FIGHT THE FUTURE

Everyone knows the days of keeping unbagged comic books lying around are long gone – bags and boards are a forgone conclusion in this modern world of collecting. But what about when a bag and board aren't enough? Do you want to lie awake all night worrying that your comic is developing irreversible stresses that will reduce its value a thousandfold? You need something a little tougher to keep that comic safe, and IronGuard Supplies has just the thing. In addition to a full range of bags and boards in all sizes, IronGuard now offers comic toploaders, rigid sleeves that will keep your comic protected from even the most unforgiving longbox. 2064, Cape Town. Clouds roll down table mountain into the city bowl, letting the neon signs and burning lights take over for the evening. The Seawall keeps the tides at bay, the ramparts keep the townships out, but nothing keeps the bodies from dropping into the night.

One cussing, cursed SAPS Detective, Gung “Gunnie” Yan Fung, is on the case. But this murder’s not like others. It seems to expand everywhere, and even reaches into Gunnie’s own past. Getting to the bottom of this one is going to cost her. And Gunnie has nothing left to offer. From the Cape of Good Hope to the streets of Hong Kong, comes *Harpy*, a moody, retro futuristic detective mystery. A tale of belonging, of purpose and above all, of consequences.

HORROR MONTH

HORROR MONTH 2025!

People love to be scared, whether it be a shared story, a movie, a book, or our own beloved comics and graphic novels.

This month, we give in once again to the *Horror*... and let it take the whole month! Monsters, Murderers, Ghouls, Ghosts, Zombies and Experiments Gone Awry, no *thing* or subject is out of the realm of horror, even killer clowns or an all-weather steel radial on a rampage! We're still a few months away from Halloween, but it's never too early to dive into some spooky reading... or adding some monstrous goodies to your collector shelf! Right here in this very issue, our product experts have delved deep into the heart of *Horror* to find some of the best frights out there for our recommended reading list. You can find our team's suggested titles beginning on page 186! But don't forget to look lurk about this issue for the "Horror Month" icon for more tales to thrill and chill you!

PREVIEWS FROM THE EDITOR

THE HORROR... THE HORROR.

This month, as we do every year in **PREVIEWS**, we are focusing this month's theme on **HORROR**. Nobody likes a good horror movie or book better than me! I've been a horror fan and monster kid since, well, since I was a kid. And thank goodness there's been no *lapse* in the love of the creepy, spooky, terrifying and bone-chilling stuff that makes up the Horror genre.

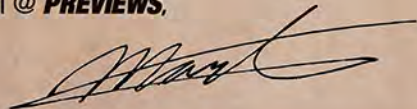

We set this month up now in July so that you and your favorite retailer can get ready for Halloween with our great selection of horror comics, graphic novels, books and collectible merchandise. It truly is a fangtastic feast for terror fans, and it all starts on page 186 with our **HORROR MONTH** spread, featuring a great selection of chillers to read. They're all horrible... in a good way though!

And be sure to flip the issue over to our MERCHANDISE side to check out the many **HORROR**-themed figures and collectibles we have to offer this month, including a special subsection of **JAWS** merchandise, and a subsection devoted to the **HORROR** genre with plenty of spooktacular collectibles!

Finally, if you missed the release of **THE GUNHAND #2** this past May 28th, and your local comic shop is sold out, fret not! Both versions — **COVER A: MATT PLOG (APR241234)**; **COVER B: BARRY McCLAIN, JR. (APR241235)** — are in stock and ready to ship!

That's all folks! We'll see you next month for the August issue!

BRENDAN COLUMBUS

Please tell us a bit about yourself!

I'm Brendan Columbus, I've been an absolutely gigantic comic book fan since getting into my dad's EC comics as a kid. Obviously shaped by *The Vault of Horror*, *Tales from the Crypt*, and *The Haunt of Fear*, I was obsessed with horror in comics, specifically ones with a clever twist. This led to the *Twilight Zone*, Thomas Liggotti, Junji Ito and culminated in my own comic, *Black Diamond* from Panick Publishing. I wrote some

comics over the years, but nothing as "distilled horror" as this one. I started in the film world but now have had about five years of writing comics under my belt and it's been eye opening. The close collaboration with the artists, the fast turnaround on ideas, and the sheer freedom you get in a panel... it's a dream come true!

What are your favorite projects you've contributed to over the past decade?

The biggest would be *Savage Circus* which I did with *Heavy Metal*, an eleven part comic that pulled together everything I love. A real adventure with killer animals, pages ripped from *Ripley's Believe or Not* and some insane illustrations by Al Barrionuevo. Another one I enjoy is the story "Werebear", featured in the collection, *Moon Lake*, by Dan Fogler. I wrote this one with the insane and insanely talented Dan. It's a crazy action take on *True Romance* with hybrid animals. Very fun, very chaotic. Both are about man-killing animals. I might have found a niche!

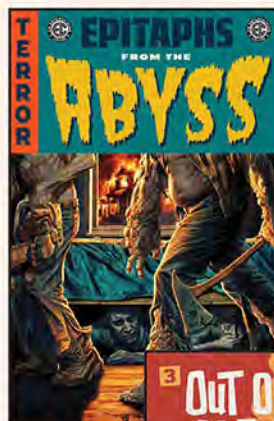

What are you currently working on?

I am currently in the midst of finishing *Black Diamond* (Issue #1 is offered this month!) and have been loving working on it so much, I couldn't help but start up work on a possible Volume 2! Details are sparse right now, but it may be moving to a bit of a warmer climate... I have a few scripts in the works I wrote for the screen, but I keep coming back to a few original comics that I wrote specifically for the medium. I hope I can get those out there as well.

What indie titles are you currently reading?

I have been absolutely loving *Epitaphs from the Abyss* (Vol. 1 / DEC247956), as an EC nut it's incredible to be getting new EC comics every month. I am about to go to Golden Apple and pick up *Out of Alcatraz* issue #3 (Cover B / MAR251526). I'm from San Francisco and this comic is just a great crime story. I can't put it down! Finally, everyone loves Image's *Department of Truth* but I just grabbed the first two *Assorted Crisis Events* they published, a fun almost weird horror anthology series. Really good.

USER'S GUIDE

There's a *lot* of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

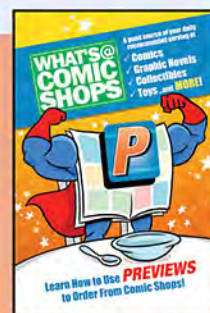

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

TWO HANNA-BARBERA ANIMATED SUPER-HEROES RETURN IN DYNAMITE'S *THE BLUE FALCON AND DYNAMUTT*

In the 1970s Scooby-Doo was paired with a new animated super-hero team as part of *The Scooby-Doo/Dynomutt Hour* — The Blue Falcon and Dynomutt! Millionaire art collector Radley Crown builds a robotic super-dog and equips himself with super-hero gear, and together as the Blue Falcon and the Dynomutt they are determined to banish crime from Big City!

Comics legend Jimmy Palmiotti and artist Pasquale Qualano reimagine this crimefighting duo for the 21st-century in Dynamite Entertainment's *The Blue Falcon and Dynomutt*. Delving into Crown's untold past, this new take on the animated series brings a grounded realism to these heroes, telling the never-before-told origin of the duo. Attacked by Big City's lowlife crime, his beloved dog badly injured, Crown is determined to clean up the streets and avenge himself and his dog on the thugs who shattered his life!

It's a bold new beginning for a beloved Hanna-Barbera series this September in Dynamite Entertainment's *The Blue Falcon and Dynomutt*!

UNCOVER THE SECRETS OF A LEGENDARY VAMPIRE IN ABLAZE'S *THE BOOK OF NOSFERATU*

One of the most influential films of all time, F.W. Murnau's *Nosferatu: A Symphony of Horror* is a masterpiece of cinematic horror. An unauthorized adaptation of Bram Stoker's *Dracula*, which resulted in the film's near destruction, *Nosferatu* tells the chilling tale of Count Orlok, a vampire who terrorizes the German town of Wisburg. Ablaze delves into Orlok's past in the Carpathians in Michael Moreci and Todor Hristov's *The Book of Nosferatu*. When his wife vanishes and the people in his town deny that she ever existed, a man named Emil takes it upon himself to find the horror he knows took her, a horror that lives in the woods, a horror known as Nosferatu.

In *Ghoulies*, writer/director Theo Lemasters teams with artist Emanuel Tommarelli introduce readers to a group of teenagers who, in true teenager fashion, meddle with dark magic beyond their comprehension and accidentally summon demons that menace their community. THE BLADE RUNNER: BLACK LOTUS ANIME CONTINUES IN TITAN'S LAS VEGAS

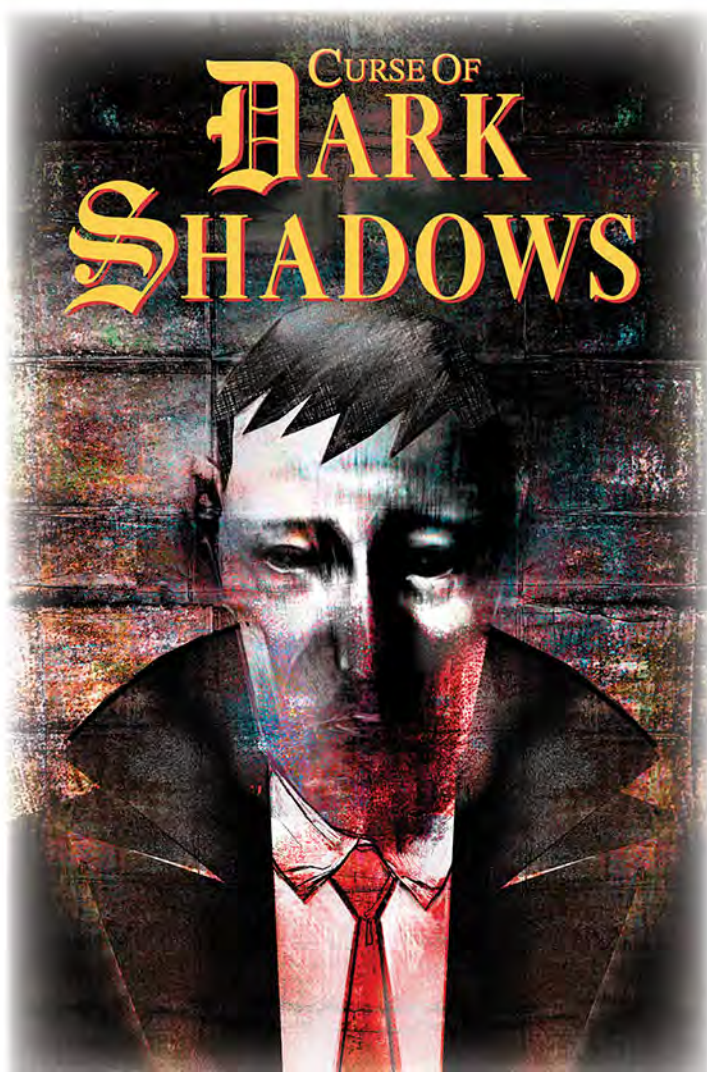

The story of Elle, an amnesiac replicant trying to piece together her past in the Crunchyroll/Adult Swim anime *Blade Runner: Black Lotus*, continues this fall in Titan Comics' *Blade Runner: Black Lotus—Las Vegas*. Set a decade and a half before the events of *Blade Runner 2049*, Elle's journey takes her to the wasteland of Las Vegas, a city abandoned in the aftermath of a nuclear device. Here she finds a community of replicants while also running from agents of Niander Wallace, who has his own reasons for wanting Elle alive—or preferably dead. Written by horror writer Nancy A. Collins and illustrated by Jesus Hervas, *Blade Runner: Black Lotus—Las Vegas* is a compelling continuation of the ongoing *Blade Runner* saga!

