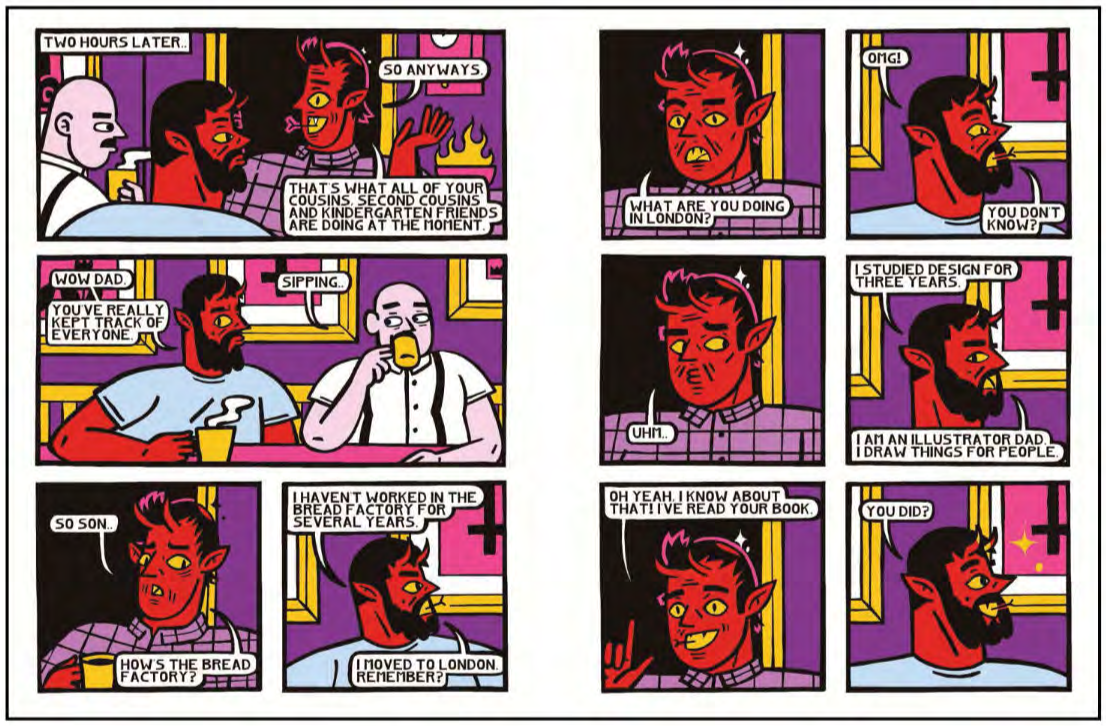
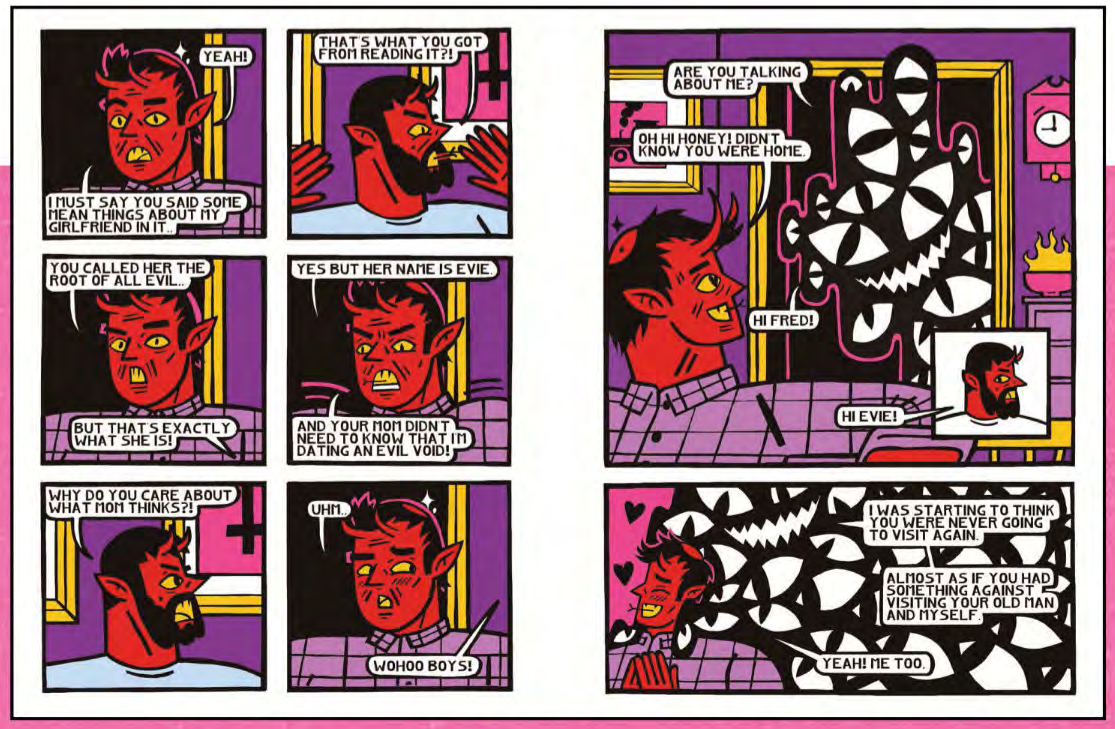
Comic Book
Mature Readers

