## **FOREWORD BY BRIAN AUGUSTYN**

From the team who brought you *Long Ago and Far Away* (Chris Mancini, Fernando Pinto), *Rise of the Kung Fu Dragon Master* is an epic martial arts saga filled with action, magic, poor decisions, and of course... dragons.

Rick, a small-time crook in Los Angeles, becomes an unlikely hero in the mystical battle between good and evil which has been fought since the days of Ancient China. Rick is an angry, unfocused fight club member who is barely equipped to deal with...well... anything. As he is thrust into this ancient perennial battle, he must not only learn how to harness the power of the dragon, but to also finally deal with his own uncontrolled anger, which is clearly everyone's fault but his.

OUT OF THE SMOKING RUINS OF *RICK AND MORTY VS. THE UNIVERSE*, THE OMNIVERSE'S MOST DYSFUNCTIONAL PAIR OF SCIENCE ADVENTURERS IS ABOUT TO FACE THEIR BIGGEST, MOST INESCAPABLE ADVERSARY OF ALL TIME: THE END OF ALL THINGS . . . AND EACH OTHER!

Rick Sanchez, the most wanted man in this and every other universe, is on the run. With a bounty on his head, every government, military, pirate, mobster, bounty hunter, bail bondsman, religious institution, theater troupe, circus clown, and endangered species is on the hunt to bring in Rick—DEAD OR ALIVE. The only one who can bring Rick in warm is the one person who knows him best: Morty Smith. But Morty's not the only Smith hot on Rick's trail . . . "Space Beth" Smith is determined to bring Rick in, and she doesn't particularly care how. Now it's just a question of who can get to him first!

THIS TITLE IS NOT SOME KIND OF ARTFUL METAPHOR, FOLKS! After 10 years and 100+ issues, the beginning of THE END starts here as cosmic annihilators Daniel Kibblesmith (*Loki*) and Jarrett Williams (*Speed Force*) prepare to unleash a fantastically fatal finale for *RICK AND MORTY*!

## WHAT THE \$%& IS A BLIND BAG-LESS VARIANT™ COVER ANYWAY?

We're glad you asked, friend! Simple: It's the latest innovation in cutting-edge comic book marketing technology. You see, we here at Oni Press accidentally bent all nine copies of *Battle Dog* #1 that we hastily opened in the parking lot with our teeth. So we asked ourselves, "Surely there must be a better way?!" Enter: THE BLIND BAG-LESS VARIANT COVER—the most convenient, no-mess, no-fuss variant cover delivery system ever attempted. No flimsy plastic, no environmentally destructive waste—nothing to protect you from the raw comic book awesomeness of Rick and Morty teleporting back through time and space to hilariously deface four of their most iconic comic covers of the past decade, totally randomized in no particular order. Is this meta? We've never been exactly sure what that means, but sure . . . this is meta. We encourage you to ironically order 39 of these just to prove how meta it is.

In this year's giant-sized, 56-page tome of gruesomely gift-wrapped delights: We're tying perpetual naughty-listers David M. Booher (*Canto*), Melissa Flores (*Biker Mice from Mars*), George Northy (*Yuletide*), and Ben H. Winters (*Benjamin*) to the dried-out Christmas tree in the family parlor . . . and gathering 'round as artistic Tormentors-in-training Sami Kivelä (*Abbott*), Dan McDaid (*Shazam!*), and more surprise guests throw a few lit matches their way to get this old-fashioned solstice sacrifice started in style!

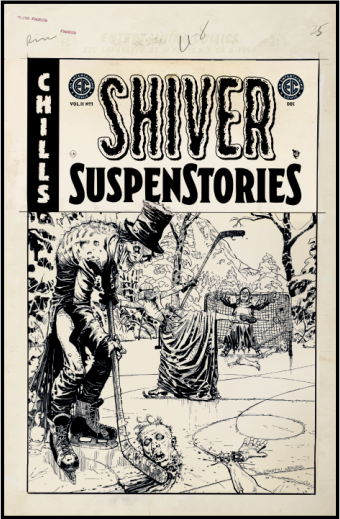

Yes, we know: It smells like dinner might be getting a little overdone! Never fear, because EC's newest annual tradition also comes complete with an extra-added EC Comics classic—newly restored back to its authentic original coloring! **A world of half-demons and the boys who love them await in this epic queer romance by creator Mari Costa (*Belle of the Ball*)!**

A half-demon socialite-turned-exorcist and his disgruntled bodyguard have no trouble facing down the hordes of darkness—but facing their feelings for each other? Well now, that's a whole different story . . .

Helianthes is a Cambion—a child born touched by demons. Horned, clawed, and tailed, Helianthes—Hell for short—is a devil-may-care exorcist whose devil-may-care attitude has succeeded in alienating those closest to him—all save for his long-suffering bodyguard, Elias, who sees him as less a strange, mythical being and more just a . . . nuisance.

Together, the two venture into the streets of a psuedo-remix Victorian London to exorcise demons (and maybe cause a little mischief along the way). But as Hell becomes increasingly drawn to his enigmatic bodyguard—and as Elias becomes increasingly aware of his feelings for his trouble of a charge—they find themselves faced with a growing, chaotic dark that might threaten everything they've been working toward . . .

The Night Mother...

...once a symbol of harmony between living and dead...

...has overstepped the bounds of her station.

Taking the souls of the living instead of the dead in her desire for power.

Thwarted though she was by her long-lost daughter, Maddy...

...who stole away the lantern of souls in hopes of saving her father.

...Maddy's hopes now appear dashed. Let loose on the moon toward an unknown fate...