BARNABAS COLLINS RISES FROM THE GRAVE IN HERMES' CURSE OF DARK SHADOWS

The beloved 60s gothic soap opera *Dark Shadows* returns with Hermes Press' original graphic novel, *Curse of Dark Shadows* from Craig Hurd-McKenny and Jok. Forced to raise Barnabas Collins from his undead slumber, Carolyn Stoddard-Hawkes risk the destruction of Collinswood and the doom of the Collins family. Is that a cost she is willing to pay? DISCOVER THE STAR WARS STORY YOU DIDN'T KNOW IN **LUCAS WARS**

In May 1977 George Lucas' *Star Wars* changed filmmaking forever, and its seismic release reverberates today. The creation of *Star Wars*, however, was a long process of fits and starts, draft screenplays and rewrites, concept art that saw revision after revision, ideas formed and abandoned. In their graphic novel *Lucas Wars* from 23rd St., Laurent Hopman and Renaud Roche dramatize the *Star Wars* story that few know—how George Lucas conceived of and developed *Star Wars*, the risks and challenges of production, and, ultimately, the triumphant release of a film that would forever change cinema.

BLADE RUNNER: BLACK LOTUS LAS VEGAS

Titan's Chief Stride chatted with epic writer Nancy A. Collins about all things *Blade Runner* and her upcoming new comic spinning out of the hit 2021 anime series.

NANCY A. COLLINS - WRITER

CS: The *Blade Runner* franchise is 42 years old. What do you think is the secret to its success? Why does it continue resonating with generations of audiences/readers?

NC: I suspect it's because much of what it depicted in the early 1980s has come to pass. Things like such as serious climate change, the rise of technology and the many societal shifts that have resulted from that, the globalization of the American economy, and the emergence of oligarchies replacing traditional democratic governance. Also, who and what is considered "human"—and therefore worthy of human rights—remains an undying question.

CS: Some of the major themes of the *Blade Runner* universe—and indeed your writing—revolve around humanity, gender and identity. What do you think it is about *Blade Runner* that lends itself so naturally to these themes?

NC: Like I said, the question of who and what qualifies for human rights in modern society remains a burning question. Much like the character of Deckard, many viewers who went to see the original 1981 movie in the theaters, didn't realize until the end (or ever) that the Replicants weren't terrorists or villains. They were the underdog protagonists, not unlike Mary Shelley's original Monster in *Frankenstein*.

CS: What are the challenges when continuing a story from a different medium, in this case

Blade Runner: Black Lotus which started as an animated series?

NC: The biggest challenge is that film/animation involves movement, which allows the character's physical abilities to be on display and propel the storyline. With graphic storytelling you need to develop the character with both physical storytelling and narration/dialog. The trick is to avoid info dumps, or at least be artful with expository dialog.

CS: You've written multiple books with myth and legend themes. Do you have a different approach to writing science fiction?

NC: I actually was more of a science fiction fan growing up. I read a lot of the classics and was tangentially involved in first-wave cyberpunk fiction back in the late 1980s before making a name for

myself in the horror/dark fantasy field. My take on science fiction is not that different than when I write horror. I use it for cautionary tales of what might happen (or is happening) when people act without empathy or consideration of what the consequences of their actions might mean to those around them.

CS: With the city of Las Vegas featuring in the *Blade Runner 2049* film, were you able to explore the dystopian origins of 'Sin City' in this new comic series?

NC: Yes, I dive into what happened in Las Vegas after radiation from a dirty bomb made it impossible for humans to live there. The only things still alive were cosplaying hospitality Replicants.

CS: We last saw our deadly protagonist Elle on the run as she tried to make a new life for herself. Can you tell us about this new series without giving away too many spoilers?!

NC: *BLACK LOTUS: LAS VEGAS #1* takes place shortly after the events of the *LEAVING L.A.* story arc. Elle is still out in the desert, trying to find the place where she first became "aware"—an abandoned spa once owned by the defunct Tyrell Corporation—in hopes of finding out more about herself. What she doesn't know is that a "kill team"—which includes a major character from the original anime—are now hunting her, with orders to bring her head back to Niander Wallace.

Secure in their luxurious penthouse high above the downtown streets, wealthy inventor and art collector Radley Crown and his faithful canine companion enjoyed a charmed existence — until the fateful day a vicious gang of thugs shattered his complacency.

In the aftermath of the vicious attack, Crown focused his incredible technical skills to rebuild both himself and his four-legged companion into the ultimate instruments of retribution: The Blue Falcon and Dynamutt, Dog Wonder!

In this all-new take on the classic Hanna-Barbera cartoon, legendary comics author JIMMY PALMIOTTI (*Harley Quinn*, *The Invincible Red Sonja*) and acclaimed artist PASQUALE QUALANO (*Gargoyles: Quest*) bring to life a dark tale of justice and revenge that reimagines Big City's crimefighting duo for a new era — featuring gorgeously gritty covers from LUCIO PARRILLO, AMANDA CONNER, JOSEPH MICHAEL LINSNER, and FRANCESCO MATTINA!

ANOTHER HANNA-BARBERA CLASSIC IS BACK ON THE FOUR-COLOR PAGE!

WRITER JIMMY PALMIOTTI BREAKS IT DOWN!

The Blue Falcon & Dynomutt is one of the most iconic Hanna-Barbera shows, and we're excited to bring it back to comics. Similar to some of our other H-B titles — like *Space Ghost* — this classic series also follows a superhero arc, which makes it a natural fit for the medium. What history do you have with watching this goofy duo's original adventures?

I was 15 at the time, and I remember watching them as part of a Saturday morning group of cartoons. I always thought they were silly fun, nothing ever too heavy, and they felt a lot like H-B's version of Batman with a dog sidekick that happens to be a

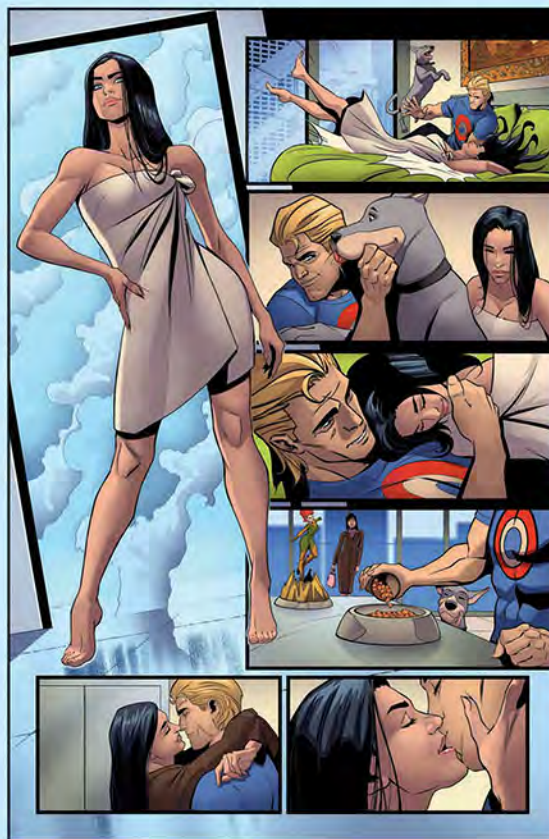

robot. When I was offered this series from Dynamite, I had to go back and watch the cartoons again, and yeah, they were not the deepest story-wise, but there was a joy that the two main characters had and a connection between them that I thought would be a good story element to explore. Remember, our memories of things when we were young stay with us forever!

The show originally kicked off with Dynomutt leading the way in both the title and being more of the focus in the stories, although the second season switched to the shared title that our series is also using. What is your approach in writing the

Interior art for issue #1 by Pasquale Qualano

Interior art for issue #1 by Pasquale Qualano

series and balancing these two characters? Is it a 50/50 share, or are you putting a bit more of the spotlight on one or the other?

I can relate more to Blue Falcon, and he is front and center in the story with Dynomutt starting off as a real dog rather than the mechanical mutt we see in the cartoons. This is not the origin of Blue Falcon, but a story about a man and his dog and their connection throughout a major event in both their lives — things happen that cause Radley to depend on the technology he created to help him out of his situation. By the end of the book, it becomes more 50/50 for both characters, but number one for me in writing this series is that it has to be fun — well, my version of fun anyway. I will say that some of it is much darker than people might remember, but it makes sense to the characters. I updated the world around them a bit for sure.

It sounds like you're taking a whole new spin on the world of Big City and the

origins of Radley Crown and his faithful canine companion, which the original show barely touched on. How would you compare the tone you're going for with the more lighthearted original cartoon?

My take is not lighthearted, story-wise, but it has its moments where fun and humor are part of their lives, like they are for anyone, no matter how heavy things get. This series is all about relationships — the main one involving our characters, the love life of Radley Crown, and even the villain's relationship with the world. I always try to answer two simple questions with a new series: What do the characters want, and what do they fear? The answers are all here within their adventure together. I think this book will appeal to the diehard *Dynomutt* audience as well as anyone giving it a shot for the first time.

Pasquale Qualano is joining you for this series as your artistic companion in crime-fighting. How is the collaboration going, and what's it been like seeing his pen

bring your action-packed scripts to the page?

I always find it difficult to work with someone I haven't worked with before, and the cool part of diving right into this with Pasquale is that I am getting to watch him not only nail it, but also seeing how he gets better with each issue. His evolution in this book is really fun to watch as he starts to make Big City and its inhabitants live and breathe on the page. He has quite the future ahead of him! I am not always the easiest writer to deal with, I know, and he is doing a terrific job. Just wait till you see issue #3 — so impressive!

The Blue Falcon & Dynomutt were also famous for initially sharing a programming block with Scooby-Doo and his gang, and even featuring in multiple crossover episodes. Do you think that famous crew could fit into the vision you've built up for this series?

I think it's an easy fit, especially with the world we are setting up in this series.

Those kids and their Mystery Machine would fit right into Big City and the things going down in it! Radly is quite the businessman and inventor, so I think a trip investigating an insurance scam involving a crooked Big City politician haunting city hall would be a no-brainer. I also think Scooby and Dynomutt would be sniffing butts and getting along in no time.

SUPERSTAR SOO LEE SHARES HER VISION OF *THE WIZARD OF OZ* BRINGING THE MASTERPIECE MOVIE TO THE GRAPHIC NOVEL PAGE

Soo, you were tasked with the daunting role of adapting and reinterpreting one of the most iconic stories in modern media. How did you even start the process of organizing your approach for this book? And how did you feel about the pressure in handling this story?