Get ready for daddy issues, genitals, faggotry, and... Milk Farts?

Welcome to the the raucous, raunchy, relatable first chapter of Demon Faggots. The series follows the misadventures of a demon named Fred, his best friend Jonathan, and his overly sexual flatmate, Butt Daemon. Fred is heartbroken and recently graduated from art school. Butt Daemon is a horny critique of bad gays, our worst instincts on a high fibre diet. Insatiable, flamboyant, hairy.





Fredde Lanka is a gay Swedish proto-bear illustrating smutty, silly comics for the queer gamer generation who don't read Foucault. A university lecturer and youth worker with his own queer art school in London (Queer Youth Art Collective), Christian moms have warned that Lanka is teaching the children an 'asses up lifestyle'.

MUST-HAVE ITEMS THIS MONTH

Bryce Walker
Direct Market Coordinator

Hey all, Bryce here to introduce the April for June Shipping Catalog.

There's so many amazing titles in here but we have to shout about the fact that JOANNA TAN is back! That's right, Gun Honey is returning in GUN HONEY: DOUBLES DOWN. Bringing more charm, more action and some amazing covers. If those stakes aren't high enough for you, then try THE WAR OF THE WORLDS: THUNDER CHILD which expands on H.G. WELLS classic sci-fi epic, and the tale of the eponymous ironclad torpedo ram and it's crew.

As always we have some epic CONAN offerings, including Volume 1 of THE SAVAGE SWORD OF CONAN: REFORGED. And if that's not enough, one of the most acclaimed novels from Japan, Uketsu's STRANGE PICTURES has been adapted into a chilling unmissable manga.

Titan are always keen to work on exclusive store covers, so please get in touch if you are interested. I can be contacted at: bryce.walker@titanemail.com

