IN A WORLD SHAPED BY HUMAN MINDS, THE GREATEST THREAT IS WHAT WE REFUSE TO FACE.

Earth has collided with an alien dimension. Reality is no longer stable — it fractures, reshapes, and bends to the minds of the few survivors left behind. Essentials Vol. 1 follows scientist Harris Pax as he navigates a world where human thought creates entire realities, and survival depends on confronting the illusions people build to avoid the truth. With the help of two alien “guides” — Buttons, inhabiting a dead woman’s body, and Cog, trapped in a toy robot — Harris races to find survivors before the same forces that shaped their worlds, destroy them. Blending large-scale science fiction with psychological and philosophical stakes, Essentials explores what remains of identity, truth, and meaning when reality itself can no longer be trusted.

THE BELOVED DUPLICATE GETS HIS DUE!

When the Ko-Dan Armada sent an assassin to kill small-town boy Alex Rogan, it was Alex's simuloid duplicate "Beta" who saved the day, sacrificing himself to convince the Ko-Dan that Alex was dead. The move bought the Last Starfighter valuable time—enough to sabotage the Ko-Dan mothership and save the planet Rylos.

That's been the story for forty years. Now, the original film writer Jonathan Betuel joins a star-studded creative team to reveal Beta's true fate! Beta survived the Ko-Dan assault, but he's not the only alien entity left on Earth. And with Alex far away, Beta's stranded and alone. Can an organic robot with no orders to execute find his own purpose on an alien planet? Not if the Zando-Zan have anything to say about it! A hilarious and heartwarming one-shot from writers Benjamin Raab and Deric A. Hughes (Syfy's *WAREHOUSE 13*, The CW's *ARROW*, NBC's *QUANTUM LEAP* & more) and artist David Cutler (Marvel's *Voices*, *Giant-Size X-Men: Thunderbird*), and a can't-miss installment in *The Last Starfighter* mythos!

TERROR CAN'T BE CONTAINED!

For 20 years, Jules has been hiding from her past. As the only survivor of the Hammer Head killing-spree, she carries the guilt and trauma of having watched as everyone she loved was brutally murdered. Every couple of years, Hammer Head rises from the dead to continue his reign of terror anew, and with each repeated massacre, Jules falls deeper into the warm embrace of her own dark coping mechanisms. When she's thrown into prison with no trial and no hope, Jules finds herself part of a dark ritual built to force her back into the past that she's spent her life trying to escape.

Co-creators, writer Ed Brisson (*Predator*, *Old Man Logan*, *Ghost Rider*) and artist Damian Couceiro (*Wolverine & Kitty Pryde*, *X-Force*, *Old Man Logan*) team up once again to bring you the ultimate horror throwback.

A sleepy 1980s town is stalked by a masked slasher at the height of the Satanic Panic, where every heavy metal record, *Dungeons & Dragons* campaign and teenage outsider is treated as evidence of devil worship. As fear spreads and bodies pile up, three local misfits become the prime suspects in a series of gruesome murders. Join D&D geeks and Ozzy enthusiasts Naz, Sal, and Terry as they race to clear their names, survive an increasingly blood-soaked town and unmask the real killer before paranoia claims more innocent lives. But in a community eager to blame the weird kids, proving their innocence may be deadlier than facing the murderer. From Ringo Award and GLAAD Media Award-winning writer Matt Miner (*Poser*, *Young Men in Love*, *Critical Role: Vox Machina Origins*) and artist Clayton McCormack (*Batman: White Knight Presents – Generation Joker*) comes a brutal new horror series that blends slasher terror and the paranoia of the Satanic Panic into one unforgettable nightmare.

FLASH GORDON: CLASSIC COLLECTION HC VOL. 8

AUTHOR: DON MOORE
ARTIST: AUSTIN BRIGGS

COVER ARTIST: AUSTIN BRIGGS

Escalating tensions between Flash and Ming threaten to bring about a full scale planetary war--and only Ming's estranged son-in-law Prince Barin can avert it.

This latest Classic Collection reprints all of Austin Briggs Daily strips from 1940 to Sept 1942, the period considered to be his most artistic peak, restored from the original tearsheets. Briggs was a master at clean and consistent brush work in his line art that rivaled any daily strip artists of the time. He had a solid grasp of the characters and the science fiction/fantasy atmosphere that Alex Raymond first created. This beautiful hardcover format does justice to the amazing artist's body of work on *Flash Gordon*.