Because this is a movie adaptation, the structure was there already and I used that for the beat of the storyline for the graphic novel. I wanted to be true to the story while still allowing for my visuals and style to show my interpretation of the movie. It's my love letter to the story.

This brand-new graphic novel is adapted from the beloved film, which is celebrating over 85 incredible years of both touching the hearts of fans and influencing filmmaking. What history and feelings do you have towards the film, and did you pull key inspiration from any other iterations of the story or outside sources?

I went back and watched the movie for inspiration. I think one of the most important themes of the story, which I didn't appreciate when I was younger, is friendship. It's very moving how accepting Dorothy is of these strangers and their loyalty in response to her kindness.

I'm not reinventing the wheel, but I'm adding my interpretation to the history of this legendary story. So I wanted to make sure I invested more time in certain scenes between the crew to shine light on their relationship.

The diehard Dynamite faithful know that you are a multitasking creator. Years back you drew a few titles with us, and then recently fans got the chance to experience your writing skills on series like *ThunderCats: Cheetara*. One of your recent masterpieces has been *Disney Villains: Maleficent*, in which you tackled both the

writing and the art, as you are doing here on *The Wizard of Oz*. What unique challenges and rewarding experiences does both writing and drawing a story pose, especially on a book of this length?

The pacing was the trickiest part of retelling this story. The movie has a set timeline of storytelling, but I was allowed more pages to indulge in and take my time on certain scenes, so I took advantage of the medium without trying to muddy the story. I wanted to really emphasize the crew's relationship and the emotions of the scenes between the characters.

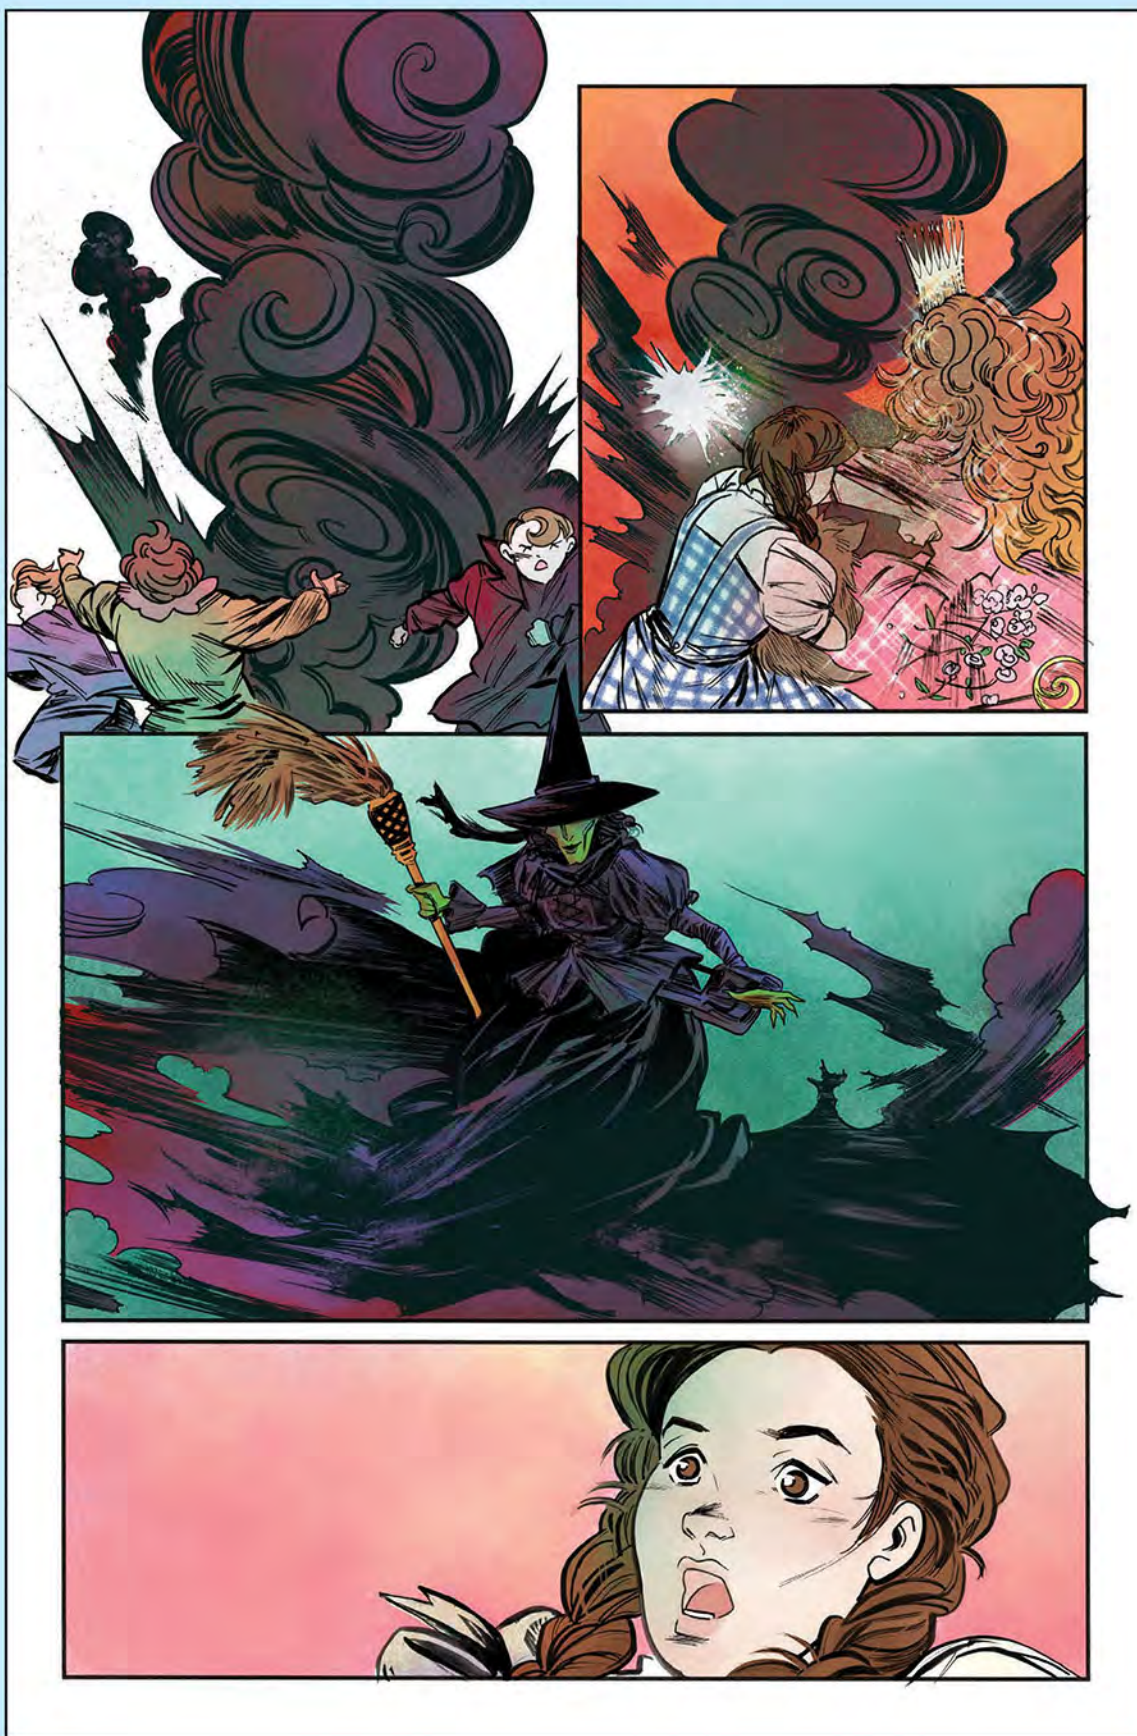

Fans of the film will recognize all the can't-miss story beats in your vision of *The Wizard of Oz*, but this isn't a strict frame-by-frame translation from the screen to the page. Without spoiling too much, are there some interesting minor twists or elements seen in your tale that you could tease us about?

I was given the original movie script to work with and was allowed to add scenes into the graphic novel that were deleted from the film. So there may be things some fans of the movie may not have known about!

THE STITCH CREW DISCUSS THEIR TAKE ON THE CHAOTIC BLUE FURBALL!

Connor and James, welcome to the world of Stitch! What memories and feelings did you have towards the franchise and its characters, prior to jumping into this new series?

CR: This was a real thrill for both of us, to get to play in this particular sandbox. I saw *Lilo & Stitch* the day it was released in theaters and loved it, just so funny and exciting and also very sweet. And Stitch has become one of the most iconic characters in the entire Disney canon. He's everywhere.

J3: I wasn't super familiar with Stitch beyond knowing "Hawaiian Roller Coaster Ride" was a bop. I was genuinely blown away when I first watched the film, because what do you

mean there's a Disney movie with the premise, "What if your best friend was a furry little mischievous alien unlearning diabolically evil programming?" That's bonkers! Where have I been?

This latest series is titled *Stitch*, but we'd love to know which other beloved characters from the original film may be popping up in your stories.

CR: The core of this series is really a trio: Jumba, Pleakley, and Stitch. There is such a rich tradition of Disney trios, from Mickey, Donald, and Goofy to The Three Caballeros and The Three Little Pigs.

J3: Don't forget the Sanderson Sisters!

CR: So many trios! And we also bring back a lot of other characters in smaller ways.

J3: We're squeezing Cobra Bubbles into as many issues as we possibly can. He's a lumbering giant with a deep booming voice that we hope will be as fun for the reader to imagine as it was for us to write. The live-action trailer dropping led to us writing Ombit into an issue, because "he took the red one" was iconic in 2002 and remains iconic now.

Now that we know a bit about who's showing up, let's look at the plot. This series centers around a mission undertaken by Dr. Jumba. What drew you to focus on him as the key thread for your initial story? And beyond being his usual force-of-nature self, how does Stitch factor into this adventure?

CR: In some ways Jumba and Pleakley are a double act, with Stitch inserting himself into their dynamic because he can't resist the temptation to play around with whatever Jumba is working on. Jumba is a genius, but he invented something that is smarter than he is, and he is forever paying the price for that! It's almost like how parents, deep down, want their kids to be smarter and do better than they did, but then when faced with that reality, it can often be overwhelming!

J3: Jumba's motivations in the comic are perfectly summed up in the first movie: the Grand Councilwoman calls him an "idiot scientist," to which he responds, "I prefer to be called evil genius!" He deeply desires to be acknowledged for his malfeasance, but instead gets bupkis. He won't let that stop him, though! His devious drive to experiment 625 times before finally getting it "right" — in heavy quotes — is the engine for the relentless sci-fi hijinks in the series.

The two of you are co-writing this comic — how does the collaboration process work for each of you?