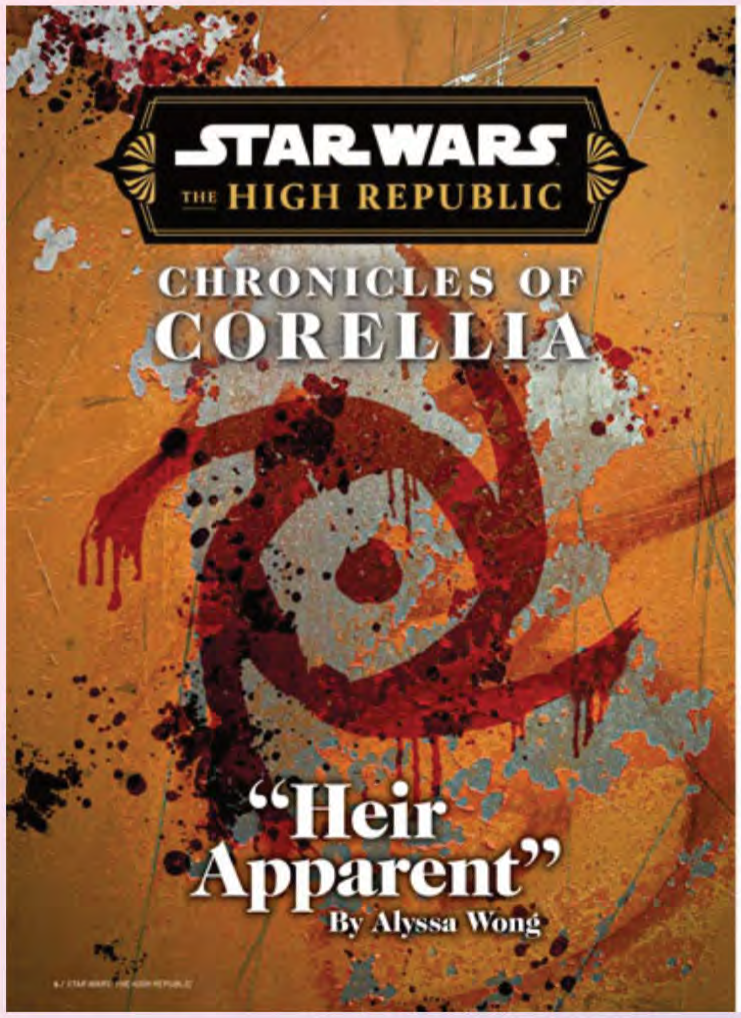
FEATURING 11 SHORT STORIES SET DURING PHASE III OF *THE HIGH REPUBLIC*

Following the **destruction of Starlight Beacon** and the expansion of Marchion Ro's **galaxy-splitting Stormwall**, the crew of the Aurie, a lone Republic Longbeam, find themselves lost in the Occlusion Zone. Meanwhile, a **Jedi Padawan** searches for a route through the **impenetrable barrier**.



STAR WARS: THE HIGH REPUBLIC

The walls of the abandoned, derelict apartment building reeked of old, stale smoke. As Krix Kanwat climbed the fire-damaged stairs, the scent grew stronger with every ascending floor. By the time he reached the highest level, five stories up, the smell was thick enough to choke on.

What was left of the structure was scorched and peeling away in chunks. Pieces of the collapsed roof littered the stairs and filthy floor. Krix picked his way around them, heading for the last apartment down the hall. He ignored the CONDEMNED BY ORDER OF CORONET CITY notice scrawled on the door and sauntered inside.

A single lantern lit the tiny, makeshift interrogation room, its faulty power cell buzzing and flickering like glowflies trapped in a bottle. Fist-sized noise-dampening devices were placed in each corner of the room. A section of the floor by the far wall had caved in, creating a vast, yawning pit that stretched all the way down to the ground level, five stories below. A Togruta man wearing Nihil gear, a patchwork of scavenged metal and leather armor, sat in a broken chair at the center of the apartment. He wasn't cuffed or bound to it.

He didn't need to be.

A teenage Lucern boy in dark clothing sat on a crate across from him, leaning close to the man and cradling the Nihil's face in his hands. He was slim and unassuming, slightly younger than Krix, and his pale, semi-translucent skin–even paler than Krix's human skin–glimmered with strange, blue-tinted iridescence. A silver-hilted lightsaber hung from his belt. A Nihil gas mask rested on his other hip. His white hair was tucked behind his ear, exposing his face. He gazed directly into the Togruta's eyes as the man twisted and sobbed.

The Nihil was a large, bulky man with a powerful build and long white-and-blue-striped lekku. But his orange skin was ashen and sickly. Sweat poured down his face, staining his shirt, and his expression was wild with terror.

"It's alright," the Lucern boy said softly. "Just tell me what I want to know and this can end."

"He won't be telling you anything like that, Ruu," Krix said, leaning against the door frame. He couldn't keep the sneer off his face. "Look at him. He's barely conscious."

Ruu's gaze flickered toward Krix, and for a dizzying, sickening moment, Krix saw what the Togruta saw: Ruu's eyes were an endless black expanse, like the cold void of space. His myriad white pupils clustered and stretched into horrible holes; they seemed to ooze beyond the confines of his lower eyelids,

A single lantern lit the tiny, makeshift interrogation room, its faulty power cell buzzing and flickering.

dripping down his cheeks like molten wax and warping the air around his face. A wave of instinctive horror, disgust, and vertigo hit Krix, and his stomach lurched violently–

And then Ruu blinked and his eyes were normal again. His white pupils were small, speckling his black sclera like stars. "Where have you been?" he asked flatly. "You're late."

"Late's a matter of opinion," Krix said. He wiped his sweaty palms discreetly on his trousers. *Those karking Lucern eye tricks.* "I walked the building's perimeter. No one else is around."

"People think this area of Coronet City is haunted," Ruu said. He rarely spoke without his boss, Crash Ongwa, or her girlfriend, Svi'no Atchapat, present, but when he did, his voice was quiet and deliberate, as if every word cost him. "A deadly fire swept through the neighborhood a few years ago. Folks say that if you listen at night, you can still hear ghosts crying."