THE MONDO ART OF GODZILLA

THE DEFINITIVE COLLECTION: A must-have for Godzilla fans and collectors, this book compiles Mondo's entire catalog of Godzilla artwork in a single volume, including some of the most highly sought-after pieces, such as Attack Peter's "Terror of Mechagodzilla" poster, Tom Whalen's "Invasion of Astro-Monster" poster, and James Groman's "Godzilla Vinyl Designer Figure."

BEHIND THE SCENES: Alongside the artwork, the book explores the origins of both Mondo and Godzilla, offering a concise look at Mondo's history and the iconic eras of Godzilla media that continue to inspire Mondo artists. It also features quotes and behind-the-scenes insights from the artists, designers, and creatives, providing a rare glimpse into the process that brings these legendary pieces to life.

FIRST ATTACK WAVE POSTERS AND MORE

Mondo's first wave of products in 2020 consisted of a variety of posters. These included Godzilla film posters from the different Showa, Heisei, and modern eras, as well as interpretations of Godzilla with several other *kaiju*. From the beginning, the style of each individual artist shone through. Godzilla and the other monsters still were clearly "on model" (a term used in licensing to describe whether a product or work fits within set parameters or style guides), but the individual artists' touches were plain to see. Each piece was unique in artistic technique, use of color, or overall focus.

Artists in the first wave of Godzilla posters included Italian comic book artist Francesco Francavilla; Godzilla comic book writer and artist Eric Powell; artist Tracie Ching, known for her alternative movie posters, books, and promotional work for clients such as CBS, Netflix, and many others; and acclaimed artists such as Paul Mann, Florian Bertmer, and the Phantom City Collective. Most posters sold out quickly, a testament to the high-quality screen printing and talents of each artist.

Follow the wisdom of the Owens sisters with this beautifully illustrated tarot deck inspired by Practical Magic and Practical Magic 2!

As Sally Owens once said, there are some things you just know to do: Always throw spilled salt over your left shoulder, grow rosemary by your garden gate, plant lavender for luck, and, of course, fall in love whenever you can. For the times when life looks a little less certain, though—and maybe when you want some assistance with all that falling-in-love business—look no further than a tarot deck approved by the Owens sisters themselves. These 78 spellbinding, beautifully illustrated cards feature key moments and characters from Practical Magic and Practical Magic 2, reinterpreted as Major and Minor Arcana iconography. From Jet Owens as the High Priestess, the beloved Owens house as the Tower, rosemary as Strength, and Gillian as the Star, each card can help you illuminate your goals, desires, and ambitions through the helpful lens of your favorite witchy sisters.

At Mended Hearts orphanage, Gage is just another forgotten child with a blank past and a vivid imagination. Haunted by dreams of faceless parents and tormented by bullies, he finds solace in the strange white rabbit that appears outside his window — leading him, one fateful night, to The Used Bookstore. Among the dusty stacks, Gage discovers a mysterious, barbed-wire-bound book with no description and a haunting cover: a weathered oak tree with a heart hanging from a noose. Its pages seem to know him, and when the final chapter is found blank, the line between fiction and reality begins to blur.

Transported into a surreal and decaying world where hearts hang from trees and a forgotten manor hides its secrets, Gage must navigate a dark fairy tale of twisted forests, strange allies, and cryptic truths. As the story unfolds around him, Gage realizes this isn't just any tale—it's his. And the ending isn't written... yet.

The best-selling Penthouse Comics returns for a bold new volume, bringing readers a new collection of comics, photoshoots, and unexpected surprises.

Synopsis: In Miss October, the mystery deepens as a serial killer continues targeting women and moving ever closer to Penthouse’s own Miss October. With Lieutenant Clegg’s investigation at a standstill, Viktor is forced to take a dangerous leap of faith to find the answers they need before time runs out.

This new volume also introduces two striking fantasy epics. Conquests plunges readers into a brutal ancient world where the Scythians, Sarmatians, and Atlantean sorcerers unite as the Horde of the Living, an unlikely alliance forged to challenge the arrogance and violence of a Hittite king.

In Layla, a fallen kingdom is pulled into chaos by a woman of impossible beauty and terrifying power. Grenoye, a young man known as Frog, is obsessed with finding the mysterious Layla after a chance encounter in the Scarlet Marshes. But he is not the only one drawn to her. King Ragnar Falx also seeks Layla, and the red Carbuncle stone she wears, a source of power that could bring assassinations, betrayals, war, and ruin to the kingdom.

Dark, seductive, violent, and fantastical, Penthouse Comics Year Two expands the world of Penthouse Comics with new stories of obsession, power, desire, and danger.