CR: James and I met doing improv and sketch comedy at the Upright Citizens Brigade Theatre in NYC, and we instantly liked each other. James has such a great brain for comedy, and I just have so much fun coming up with ideas with him. For this series, we just started coming up with as many weird ideas as we could — we were encouraged to go a little crazy with it. And then we sort of treat it like a road trip, where you take turns driving and navigating. Basically, for the actual

writing part, one of us will do the main draft and then the other one will go through and try to make it even better, and we go back and forth until we are satisfied with it. I feel like James's drafts don't really need much fixing, so what I contribute is like comedic seasoning. James has to do a lot more clean-up on what I write, because I'm newer at this process and I feel like my first drafts are a real mess. But we get there by the time we submit a script for approval!

J3: Connor does a great job, I don't know what he's talking about.

The wonderful Italian artist Greta Xella is joining you to illustrate the series. How has it been working with her and seeing her translate your scripts to the page?

CR: As of this moment, we haven't seen any of the art for these stories yet! But I'm very excited to see what Greta comes up with, because everything I've seen of her work has been fantastic.

J3: Nate shared with us Greta's character sketches when we signed on, and even at that early stage they were such vibrant depictions. She has a strong grasp of these characters' personalities and gives them so much life. Her Stitch especially is cosmically delightful. And her portfolio has some incredibly striking fantasy art, so we're very excited to see this mad sci-fi epic we wrote go from page to panel with someone of her caliber.

When Elvira first met Harley Quinn, the Mistress of the Dark was desperate for any plan that could help her save her beloved TV show after it was threatened with cancellation by heartless corporate raiders. Well, the Clown Princess of Crime came up with a plan, all right, and now Elvira is along for the ride — no matter how crazy Harley's scheme turns out to be!

Putting together the biggest Halloween block party ever staged is a great idea in theory, but pulling it off means raising a massive amount of money — and a pile of cash that big is sure to draw the attention of every thug and delinquent in the Tri-State area. If Harley and Elvira want to keep their party funds secure, they're going to have to become too big to fail — and that means going international!

Famed Harley Quinn Whisperers AMANDA CONNER and JIMMY PALMIOTTI double down on the year's most hotly anticipated crossover in *Harley Quinn X Elvira* #2, with Conner providing two captivating covers as well as several story pages to accompany artist JUAN SAMU's interiors — all capped off by indecently alluring covers from JOSEPH MICHAEL LINSNER, CHAD HARDIN, and BEN CALDWELL!

The year is 1195, and Demona and her adopted daughter Angelika have returned to the ancient streets of Constantinople, where Angelika has rekindled her romance with the Gargoyle Magni. More important than old boyfriends, however — at least to Demona — is the presence in the city of the fabled relic known as the Eye of Odin, which she believes will be able to grant her aging daughter the same immortality that has kept her young for more than a century.

But when the keeper of the Eye is found dead, Demona quickly becomes the prime suspect — and it's up to Angelika to find the real culprit before the heavy hand of medieval justice comes down upon them all!

Life in Sepulcher City can seem like Hell on Earth, but it pales in comparison to the real thing — something that Vampirella quickly discovers after she is transported against her will into the Inferno!

As she navigates the lakes of fire and brimstone, the Daughter of Drakulon comes across another denizen of the underworld — someone she used to know in a previous life who went by many names, including Walker... and Cain!

Original sinners TOM SNEGOSKI and KEWBER BAAL crack the seal on their latest revelation in *Vampirella: Armageddon* #3 — amplified by prophetic covers from FRANCESCO MATTINA, LESLEY "LEIRIX" LI, JOSEPH MICHAEL LINSNER, and smoldering cosplay from RACHEL HOLLON!

When their original graphic novel *Karma* made its debut in 2022, writer DAN WICKLINE and artist CARLOS RENO set a new standard for erotic comics storytelling with their one-of-a-kind romantic adventure based on Wickline's real-life experience in the heady world of high fashion and photography.

Now, the powerhouse creative team have reunited for an all-new sequel in *Karma 2*, continuing the story of advertising photographer Alex and supermodel Karma. As their relationship deepens, the lovers face new challenges and opportunities while trying to navigate the ups and downs of the creative life. Alex loses his job and begins to question his future, while Karma is faced with saying goodbye to someone she loves — and opening the door to more serious commitment. And if that wasn't enough to deal with, a former child star turned pop sensation is trying to wedge herself between the two of them. Can this budding romance survive the chaos — and the temptations — that surround them?

Find out in the lushly rendered pages of *Karma 2*, available in both trade paperback and hardcover editions (including a special hardcover edition signed by the author), all featuring a stunningly sensual cover painting by acclaimed artist STJEPAN SEJIC!

CONAN ILLUSTRATED: THE TOWER OF THE ELEPHANT

(W) Robert E. Howard
(A) Valentin Sécher
 HC • FC • 56pp • \$24.99
 On Sale September 3, 2025

This gloriously illustrated work is an adaptation of a Robert E. Howard classic.

In the Maul district of Zamora, where bandits go to celebrate their crimes, a young barbarian, black hair, broad shoulders and powerful torso, hears a Kothian talking about the Tower of the Elephant. Without preparation, Conan the Cimmerian undertakes the ascent of this tower reputed to be impregnable, a journey that will test the body and mind of the barbarian...

**THIS POPULAR
STORY GETS
A WHOLE
NEW LOOK
WITH STUNNING
PAINTED ARTWORK**

Cautiously he pressed against the ivory door and it swung silently inward. On the shimmering threshold Conan stared like a wolf in strange surroundings, ready to fight or flee on the instant. He was looking into a large chamber with a domed golden ceiling; the walls were of green jade, the floor of ivory, partly covered by thick rugs. Smoke and exotic scent of incense floated up from a brazier on a golden tripod, and behind it sat an idol on a sort of marble couch. Conan stared aghast; the image had the body of a man, naked, and green in color; but the head was one of nightmare and madness. Too large for the human body, it had no attributes of humanity. Conan stared at the wide flaring ears, the curling proboscis, on either side of which stood white tusks tipped with round golden balls. The eyes were closed, as if in sleep.

SPOTLIGHT ON

Following the story of the man behind the movies, Sergio Leone shows the insight behind the critically-acclaimed Dollars Trilogy director and takes a look at both the impact of his movies and the narrative of his life from his cinematic viewpoint.

HENRY FONDA
Once Upon a
Time in the West

Clint returned to the U.S. practically incognito. His career unchanged.

The first movie wasn't going to come out in the States for another two years.

One day, he read about how an Italian western was making waves, with a certain CLINT EASTWOOD in the title role...

And that's how he finally found out the title of the movie where he starred as the hero-or perhaps anti-hero.

Clint was the complete opposite of Henry Ford. That was enough for me.

It was around that time that I contacted him for the sequel. He asked for \$750,000 and a Ferrari.

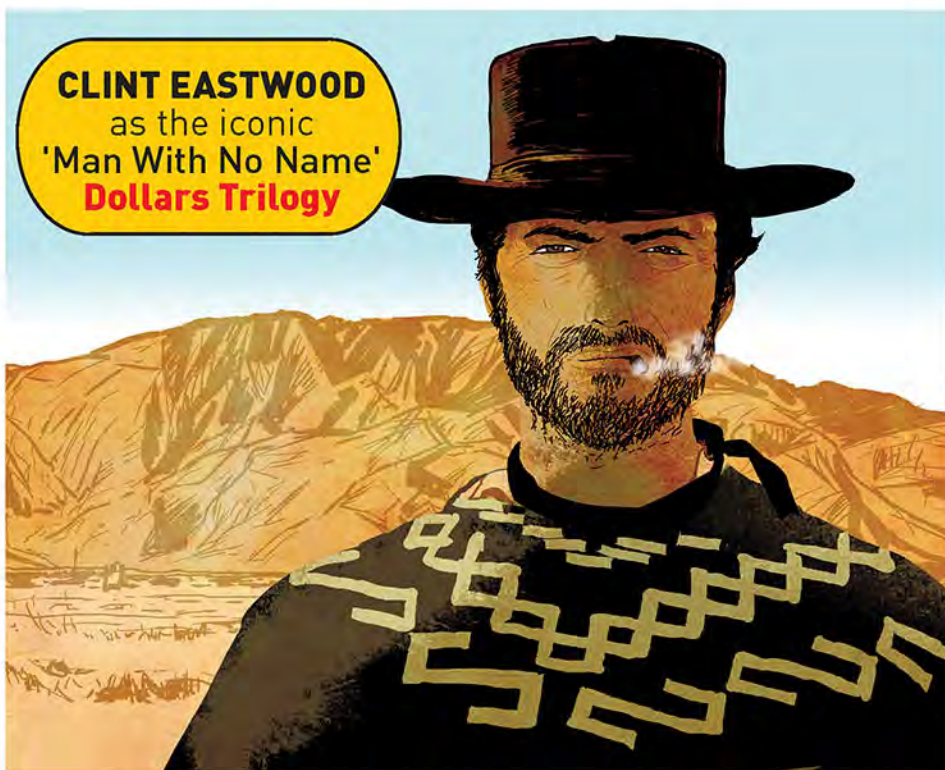

I told him he could have it. I needed him in order to put my Machiavellian plans into motion.

Then I headed to the U.S. with Clint's contract in my pocket. But then, three things moved fast.

I had just a few weeks to find the rest of the cast. Then shooting would begin, back over in Spain.

I wanted LEE MARVIN for the role of Colonel Mortimer. He accepted initially, only to renege a few days before my departure, so he could take the lead role in CAT BALLOU.

CLINT EASTWOOD as the iconic 'Man With No Name' Dollars Trilogy

Once Upon a Time in America featuring ROBERT DE NIRO

It would end up taking several years to write the complete script.

I paid a steep price for it, and, by extension, my friends and family did too.

The silver lining was that the story was so long, and the structure so complex—with jumps forward and backward in time—that we never could have set up filming over just a few months. So the extra time was a boon.

ROBERT DE NIRO was heavily involved in the preparations for filming. I knew he was good—I'd seen him with Scorsese, Coppola, and Bertolucci—but I was surprised by his enthusiasm. He never hesitated to deliver his lines, even when the cameras weren't rolling.

When it came time to film NOODLES at age 60, De Niro simply became older.

For two months, morning till night.

He didn't go out. He went to bed early.

He slowed his walk.

I actually found myself appreciating the whole Actors Studio bit for once.

De Niro introduced me to several of his friends, which is how he ended up bringing on JOE PERCI, DANNY Aiello, and, above all, TUESDAY WELD, Max's hanton girlfriend.

My only problem with Bobby came right at the very beginning of filming—he disagreed on one of my casting choices.

I knew how these things went—once you've "made it" yourself, you want to give your friends a leg up too—especially when they're as talented as Bobby's.

I told him to trust me. But I could see he wasn't very happy about it.

So I asked him to go watch the audition tapes. If he could find a better option, I was open to discussing.

He spent four hours going through them, and when he was alone, he came up and admitted he was wrong. I'd made the right choice.