That was why they had chosen to hold the interrogation here. Even if the noise dampeners failed, no one would think twice about strange sounds coming from the building.

"I still can't believe your boss signed off on this operation," Krix said, walking toward Ruu. The burned, rotted floorboards creaked uneasily with each step. "It's a little brutal for her taste, isn't it? I didn't think she had it in her."

He smirked. "But then you never thought she'd make you work with a Nihil, did you?"

Ruu's hand twitched toward the lightsaber on his belt.

Like many Jedi Padawans, Ruu had lost his master in a battle against the Nihil. One less Force-using abomination in the world, Krix thought with satisfaction. It was a shame Ruu hadn't died, too. But if his master was anything like the Jedi who had stolen away Krix's beloved Zeen–

Well. That Jedi had gotten what she deserved.

"You're very lucky," Ruu said. He rose to his feet, unfolding with lethal grace. Standing face-to-face, he was a hair taller than Krix, though not as broad in the shoulders. His voice was as soft as ever. "Crash asked me not to kill you as a favor. That's the only reason you're still breathing."

"You're always so obedient to her." Krix mocked. "Some Jedi lessons are hard to shake, huh?" He nodded at the Nihil man in the chair. "Let's not get distracted and forget why we're here. You've had your chance. It's my turn."

Krix dragged another discarded chair over, flipping it backward and setting it in front of the shivering prisoner. He sat and rested his elbows on the top rail. "Hello, Haakon Pav," Krix said pleasantly. "Do you know who I am?"

"Make him stop," Haakon muttered over and over, his breath short with panic. "Make him stop, make him stop, make him stop." His eyes were glassy and he didn't seem to register Krix's presence.

THE CRISIS COMPANION

From Flash of Two Worlds to Infinite Earths and beyond, by KEVIN MILLER

In 1985, **DC COMICS** launched the most ambitious crossover event in comics history: **CRISIS ON INFINITE EARTHS**. Four decades later, filmmaker and lifelong comic book fan **KEVIN MILLER** unpacks the tangled web of continuity, creators, and corporate pressures that gave rise to this multiverse-shattering epic. **THE CRISIS COMPANION** is both a personal love letter to the series and a deep dive into its history, from the classic 1961 Gardner Fox "Flash of Two Worlds" story that introduced the concept of multiple Earths, through the annual **JUSTICE LEAGUE/JUSTICE SOCIETY TEAM-UPS** that led to the complicated DC continuity that Crisis aimed to fix. This book features original interviews with **MARV WOLFMAN, PAUL LEVITZ, JERRY ORDWAY, BOB GREENBERGER, MIKE DECARLO, PETER SANDERSON, ROY THOMAS, CARY BATES, DAN JURGENS, MIKE GOLD,** and others who helped shape the series and the DC Universe itself. It explores how *Crisis* transformed our perception of comics continuity, redefined superhero storytelling, and introduced the multiverse concept to mainstream culture. This richly layered volume includes a full-color gallery, and a detailed, issue-by-issue commentary and examines the event's far-reaching consequences, from the rise of endless reboots to the dominance of event-driven publishing. Whether you're a casual fan or a full-fledged "Crisisologist," this is the definitive companion to one of the most influential comic book series ever published!

AMERICAN COMIC BOOK CHRONICLES: 1940-44 (New Printing)

by KURT F. MITCHELL with ROY THOMAS

HARDCOVER	$49.95	288 PAGES	FC	STD.
0825TM1171	Previously solicited			

The **AMERICAN COMIC BOOK CHRONICLES** series of FULL-COLOR HARDCOVERS documents every decade of comic book history from the 1940s to today! This volume spotlights the "Golden Age" of the comic book industry, covering the earliest adventures of Batman, Captain Marvel, Superman, and Wonder Woman; and America's entry into World War II was presaged by the arrival of **WILL EISNER**'s Uncle Sam, **HARRY SHORTEN** and **IRV NOVICK**'s The Shield, and **JOE SIMON** and **JACK KIRBY**'s Captain America. It also saw the debut of a fumbling red-haired high school student named Archie Andrews, but most of all, 1940-44 was the age of the "packagers" when studios headed by men like **HARRY A CHESLER, WILL EISNER,** and **JERRY IGER** churned out material for new comic book companies that published genres from funny animal stories to crime tales to jungle sagas to science-fiction adventures. Taken together, the **AMERICAN COMIC BOOK CHRONICLES** series forms a cohesive, linear overview of the entire landscape of comics history, sure to be an invaluable resource for ANY comic book enthusiast!

