-----	----------	---------	-----------	---------	--------

WRITER: KEITH FOSTER
ARTISTS: ED CONDON, NICO MIEREZ,
AND CARLO ROMERO
EDITOR: MIKE D. PERKINS

Series Description:

In Olympic National Park, animals have begun killing people, and it's up to Sheriff Bertrand to figure out why.

Last year, a hunter in Olympic National Park died from what an eyewitness insisted was a long-dead elk coming back to life in order to exact revenge. A bear stalked a camper with human intelligence and determination. Animals were killing people, and it was up to Sheriff Jack Bertrand to figure out why.

The "why" turns out to be a contagious virus that increases animal intelligence and ferocity, turning docile forest creatures into calculating killers. As Jack Bertrand and Wildlife Agent Dan Simmons frantically track the murderous animals, they find out the animals are tracking them!

EDITOR: MIKE D. PERKINS

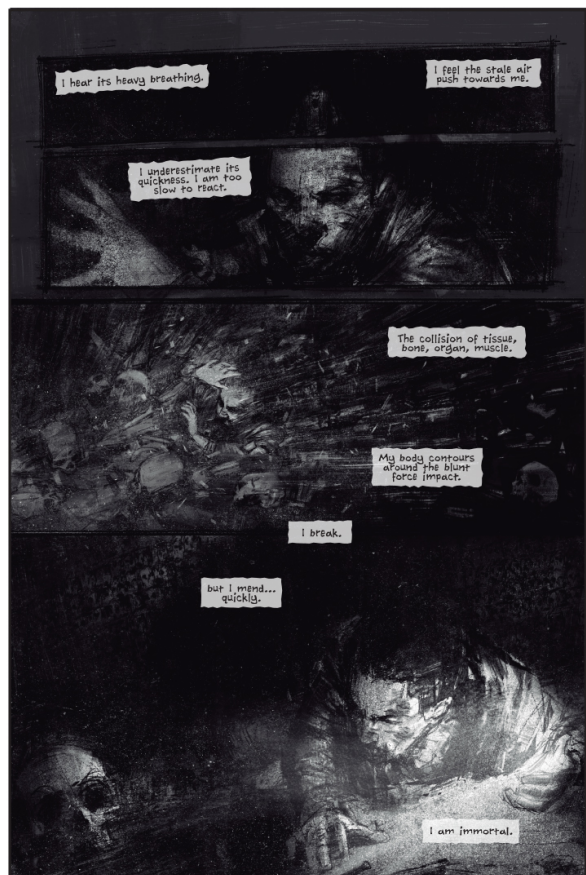

Series Description:

Part Highlander, part Constantine, part Hellboy, "Death's Immortal Hunter" follows The Hunter on his quest to rid humanity of the demons he himself unleashed. He can never rest, never stop, never relent ... until the job is done!