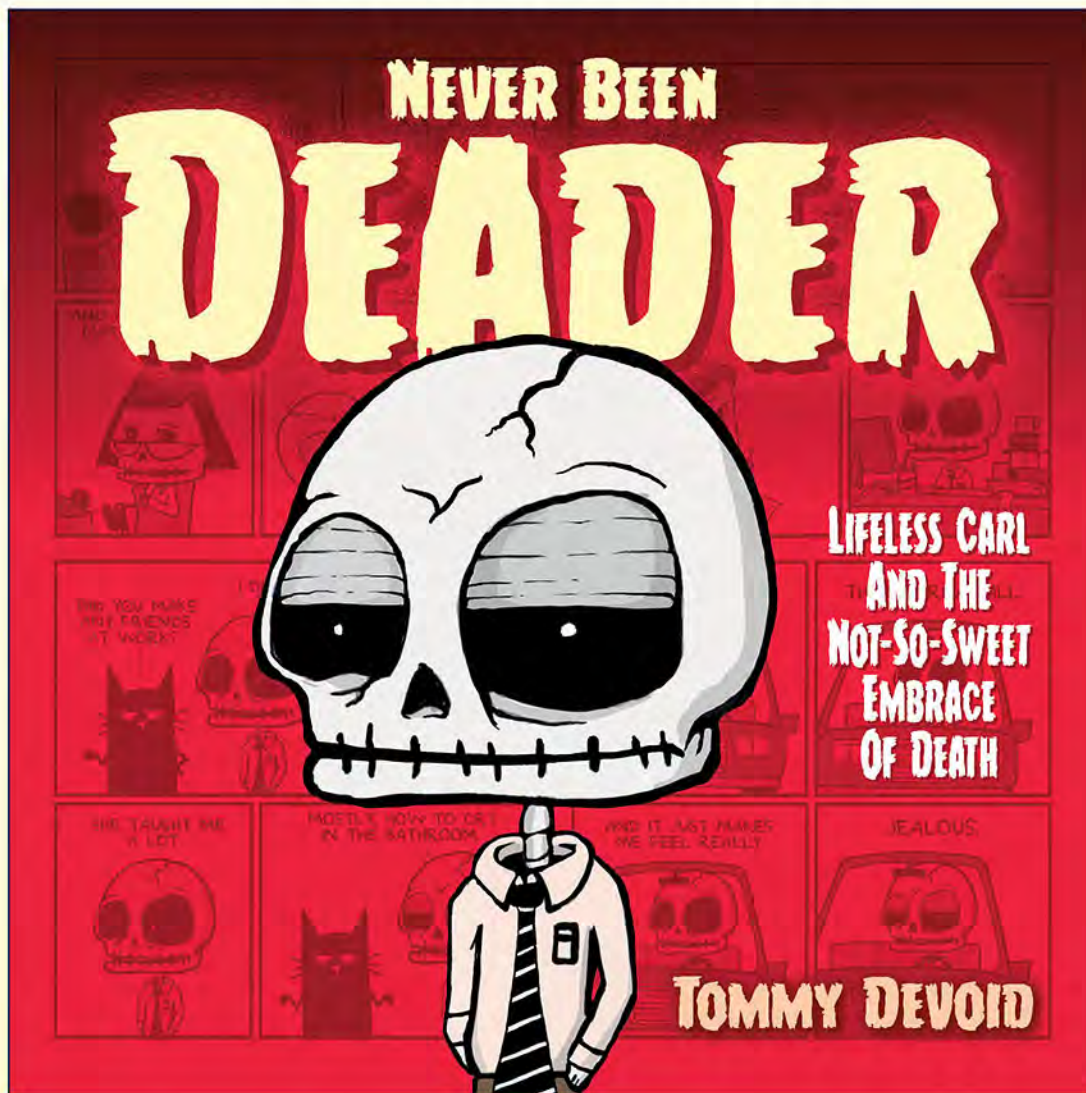

He was the most generous actor I'd ever worked with. We had a father-son relationship.

It was wonderful.

"...an intensely personal and honest story born from frustrated anxiety over the easy choices for a better future that society continues not to make. There's catharsis in this very smart and well-done comic, and I can't recommend it enough. Verdict: Buy" —COMICSBEAT.COM

"Mark Russell is the consistent satirist in mainstream comics right now, and Traveling to Mars turns his jaundiced eye on space travel in a bleakly funny subversion of the genre. Space travel is founded on optimism, the model established by editor John W. Campbell where capable white men go to space for the betterment of Mankind. Russell turns that completely on its head. Score: 8/10" —BLEEDINGCOOL.COM

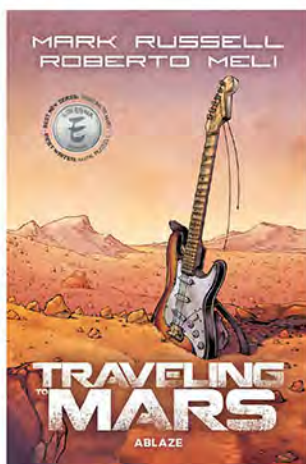

From Eisner Award winning writer Mark Russell and artist Roberto Meli comes the Eisner-nominated compelling sci-fi story...

Traveling to Mars tells the story of former pet store manager Roy Livingston, the first human to ever set foot on Mars. Roy was chosen for this unlikely mission for one simple reason: he is terminally ill and therefore has no expectation of returning. Roy is joined on his mission to Mars by Leopold and Albert, two Mars rovers equipped with artificial intelligence, who look upon the dying pet store manager as a sort of god. Against the backdrop of not only his waning days but those of human civilization as well, Roy has ample time to think about where things went wrong for both of them and what it means to be a dying god. A riveting story of planetary exploration and of finding meaning in your final days.

KENT STATE: FOUR DEAD IN OHIO GN

On May 4, 1970, the Ohio National Guard gunned down unarmed college students protesting the Vietnam War at Kent State University. In a deadly barrage of 67 shots, 4 students were killed and 9 shot and wounded. It was the day America turned guns on its own children—a shocking event burned into our national memory. A few days prior, 10-year-old Derf Backderf saw those same Guardsmen patrolling his nearby hometown, sent in by the governor to crush a trucker strike. Backderf has conducted extensive interviews and research to explore the lives of these four young people and the events of those four days in May, when the country seemed on the brink of

On top of the multiple failures in their personal and professional lives, they're struggling to keep their restaurant afloat. Luckily their parents, Ipo and Keon, are in town for their annual visit. Having immigrated from Hong Kong before the twins were born, Ipo and Keon have supported their children through thick and thin and are ready to lend a hand—but they're starting to wonder, has their support made Milly and Billy incapable of standing on their own? When Ipo forces them to help her clean up the house next door—a hellish and run-down ruin that was the scene of a grisly murder—the twins are in for a nasty surprise. A night of terror, gore, and supernatural mayhem reveals that there is much more to Ipo and her children than meets the eye. (STL301479)

It's been four months since the night of gore, chaos, and the failed demonic summoning that revealed the Ting twins' unusual family background. (W/A/CA) Nathan Hale
With 16 pages of never-before-seen material, this brand-new, oversized edition of *Raid of No Return* just got a whole lot bigger and badder! On December 7, 1941, the Japanese bombed Pearl Harbor, officially bringing the United States into World War II. A new generation of pilots were recruited to fly bombing missions for the United States, and from that group, volunteers were requested for a dangerous secret assignment. Sixteen bombers set sail on the US's first aircraft carrier. Once at sea, they were told their mission was a retaliation strike against targets in Tokyo. But on the day of the raid, a Japanese patrol boat spotted them, and they had to launch early with barely enough fuel to get them past their target. After the bombing, some pilots crashed, some were captured, and many ended up in mainland China and were carried to safety by Chinese villagers, being hunted by Japanese forces all the while. The Living Corpse returns in an all new one-shot featuring two tales of undead mayhem! When an ancient evil awakens that threatens both the living and the dead, The Living Corpse must reluctantly join forces with Mac Hexx, a former paranormal investigator turned enigmatic warlock. Together, they'll face an unstoppable threat that could destroy the fragile boundary between life and death itself. A deadly curse has been unleashed—one tied to the very essence of both their worlds—and it's up to these two dark figures to stop it. The Living Corpse, bound by death yet fueled by a twisted sense of justice, and Mac Hexx, a once-brilliant investigator turned reluctant occultist, are forced to put aside their differences and confront a force so malevolent, not even their combined powers may be enough to stop it.

Also in a world where the line between life and death is razor thin, The Living Corpse has faced horrors that would break the strongest of men. But nothing could prepare him for the ultimate predator. The King of Vampires. The Prince of Darkness. Dracula. When the ancient Count rises from the grave once again, determined to claim the world as his own, the Living Corpse must face off against an enemy who has nearly conquered death itself. Can the Living Corpse survive the bite of Dracula, or will the bloodthirsty king of the night finally claim what death has denied him? As the undead lock in a battle of wills, it's a fight to the death—literally.

Her mother insists she reads the family book detailing the Akimuras' relationship to yokai (spirits and supernatural beings) over generations. To Maple, the stories of the yokai are just a remnant of traditional village living, amid 1920s Japan's rapidly advancing technology and the glamor of modern urban life—especially in bustling Taisho City. But Maple's encounter with a mischievous yokai named Ember sweeps the pair into the hidden spirit world, with only Maple's family stories to guide them. The comic's pitch-perfect portrayal of teenage life is filled with awkward moments, parental bewilderment, and the eternal struggle to fit in while standing out. Jeremy's world is populated by his quirky friends and classmates and his loving yet perplexed parents. Jeremy's never-ending quest to keep a clean room, stay on his family's good side, impress his girlfriend, and pursue his rock and roll dreams is a delightful escape into a comic strip world that's both funny and familiar. ATHENEUM BOOKS FOR YOUNG READERS

THE MANY MISFORTUNES OF EUGENIA WANG GN

(W/A) Stan Yan
Twelve-year-old Eugenia Wang has never celebrated her birthday on her actual birthday, April 4th, because of her mom's belief in the Chinese superstition that four is an unlucky number. And that's not the only thing Mom's strict about; she won't let Eugenia go to a summer comic art camp because she thinks art is a waste of time. This year, Eugenia is determined to defy her mom by applying for the camp, having her party on her actual birthday, and inviting her super cute crush while she's at it, too! But when Eugenia gets hit in the head with a sneaker during PE, she starts getting unnerving visions of impending doom about her upcoming birthday. It might be

the aftereffects of her head injury, or maybe she's just anxious about turning thirteen. As the visions get worse, even affecting her artwork, Eugenia suspects an unseen force may be sending her messages. If she's haunted after all, Eugenia will have to figure out why before it's too late. Even more horrifying, she may have to do the unthinkable: admit her mom was right. (STL378278) (C: 0-1-1)

SPOTLIGHT ON...

MIKE DEODATO, JR.

Mike Deodato Jr. is a Brazilian comic book artist celebrated for his dynamic and photo-realistic style. He gained prominence with his work on DC Comics' *Wonder Woman*. At Marvel Comics, Deodato illustrated major titles like *The Amazing Spider-Man*, *The Incredible Hulk*, and *Dark Avengers*. With AWA, Deodato worked on hit series *Bad Mother*, *The Fourth Man* and the Eisner Award-winning *Not All Robots*, with writer Mark Russell. His versatile artistry has made him one of the most sought-after talents in the comic book industry.