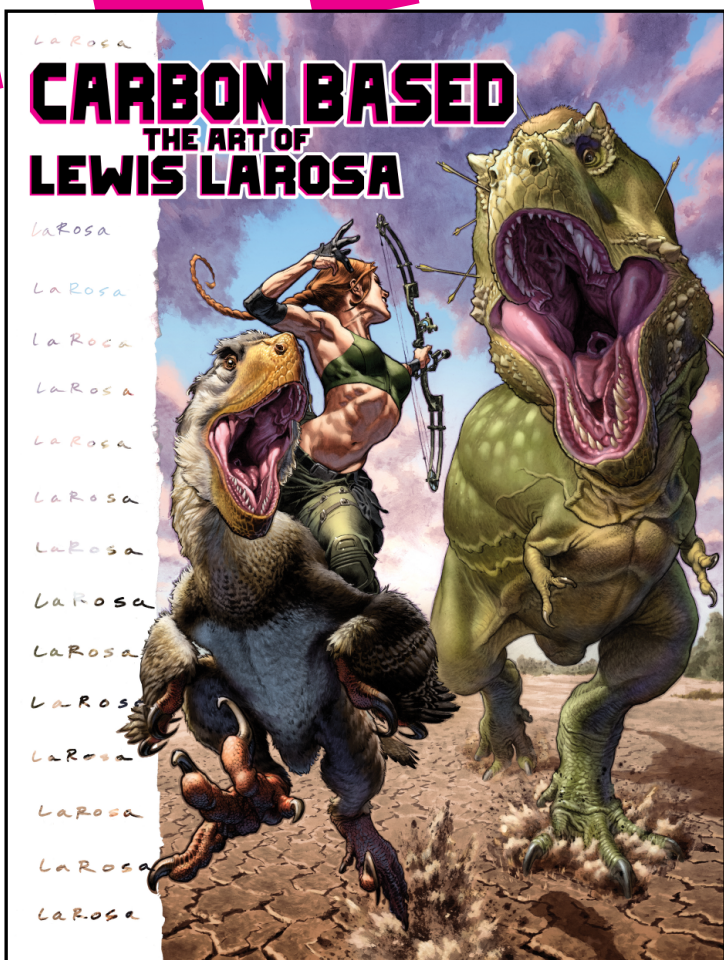

...with nothing but a broken lantern.

## ARTIST/COVER LEWIS LaROSA

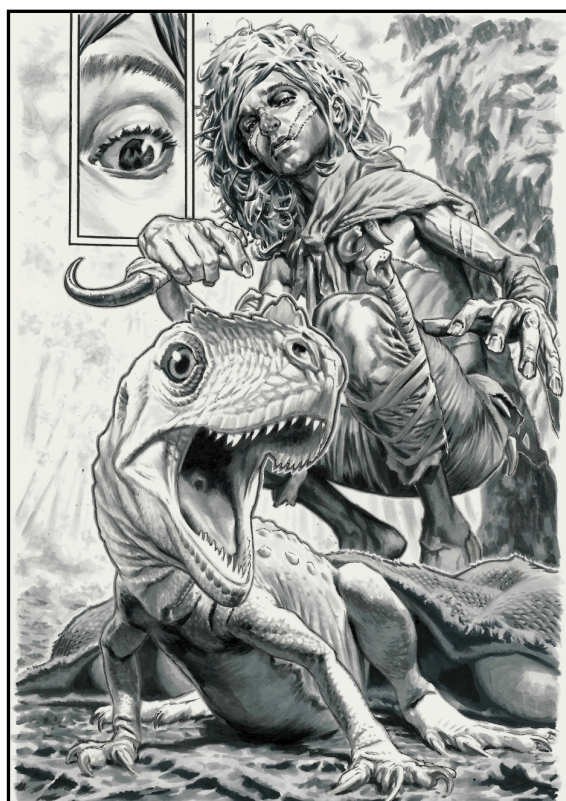

Since making his professional debut at the dawn of the 21st century, American illustrator Lewis LaRosa has defined himself as one of the most singular masters of the modern comic medium—fusing dynamic reference-based realism, stylized superhero storytelling, and a master's control of shadow and light to produce a wholly unique, jaw-dropping style that could only be called “carbon based.”

In this first-ever career retrospective—spanning over 250 pages of LaRosa's raw, unexpurgated line art in all of its painstakingly rendered intensity, alongside rarely seen character designs, concepts, and more from Marvel Comics, Valiant Entertainment, Epic Games, BOOM! Studios, Hasbro, Creative Beast Studio, and more—experience the artist's artistic evolution in all of its stunning detail from series including *Bloodshot Reborn*, *Divinity*, *Punisher MAX*, *Savage*, *Transformers*, and more.

**WRITER** JOANN SFAR  
**ARTIST/COVER** TONY SANDOVAL

What if dragons invaded Paris during the belle époque? Writer Joann Sfar and illustrator Tony Sandoval weave their imaginations into a canvas of adventures, battles, sacrifices, love, and humor. A folkloric, playful, and liberating journey, told in breathtaking, epic beauty.

Paris, 1900. For thousands of years, dragons have lived hidden from everyone, sealed in statues and gargoyles throughout the city. Legend has it that only the sacrifice of a being of great magic can protect Paris from their wrath and maintain their slumber. But when a roguish Hawaiian princess rescues a mermaid from suspicious danger, the malevolent shadow of dragons grows once again over the City of Lights. From the catacombs to the parvis of Notre-Dame, a romance is born under the awakening of a thousand-year-old evil.

And the first training sessions are not going to be easy. Even if Héléna has impressive strength, the level is high and the pace will be exhausting! In addition, one of her classmates, Soni, will prove to be a formidable opponent, both tactically and physically. While Héléna gains notoriety, she distances herself from Marco, spending less and less time with her old gang. Passion sometimes demands sacrifices.