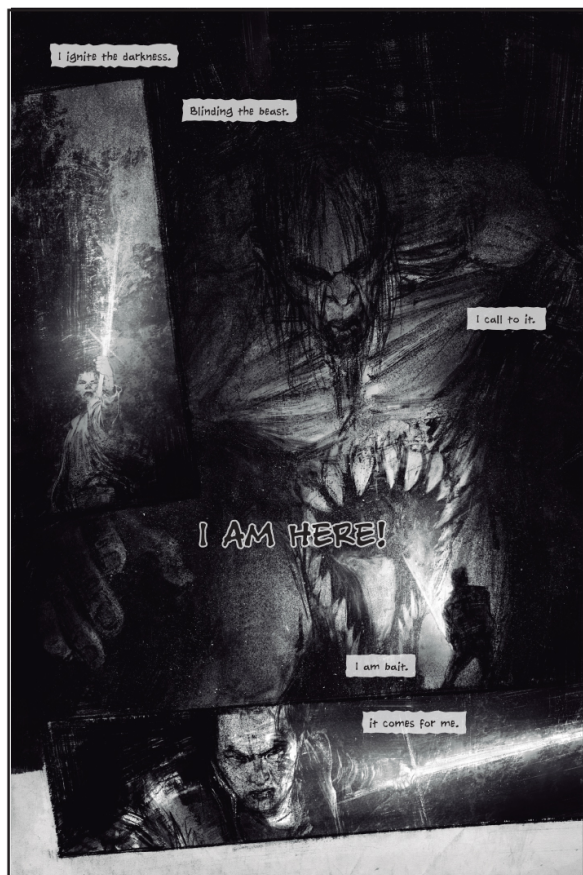

At the center of the story is the Hunter — a mysterious figure who, despite his noble intentions, has pierced the veil between life and death. This disruption has unleashed chaos, allowing both light and darkness to thrive without restraint. In response, Death — a literal entity — delivers an ultimatum: restore the balance, or face the Reaping, a cosmic reckoning that will reset existence itself.

Nearly a century after Earth fell to cosmic parasites, only the SAVAGER—Riley Phillips, a former secret service agent fused with a deadly alien—remains. Driven by vengeance, he roams the wasteland, guided by the voice within. Evading the Dwellers - the shells of dead humans hosting parasites - he tracks a human, Kiya, to the Nix, a vast underground refuge now reduced to a dozen starving survivors guarding a deadly secret. Fighting his parasite's urge to kill them, Savager agrees to help find a missing scout. But can he and Kiya locate him before the Dwellers rip the Nix's location from his mind?

TO SAVE YOUR CHILD, WOULD YOU DOOM ANOTHER?

A chilling Nordic thriller unfolds as PANICK ENTERTAINMENT presents BLACK DIAMOND, a gripping mini-series fusing Hitchcock’s psychological tension with the folk horror of The Wicker Man. Previously, a family’s ski trip turns into a nightmare when their son is kidnapped by a cult that sacrifices children to summon snow. The death cult now demands a female child. Victoria and Owen decided to do the unthinkable - they plan to kidnap one. The descent into terror continues in Black Diamond issue 3.

THE VIRTUAL PET THAT WANTS TO KILL 'EM ALL!

The hottest new original book of the year continues as it's become crystal clear that TAMA's a murderous beast. As TAMA's victims become more personal to Kit, can the grieving teen bring himself to turn off his furry fearsome "friend"? And what atrocious tragedy will occur this issue to someone dear to him?

"T.A.M.A. takes the best bits of Stranger Things – a blend of nostalgia and modern-age horror – and combines them with the kind of pot-broiling thriller that was popular around the same time as Pokemon's debut. The result is... a perfect '90s time capsule that stands the test of time."

SINS OF THE PAST DON'T STAY BURIED . . . THEY ALWAYS FIND A WAY OF RISING FROM THE GRAVE! From Eisner Award-nominated writer and master storyteller Rodney Barnes (*Batman: Full Moon*, *Killadelphia*) and phenomenal artist Elia Bonetti (*Death of Wolverine: The Logan Legacy*), enter a century-spanning tale of suspense and sorrow as true crime meets shocking terror inside an infamous asylum with a tortured past in this double-sized, 48-page debut . . .

Founded at the turn of the 20th century outside of Annapolis, Maryland, the Crownsville Hospital was a notoriously segregated, all-Black psychiatric institute. After decades of overcrowding and neglect—alongside darker, more-persistent rumors of patient abuse and illegal medical experiments—it was finally closed. Today, it stands condemned—a crumbling testament to a legacy of all-too-real terror inflicted on a marginalized and vulnerable community.

But even as a ruin of its former self, Crownsville still casts a long shadow. . . . When an unexplained death inside the abandoned hospital is ruled a suicide, Annapolis police detective Mike Simms and journalist Paul Blair are compelled to dig deeper, only to discover the reality of the horrors that once took place there . . . and the powerful connection they share to the anguished spirits of the dead that are still locked within its walls.