What are your favorite projects you've contributed to over the past decade?

The past decade has been a whirlwind, and I've had the chance to work on some truly unforgettable projects. Of course, *Expecting the Unexpected* with Ronda Rousey has been a real highlight. Collaborating with someone as passionate and intense as Ronda has been an inspiring experience. I also had a blast working on *The Fourth Man*, a gritty, darkly comedic crime story that's getting closer to a screen adaptation. Beyond that, I've loved the freedom and creative control I've found at AWA, where I can really push the boundaries of my art.

What are you currently working on?

I've just put the finishing touches on *Expecting the Unexpected*, which has been an intense but rewarding ride. At the same time, I'm diving into the first volume of *Ultimate OZ Universe: The Lost Lands*, a massive fantasy project that's pushing me to experiment with new styles and storytelling techniques. It's a creative playground, and I'm loving every minute of it.

What indie titles are you currently reading?

I'm a sucker for anything that challenges the medium, so I'm always on the lookout for fresh voices. Recently, I've been impressed by *Blood of the Virgin* by Sammy Harkham and *Monstress* by Marjorie Liu and Sana Takeda. I'm also diving into some smaller press gems like *Department of Truth* and *Saga*. I think we're living through a golden age for indie comics, and it's exciting to see the boundaries being pushed every month.

THOR & LOKI: EPIC TALES FROM MARVEL MYTHOLOGY HC

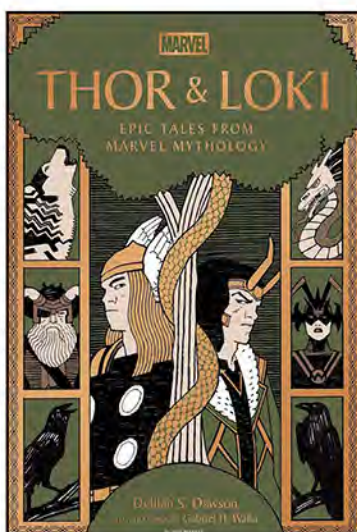

(W) Delilah S. Dawson

(A) Gabriel Hernandez Walta

In this officially licensed collection, Marvel Comics heroes Thor and Loki regale us with engaging and fantastical retellings of the classic tales of Norse mythology. It's a beautiful day in New York City and the Avengers have arranged a surprise birthday picnic for Peter Parker in Central Park—but the celebration is violently interrupted when a menacing rainbow suddenly crystalizes in the sky, dumping a shellshocked Thor and Loki into the middle of the party with a loud crash. Thor and Loki warn the group that Ragnarok, the end of the world, has come, but before they can take action against it, they must understand how the world began. Thus, the brothers begin the age-old Norse tradition of storytelling. As they verbally joust, spar, and one-up each other over who can spin the most outlandish yarn, Thor and Loki weave the sagas of their people including: The Creation of Man, How Odin Lost His Eye, The Theft of Thor's Hammer, Freyja's Beautiful Necklace, Thor and Geirrod the Giant, Sif's Golden Hair, and many more. They recount the ancient stories of the Nine Realms, the first humans Ask and Embla, and the sacred tree, Yggdrasil. In recounting each tale, the brothers aim to bring the cosmos closer to salvation. THE FIRST VOLUME IN A SERIES OF NEW CLOVER PRESS ART BOOKS!

THE DC ART OF JORGE JIMÉNEZ

Artist: **Jorge Jiménez**

Clover Press is thrilled to launch our newest line of high-end boutique art books with the *DC Art of...* series, and it all begins with the premier volume, *The DC Art of Jorge Jiménez*!

Jorge Jiménez burst onto the pages of American comics in 2011 and his talent immediately caught readers' attention. His dynamic—almost frenetic—linework and manga-inspired designs put him in a category all his own, and he quickly climbed the ranks to headline some of DC Comics' core series, including *Superman*, *Justice League*, and *Super Sons*, working with the likes of Peter J. Tomasi and Scott Snyder. He's currently completing his greatest accomplishment yet—a five-year run on the company's flagship series *Batman* with superstar writers James Tynion IV and Chip Zdarsky, and will soon begin his new run on the title with writer Matt Fraction.

Now, over a decade of eye-popping art is collected in one place for fans to revel in the full breadth of Jorge's DC body of work. This new 9" x 12" coffee table book features over 200 pages of stunning art, gilded edges, and a ribbon bookmark. This is an absolute must-have for any Jorge Jiménez collector!

In addition to the regular edition of this book, Clover Press is proud to also offer an exclusive edition only available to Direct Market shops. This edition will not be available in other stores!

Printed using high quality inks on matte stock, this beautiful calendar is an eye-popping delight. Each image was hand selected by Woodring himself, several of them chosen from commissioned private art collections. Additional illustrations appear on each calendar page and Woodring has also curated weird, amusing, important, artistic, and occult dates from history to highlight throughout. It's likely to be a twisted year for everyone: this can only help guide your path through it.

THE ATLAS COMICS LIBRARY NO. 7: GIRL COMICS

By John Buscema, Bill Everett, Russ Heath, Ann Brewster, Bernard Krigstein, Series edited by Dr. Michael J. Vassallo

\$49.99 / HC / 336 pgs / FC / 8.8" x 11.7"

In 1950, a romance comic became an empowering adventure comic for girls at the hands of some of Marvel's greatest cartoonists!

This new volume in Fantagraphics' and Marvel's collaborative Atlas Library presents *Girl Comics* #1-12, a long unseen subversion of romance comics beautifully designed for a new generation of readers!

In 1950, Timely/Atlas/Marvel took a typical romance title called *Girl Comics* and turned it into a sister companion to its successful men's-adventure comics: an empowering girls'-adventure comic! Mystery, adventure and suspense was promised and delivered! At the hands of a stellar artistic line-up, including John Buscema, Mike Sekowsky, Bill Everett, Joe Maneely, Russ Heath, and Bernard Krigstein, *Girl Comics* evolved from heart-stricken love stories to hair-raising girl-power thrill rides like "The Death Plunge!", "The House of Shadows!", "I was a Murderer's Daughter!", "They Called me a Spy!", "The Dead Hands at the Controls," and "The Dark Hallway."

This volume also features the story behind the stories, with editor Dr. Michael J. Vassallo's essays on Marvel publisher Martin Goodman's enthusiastic relationship with romance comics and magazines at a time when the artform was cementing itself into American youth culture!

SEARCH AND DESTROY VOL. 3

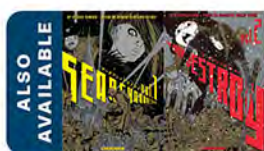

By Atsushi Kaneko

\$14.99 / SC / 328 pgs / B&W / 5.2" x 7.2"

Manga creator Atsushi Kaneko concludes his cyberpunk retelling of the timeless, Eisner Award-winning *Dororo* by "God of Manga" Osamu Tezuka.

The broken and discarded creatures of the city have had enough of the caste system that keeps them servile, and they rise up to strike... Doro the little thief must confront their past and make impossible decisions about their future... And Hyaku? Hyaku's quest to retrieve the stolen pieces of her body is nearly at an end, and her path of righteous and bloody vengeance leads directly to the great betrayer, her father. Robots, humans, creatures, monsters: no one will survive unscathed.

HAL FOSTER'S PRINCE VALIANT SKETCHBOOKS: AN ILLUSTRATED MEMOIR VOLUME 1

By Hal Foster, Series
edited by Brian M. Kane

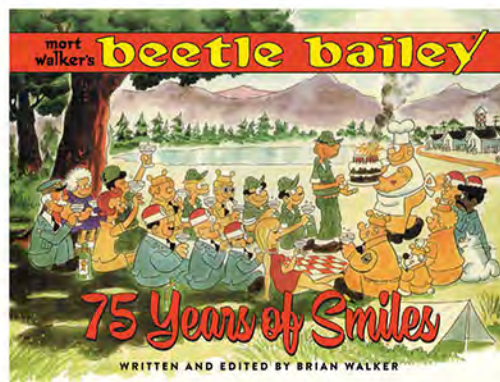

\$50.00 / HC / 112 pgs / FC /
10.5" x 14.3"

The first of a new six-volume series collecting the sketches and notes behind Hal Foster's creation of the *Prince Valiant* comic strip.

In the works for several years, *Hal Foster's Prince Valiant Sketchbooks: An Illustrated Memoir* presents never-be-

fore-published Prince Valiant art by the strip's legendary creator, Hal Foster, collected in a series of six annotated portfolio volumes. Part sketchbooks, part biography, part tutorial, part memoir — *Hal Foster's Prince Valiant Sketchbooks* is an unprecedented look into Foster's personal life and creative process during his final nine years on the strip. It's also a fascinating look behind the curtains as Foster coached and interacted with his chosen successor: John Cullen Murphy. Produced with the full permission and participation of the Foster and Murphy families, this series is a testament to author and Prince Valiant historian Brian M. Kane's research prowess and determination to bring Hal Foster's creative process to light. This uniquely intimate view of Foster's creative process is a long-awaited dream come true for *Prince Valiant* fans.

Over the course of these volumes, Kane annotates with painstaking clarity and thoroughness 366 penciled layout pages, 40 character sketches, and 577 text pages of Foster's descriptions and instructions for each panel. Also featured are an additional 143 pieces of art, mostly by Foster, 100 photographs detailing his life and career, and 123 personal letters and notes, all adding immeasurably to this exploration of Foster's life and art, as well as his collaboration with Murphy.

THE EPHEMERATA: SHAPING THE EXQUISITE NATURE OF GRIEF

By Carol Tyler

\$39.99 / HC / 232 pgs / FC / 9" x 12"

Drawing upon her own bereavement, renowned comics artist and writer Carol Tyler emerges from a decade long period of grief to create an allegorical masterpiece.

During collisions between life and death, estrangement and loss, Carol Tyler turned to her pen to face facts and extract meaning from the oddly sacred experience. Exploring realms metaphorical, half-imagined, and all-too real, she explored previously uncharted emotional territory for herself and others, in a work that is both painfully intimate and philosophically rich.

An artistic advancement nearly forty years into Tyler's comics-making career, *The Ephemera* features Tyler's most breathtaking picture making ever — fine, dense brush lines complemented with occasional color washes or highlights — and formally stunning cartooning. Combining art and text in multiple ways — in the traditional comics panel grid, as words-and-illustration, as organically flowing images surrounded by floating text — she depicts the inner monologue of a fallible human being grappling with questions of profound relevance. Tyler's memoirist skills also rise to the fore, excavating and colliding scenes from her history, delineating

with sensitive intuition ways in which the inevitability of grief is built into our lives and our loves. To struggle in the face of loss is a universal experience. To turn it into this compassionate, deep and beautiful book takes a true artist.

DEATH IN TRIESTE

By Jason

\$24.99 / HC / 176 pgs / B&W / 7" x 9.2"

Enter the topsy-turvy world of the Dadaists and Surrealists in this new suite of graphic short stories by the internationally acclaimed cartoonist Jason.