A headless busty blonde, a face—stealing psychopath, a sleazy serial—killer sculptor, a horny handsome hunchback, a vengeful caterpillar cuckold, a torturous hangover in the pits of hell. Welcome to the raunchy and gristly world of FACE MEAT, from the decadent imagination of outlaw polymath Bonten Taro—ex—kamikaze, ex—yakuza, singer, songwriter, actor, world—famous tattooist, husband of seven, and underappreciated pioneer of "pinky violence" femme fatales and adult horror manga. While Mizuki Shigeru and Umezz Kazuo were paving the way for horror in shonen and shojo magazines in the 1960s, Bonten was secretly doing the same in erotic men's rags—and the results are as trashy as you'd expect. With an essay by Bonten booster and B—gekiga expert Kunisawa Hiroshi, FACE MEAT includes fourteen hair— and pants—raising stories that have never before been assembled under a single cover in any language! FACE MEAT is the fourth volume of SMUDGE, a line of vintage horror, occult, and dark fantasy manga, curated and translated by award—winning historian Ryan Holmberg.

Dare to read the psycho—horror classic that horror manga master Ito Junji called a "frightening but moving story about an unfortunate individual who, lost in search of his true self, finds his own annihilation instead." Little Tetsuo is a wimpy mess. His parents don't love him. He meets the beautiful Kimiko, an ailing teenage girl obsessed with movies and mayhem in equal amounts. She doesn't love Tetsuo either, or anyone other than herself. But she needs him. So Tetsuo becomes the man she wants—the monster she wants. He becomes HER FRANKENSTEIN! Originally published in 1986, Kawashima Norikazu's HER FRANKENSTEIN marks the bizarre and sadomasochistic finale to a cult era in Japanese horror comics. A few years after it was published, the author burned all of his artwork and abandoned Tokyo, never to be heard from again! HER FRANKENSTEIN is the inaugural volume of SMUDGE, a line of pulp, horror, and dark mystery manga, curated and translated into English by award—winning historian Ryan Holmberg.

Raw, bare-boned, scathingly funny dispatches from the renowned comic diarist Gabrielle Bell, with biting cultural commentary mixed with her signature introspective, self-deprecating humor, and surreal digressions (from car-driving bears, through Zombie Apocalypses, to cute babies, and . . . more bears!) as she visits France, Sweden, Switzerland, Norway, Colombia, back to Brooklyn, and finally landing in upstate New York. In Truth is Fragmentary Gabrielle Bell proves she can be . . . funny!

Gabrielle Bell was born in England and raised in California. Her work has been selected for the 2007, 2009, and 2010 Best American Comics and the Yale Anthology of Graphic Fiction, and she has contributed to McSweeneys, Bookforum, the Believer, and Vice. The title story of Bell's book, Cecil and Jordan in New York, has been adapted for the film anthology Tokyo! by Michel Gondry. Her latest book, The Voyeurs, was selected as one of the top five graphic novels of 2012 by Publishers Weekly. She lives in Brooklyn, New York.

Refreshingly revelatory and charmingly accessible, this book follows up the previous autobiographical comics Lucky and The Voyeurs and easily solidifies Bell's reputation as one of the greatest autobiographical cartoonists working.—Publishers Weekly, Starred Review

"I loved it… gorgeous, inventive & strange." – Paul Pope

UK In a Bad Way And Other Stories is the long-awaited first collection of comics by award-winning writer/artist James Harvey (Masterplasty, Doom Patrol, Phoo Action and Lifehouse for comics, Love Death + Robots and Metal Gear Solid for screens). The collection includes his graphic novella UK In a Bad Way (a riot of punk energy and razor-sharp satire), Luigi Mode (a prophetic dystopian farce), and Masterplasty, his scabrous sci-fi debut that tears apart the world of cosmetic self-perfection and self-destruction. The other stories go even harder— expect sex, rebellion, and corrosive social commentary. Backup strip by Brandon Graham. Foreword by Italian comics legend Igort.

I ain't putting this on [redacted] Amazon! They once sent me an "adult toy" even though I didn't order it and my wife didn't believe me! Yeah, that's my name on the box and yeah, that's my credit card info but my brother probably took my wallet at Christmas and did it!