The cartoonist known as Jason returns with a collection of three short graphic stories, connected by an absurdist thread, showcasing his idiosyncratic cultural obsessions, clear line style, and deadpan humor.

The title story, "Death in Trieste," sets the scene in 1920s Berlin, a bustling cultural hotspot in the shadow of the coming Nazism. Here, a host of unlikely characters — time-travelling David Bowie, Rasputin, Nosferatu, Marlene Dietrich, and more — are all connected by a group of Dadaists who perform the art of rationality through madness. In "The Magritte Affair," a wisecracking pair of detectives must crack a case involving art forgeries, masked men, and mysterious disappearances — all linked to the surrealist world of the famous Belgian painter. Finally, in "Sweet Dreams," Jason reimagines the New Wave artists of the 1980s as *X-Men*-esque superheroes. While this supergroup easily dispatches such supernatural threats as living mummies, animated suits of armor, and rampaging golems, they soon face their biggest challenge yet, as a giant meteorite hurtles toward the Earth.

PETRA CHÉRIE

By Attilio Micheluzzi

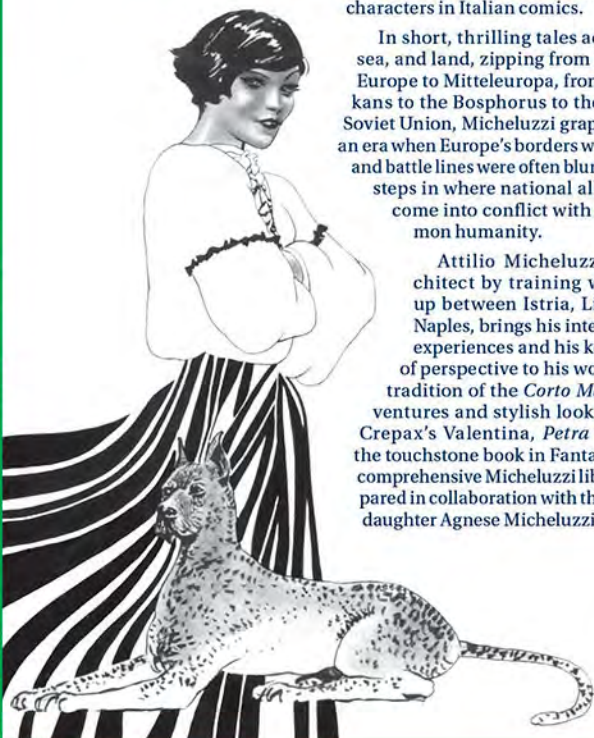

\$34.99 / HC / 312 pgs / FC / 8" x 10.5"

Published for the first time in English — and the first time in color — the classic *Petra Chérie* by Italian master Attilio Micheluzzi follows the dramatic adventures of a mysterious heroine during the end of World War I.

Set during World War I and originally published in serial format from 1977–1982, *Petra Chérie* follows the adventures of Petra De Karlowitz, "Chérie" to creator Attilio Micheluzzi, who addresses her throughout the book. Born to a Polish businessman and the most beautiful woman in Paris, raised in Canton, China, and now based in neutral Holland, she is a spy who answers only to herself. Evoking but cleverly eschewing stereotypes of the femme fatale, Petra is equally at home in the cockpit of an airplane and behind the wheel of a motorcar. More than that, she is an endlessly fascinating enigma and one of the most iconic characters in Italian comics.

In short, thrilling tales across sky, sea, and land, zipping from Northern Europe to Mitteleuropa, from the Balkans to the Bosphorus to the nascent Soviet Union, Micheluzzi grapples with an era when Europe's borders were in flux and battle lines were often blurred. Petra steps in where national allegiances come into conflict with our common humanity.

Attilio Micheluzzi, an architect by training who grew up between Istria, Libya, and Naples, brings his international experiences and his keen sense of perspective to his work. In the tradition of the *Corto Maltese* adventures and stylish look of Guido Crepax's *Valentina*, *Petra Chérie* is the touchstone book in Fantagraphics' comprehensive Micheluzzi library, prepared in collaboration with the author's daughter Agnese Micheluzzi.

BREAD & WINE: AN EROTIC TALE OF NEW YORK UPDATED EDITION

By Samuel R. Delany, Introduction by Alan Moore, Foreword by Junot Diaz, Illustrated by Mia Wolff

\$19.99 / HC / 72 pgs / B&W / 8.4" x 10.4"

Bread & Wine is Samuel R. Delany's autobiographical graphic novel about how he met a homeless man, Dennis, who became his partner.

Written by Black, gay science-fiction writer, professor, and theorist Samuel R. Delany, and drawn by multi-media artist and cartoonist Mia Wolff, *Bread & Wine* is a graphic autobiography that flashes back to the unlikely story of how Delany befriended Dennis, and how they became an enduring couple—Delany, a professor at Philadelphia's Temple University, Dennis, an intelligent man living on the streets. For casual readers and fans, *Bread & Wine* is a moving, sexually charged love story, with visuals informed by Wolff's sensitive portrayal of the couple's physicality. Her black-and-white, pen-and-ink work not only expressionistically represents the characters' "body language" and the bustling New York setting but is also filled with impish art references and visual puns. The scholarly potential for the book, based on the poem "Bread and Wine" by the German lyric poet Friedrich Hölderlin, not only encompasses queer, African American, and graphic novel studies, but also exploration in the literary and paraliterary academic fields.

This updated edition includes a new foreword by the novelist Junot Diaz, the earlier edition's introduction by Alan Moore, commentary by the book's protagonists, Delany and Dennis, and a new interview with Delany and Wolff.

HORROR MONTH

While staying with his great-aunt Kathryn, Evan Ross visits an eerie old toy store. Among the dusty shelves, he finds a can of something called "Monster Blood." The odd, sticky substance really does look like the blood of a creature. It has a greenish glow and sometimes feels warm to the touch. But the most alarming thing about the toy ooze is the way it keeps growing—overflowing its container, then a bathtub, then filling up a whole trash can. Evan worries that all that growing has given the Monster Blood a monstrous appetite... (STL378754) (C: 0-1-1)

THE FIRST CAT IN SPACE AND THE WRATH OF THE PAPERCLIP GN

(W) Mac Barnett (A) Shawn Harris

4.5 billion years ago, on the ancient planet of Theia, an AI paperclip designed to fix grammatical errors attempted a coup. CheckMate was tired of correcting "who" vs "whom"—and concocted a plan to eliminate spelling errors once and for all. It would turn all carbon-based life-forms into something beautiful, practical, perfect. And CheckMate would've destroyed the world too, if not for a fateful crash landing into Earth that buried it deep in debris. It was long forgotten by civilization. Until now. There's only one group who can help them now: the First Cat in Space, the Moon Queen, and LOZ 4000. But when CheckMate zoops First Cat's spacesuit and reverts him into a regular cat, all hope seems utterly lost. (STL378788) (C: 0-1-1)

ROCKY HORROR: A BEHIND THE SCENES LOOK AT THE CULT CLASSIC HC

(W) Mick Rock, Tim Mohr
The Rocky Horror Picture Show, Richard O'Brien's exaltation of B-movie camp and sexual fluidity, is one of the strangest, most-addictive movies ever made. After writing the stage show, O'Brien partnered with Jim Sharman to bring his wacky world onto the big screen. Tanking when it was released, Rocky Horror Picture Show clawed its way out of a cinematic grave through midnight showings in art house theaters, and over decades evolved into a cultural phenomenon. During the 6 weeks of filming was legendary rock photographer Mick Rock, known for his iconic images of David Bowie, Queen, T. Rex, Iggy and the Stooges and Blondie. Not only did Mick capture rare images of the filming, he also captured the unique moments and energy from the cast and crew. For the first time ever, these stunning photographs along with Mick's notes, interviews with cast members, and other production ephemera are brought together in a complete, stunning four-color collection published to commemorate the 50th anniversary of the film's release. Emily is a law enforcement teacher who suffers from an anxiety disorder. Actual law enforcement isn't performed by people, with automatons having replaced humans. In Emily's world, humanity discovered that consciousness occupies multiple dimensions. Technology has allowed them to digitally house minds. Every individual is connected to Geodesics, a powerful AI which converses with each person and guides their decisions. Geodesics is present everywhere, lending it near omnipresence, yet it is not conscious in the same way humans are. The Manifold is an anti-Geodesics organization, their goal to free people from AI and free the city of Geodesics. (STL378877) (C: 0-1-1) **MATURE THEMES**

BOB FINGERMAN'S PARIAH REDUX SC

(W/A/CA) Bob Fingerman
In a modest Manhattan walk-up, a group of survivors are on their last legs. As the end seems nigh, a teenage girl is spotted on the avenue, not only alive but repelling the undead like Moses parting the Red Sea. When she comes to their aid questions of who, what and why she's immune to attack arise. Pariah sets the classic zombie tropes on their ear as the element of immunity to attack is introduced into the mix. Very contemporary, but also taking cues from the classic New York cinema of Martin Scorsese, Neil Simon, Woody Allen and other gritty cinema and literature, Pariah thrusts the reader into a truly dire survivors' tale, capturing the desperation and resolve of its disparate cast. SUN EATER ACT 1 TP

(W) Dylan Sprouse & Various
(A/CA) Diego Yapur

Sun Eater takes place in ninth century Norway, where a drug-addled warrior sacrifices his leg to the Gods. In return he is fused with a parasitic beast, giving him the power to rescue his son from his sworn enemies—history's first Norwegian king and his five personal guards. The result is a grim and bloody adventure, a dark metaphor for drug addiction, selfishness, and the children it affects. Kveldulf, a character written for and dedicated to Sprouse's mother, is a fantastical rendering of what he wished she could've been when he was growing up. The Norwegian setting and its mysterious clans and violent sagas are based on stories told to Sprouse by his Scandinavian-American grandparents. (STL378881) (C: 0-1-0)

Humans grow and age. They change. But always we are the same person, the same creature. Not so with insects, whose powers of metamorphosis alter not only their shape and size, but also their very beings. And now, because of one young man's unhealthy obsession with bugs, humans also find themselves transformed into disgusting, decrepit, bloodsucking insect monsters! Published in 1975, Koga Shinichi's *Mansect* is a shonen horror classic by one of the undisputed masters of the genre. Swarming with mesmerizingly gnarly imagery and freakish bio-evolutionary speculation, Koga here demonstrates why his name is uttered with the same quivering reverence as horror manga legends Mizuki Shigeru, Umezumi Kazuo, and Ito Junji. WATER MIRROR ECHO: BRUCE LEE AND THE MAKING OF ASIAN AMERICA HC

(W) Jeff Chang

More than a half-century after his passing, Bruce Lee is as towering a figure to people around the world as ever. On his path to becoming a global icon, he popularized martial arts in the West, became a bridge to people and cultures from the East, and just as he was set to conquer Hollywood once and for all, he died of cerebral edema at age thirty-two. It's no wonder that Bruce Lee's legend has only bloomed in the decades since. Yet, in so many ways, his legend has eclipsed the man. Forgotten is the stark reality of the baby boy born in segregated San

Francisco, who spent his youth in war-ravaged, fight-crazy Hong Kong. Forgotten is the curious teenager who found his way back to America, where he embraced West Coast counterculture and meshed it with the Asian worldviews and philosophies that reared him. Forgotten is the man whose very presence broke barriers and helped shape the idea of what being an Asian in America is, at the very dawn of Asian America. *Water Mirror Echo*—a title inspired by Bruce Lee's own way of moving, being and responding to the world—is a page-turning and powerful reminder. In a time gripped by fear and uncertainty, disorder pervades the desert, and its citizens have started to go missing—including Moo's former mentor, the respected Sheriff Mary Quine. With shadows growing across the mesa, Moo must navigate old grudges, new alliances, and a conspiracy that reaches deep into the heart of the mesa's past.

Bringing together the nostalgic charm of the beloved Saturday morning series with a pistol-slinging new vision, follow Moo Montana, Dakota Dude, Cowlamity Kate, and more into a saga of justice, mystery, and redemption in a world where honor wears a hat and rides a steed. This is Moo Mesa like you've never seen it before—deeper and more daring. Saddle up!

WHEN YOU'RE A COP IN THE YEAR 2142, YOU CAN'T AFFORD TO TRUST ANYONE . . . NOT YOUR PARTNER, NOT YOUR SPOUSE, NOT EVEN YOURSELF!

From rising star Jordan Thomas (*Mugshots*) and powerhouse artist Daniel Gete (*Biker Mice from Mars*), the hyper-kinetic, near-future action epic *SKIN POLICE* returns with AN ALL-NEW JUMPING-ON POINT that begins with a no-holds-barred turning point for a world where morally gray law enforcement, black market illegal cloning, and political strife are about to boil over in a hail of gunfire . . .

Agents Eckis and Sheen swore an oath to protect the civilian population from the eminent danger of the rogue black market clones known as "Dupes" that can suddenly "pop" without any advance warning—which means any passerby on the street or subway could possibly become an unhinged spree killer on a moment's notice. In return for their service, however, the public has dubbed Eckis, Sheen, and their fellow agents the "Skin Police"—an insult handed back by a populace unwilling to sacrifice their own civil rights for the agents' unprecedented duties in light of the Dupe threat. But what if these illegally manufactured clones doppelgängers weren't as deadly as initially believed? What if they could be saved? And, as the underground resistance movement supporting them grows, what if their leader proved to be someone uncomfortably familiar to the Skin Police?

ENTER: BLOODRYCK! Rick and Morty's infinite secret crisis across many, many (and then some) Earths is about to get REALLY crazy as chaos-incarnate creators Daniel Kibblesmith (*Loki*) and Jarrett Williams (*Speed Force*) launch an overmuscled, overpowered, self-aware, power-fantasy version of Rick hell-bent on killing every other copy of himself into the midst of Rick and Morty's first-ever summer event!

In order to escape, he'll have to recruit an expendable squad of NON-CANONICAL RICKS all from outside of continuity. You've heard of the DIRTY DOZEN, now meet the NON-CANONICAL NINE! For those of you in the back: Yes, that's nine—count 'em—nine obscure Ricks from outside any continuity we've ever encountered before. And all of them are on the run from Bloodryck!

Wait, this is the first appearance of BLOODRYCK and THE NON-CANONICAL NINE, too? If you're thinking what we're thinking, surely this comic will be worth one billion dollars one day. Buy three (and thank us later)!

BAD BOY: A GRAPHIC MEMOIR GN

(W) Walter Dean Myers, Guy Sims
(A) Dawud Anyabwile

Legendary author Walter Dean Myers was once a troublemaker and a truant. Just how bad was he? From instigating mischievous pranks at home to fighting in the classroom—especially when teased about his speech impediment—irrepressible Walter was more than a handful. Underneath it all, he had a tremendous love for books, and by high school, he longed to become a writer. But financial troubles at home made him feel as though his options were so limited that he dropped out of school. Still, his desire to write was as irrepressible as Walter himself. If he could only be given the chance... Walter recounts what growing up in Harlem was like in the 1940s and 1950s—when seeing Langston

Hughes and Sugar Ray Robinson on the street was the norm and Jackie Robinson ruled the baseball field. (STL378796) (C: 0-1-1)

SCARLET MORNING HC

(W/A/CA) Nd Stevensom

From the powerhouse creator of *Nimona* comes a breathtaking illustrated novel, the start of a duology, following two orphans who leave the only home they've ever known to sail with an eccentric crew of pirates. Fifteen years ago, when the dastardly pirate Scarlet Morning killed the Queen of Dickerson's Sea, a terrible storm began. Now, there's nothing left of the old world: not a queen, not the law, and especially not pirates. Viola and Wilmur have been waiting for their parents for fifteen boring years in the colorless town of Caveat. Their lives are a drudge of salt, trash, pirate stories and what-ifs... until one very stormy night, when Captain Cadence Chase breaks down their door. They cut a deal with the captain: Chase can take their most prized possession, a mysterious book, but only if she takes them, too. After all, if their parents aren't coming, Viola and Wilmur might as well have a grand adventure to find them. Setting sail into the treacherous and beautiful world beyond Caveat, the two inseparable friends must uncover the facts behind legend—and the key to saving all of Dickerson's Sea from obliteration—before the truth tears them apart. (W) Sophie Rickard, Ethel Carnie Holdsworth
(A) Scarlett Rickard
When the Lancashire cotton mill that employs them burns to the ground, sisters Rachel and Hester Martin are each forced to find their own way to survive in the harsh realities of prewar industrial Britain. Part compelling narrative epic, part fiery Marxist-feminist polemic, this faithful, sumptuous, and revelatory adaptation by the award-winning Rickard Sisters reclaims a lost classic by holding it up as a mirror to our own hard times, and as a gloriously flaming beacon to future communities to offer strength, hope, and dignity. He's not short of currency, but yachts and trophy wives don't float his boat. He's not right-wing and he's not left-wing; he is knowing... and he knows who is harming the children. He's hatching a plan to stop them whilst juggling pressing matters on his own doorstep: greedy builders, a visitor with a gun and public displays of his daughter's privacy, all need his attention, too. Set over fifteen full color issues this beautifully illustrated comic masterpiece is the life's work of just one man: a talented, deep-thinking artist who dares to buck the trend and take a vital stand for freedom of speech, against the encroaching age

of political correctness and cancel culture. (STL379058) (C: 0-1-2)

Following the harrowing news that a close friend is missing, Peter Mantus urgently travels to New Orleans to attempt to assist in locating him. While investigating a body that may be his missing friend, Peter, a renowned expert in the supernatural and ritual killings, discovers that his friend's situation isn't an isolated incident, as a rash of disappearances and dead bodies of little more than burnt husks seem to have descended upon the city. Peter fears this trail of brutally burnt bodies points heavily to dark ritual human sacrifices. While continuing his own investigation, Peter is approached by a grieving mother desperately looking for answers and her own missing daughter. Because of his vast experience in cases such as this, Peter Mantus feels strongly

that demonic spiritual entities are responsible for this horror and he focuses his search into discovering the identity of the individual responsible for summoning the dark forces and putting an end to this chaos before the city, and perhaps the world, is engulfed in the released darkness. I NINA GN

(W) Daniel Chmielewski

I Nina is a graphic novel adaptation of Nobel and Man Booker Prize winner Olga Tokarczuk's book *Anna in the Tombs of the World*. The story is based on the ancient Sumerian myth of Goddess Innana's journey into the Underworld. Daniel Chmielewski deftly transports the narrative into a near-future dystopia where humanity survives in a hermetically sealed multilevel world.

As society slowly decays under a 'social currency' regime, Nina, "no-one," becomes the focus of long-buried revolutionary energies that could change everything. Evoking classic works of Enki Bilal and Moebius, *I Nina* is a provocative science-fiction graphic novel for the present age. (STL378465) (C: 0-1-2) HC, 9x12, 152pgs, FC..... \$34.99

BIOGRAPHIX: CHRIS CLAREMONT SC

(W) J Andrew Deman

Chris Claremont (b. 1950) is best known for his landmark sixteen-year author run on *Uncanny X-Men*. This is the longest author run in Marvel comics history, one that saw *X-Men* go from a title on the verge of cancellation to one of the most popular comics for over a decade and, eventually, a multibillion-dollar film franchise. The story of Chris Claremont is the story of a creator who achieved popular success whilst making a significant artistic contribution to his chosen medium, including the first African American superheroine, the first Black superhero team leader, the first canonically Jewish Marvel superhero, extensive queer subtext, extensive BDSM imagery, the first superhero team with a strong female roster, and the best-selling single-issue comic of all time. This volume heralds an impressive career and marvels at how Claremont accomplished all of this within mainstream comics. (STL378181) (C: 0-1-1)

EXPLORING GRAPHIC NARRATIVES OF TRAUMA AND HEALING

EDITED BY JORDAN TRONSGARD

COMICS AND CATHARSIS: EXPLORING GRAPHIC NARRATIVES OF TRAUMA AND HEALING SC

Comics and Catharsis: Exploring Graphic Narratives of Trauma and Healing explores the idea that trauma and healing hold an imbalance in many forms of literature—but especially in the world of comics. Whether it be war-based, national, physical, or sexual trauma, this volume looks at a wide variety of trauma and the psychological pain and devastation that arise during and—crucially for the question of trauma narratives—following the events as the psychological (and often physical) wounds are processed. Viewing trauma through the lens of comics such as *Maus*, *Persepolis*, and *Fun Home*, as well as works by comics writers who are little-known or unknown outside their communities, contributors analyze how trauma

is used in artistic style, writing, and overall storytelling. (STL378180) (C: 0-1-1)

The Ring gates are open, as *The Expanse* RPG advances its timeline to the fourth novel in the series, *Cibola Burn*. The Ring, a massive construct created by the protomolecule out near the orbit of Uranus, is a portal into a strange non-space known as "the Slow Zone." Centered on an ancient alien station, it connects to more than a thousand other portals to a thousand different star systems, each with one or more worlds shaped by the ancient aliens who created the protomolecule and intended to do the same to Earth. Now they are long gone, and vast frontiers have opened for human settlement and exploration. *Beyond the Ring* details the Slow Zone, Medina Station, travel through the Ring gates, and some of the many systems found beyond them, along with tools for Game Masters to design their own systems for characters to explore. *Beyond the Ring* opens up a whole new type of adventure for *The Expanse* RPG, as characters travel to distant star systems and face unknown perils. FIGHT THE FUTURE

Everyone knows the days of keeping unbagged comic books lying around are long gone – bags and boards are a forgone conclusion in this modern world of collecting. But what about when a bag and board aren't enough? Do you want to lie awake all night worrying that your comic is developing irreversible stresses that will reduce its value a thousandfold? You need something a little tougher to keep that comic safe, and IronGuard Supplies has just the thing. In addition to a full range of bags and boards in all sizes, IronGuard now offers comic toploaders, rigid sleeves that will keep your comic protected from even the most unforgiving longbox. Sleep easy, my friend.
