PREVIEWS FROM THE EDITOR

SO LONG, SUMMER. IT'S BEEN A HOT ONE...

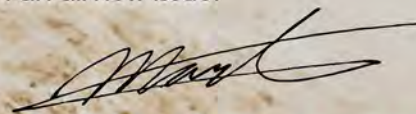

Greetings everyone. I hope your July was good and that you had no problems or worries. We're back again with the August 2025 issue of **PREVIEWS**! It's the last hurrah for the Summer of 2025 and man has it been a hot one. There's also been some great flicks at the movies this year... *Jurassic Park: Rebirth*, *Superman* and *Fantastic Four: First Steps* were all welcome distractions from the blazing summer heat.

And speaking of distractions, there's one thing I always find distracting, and that's a nice big hardcover volume of a favorite comic book series! I've recently acquired omnibus editions for such classic Marvel series as *ROM Spaceknight* and *The Micronauts* — a couple of personal favorites from the '80s — back for a whole new generation (and OG collectors like me!) to enjoy again! And in that spirit, we're once again celebrating our *TITANIC TOMES* theme this month.

Yep, big books are heavy but cool, and there's nothing like sitting down to pore over one of these massive publications like a monk researching ancient scripts! At least the lighting should be better these days. And over on pages 40-41, you'll find our spread detailing but a few of these *TITANIC TOMES* that you can pick up at your local comic shop. After checking those titles out, you can continue your search for more *TOMES* throughout our Print sections — just look for the *TT* icon!

Our thanks to you for checking out this digital issue of **PREVIEWS**. Please continue to go to Previewsworld.com/Digital to download your FREE copy of **PREVIEWS** each month! We'll be back in September with an all-new issue!

Please tell us a bit about yourself!

A lifelong comic book fan, I worked my way up from an intern to a full editor at DC Comics where I helped create 100s of comics featuring DC's iconic characters and even wrote a few myself. After seven years, I transitioned into film, where I teamed with WB Pictures and New Line Cinema for 12 years to bring DC's characters to the big screen. Now, I get to combine all my experience and love for comics into my role as "Head of Studio" and "Executive Editor" at the new horror company I co-founded — *PANICK Entertainment*. And I'm even bringing my own original creations to life!

What are your favorite projects you've contributed to over the past decade?

As an editor, I had the opportunity to work on so many projects I'm incredibly proud of, but most of all is the universe spanning, epic event series *Blackest Night*. What a fun ride, working alongside so many talented people. As a writer, it was scripting the mini-series *Flashpoint: Abin Sur* and *Flashpoint: Hal Jordan*, as well as an Animal Man story in *Untold Tales of Blackest Night*. And on the film side, I was honored to be an Executive Producer on the movie *SHAZAM!*. The film has so much heart and joy and will always make me smile.

What are you currently working on?

I'm extremely excited for the world to check out *T.A.M.A.*, the virtual pet that's *gotta kill 'em all!* Growing up, I had a Tamagotchi and played plenty of *Pokémon* games, but eventually I stopped paying attention to my virtual creatures. That's how the concept popped in my head: what if one returned, furious it was neglected and now wants bloody revenge!

Teaming with my co-writer Doug Pasko, we built an entire world around the idea, all stemming from an abandoned video game called "*CompAnimals*". And believe me, it was shelved for a reason! All of the creatures have major trauma, just like you or me.

Our main character is a teen named Kit, who's dealing with his own trauma. His dad recently passed away and his mom has been unable to cope, tossing herself into work and leaving Kit feeling completely neglected. When Kit discovers the *CompAnimals* game, he activates the virtual pet TAMA, who quickly becomes his best friend. Kit's surprised to discover that though he can only see TAMA virtually using VR or augmented reality (think *Pokémon Go*), TAMA can interact with the real world... and can slaughter people in it, too!

If you ever had a virtual pet, dabbled in the world of *Pokémon*, or enjoyed shows like *Stranger Things*, *T.A.M.A.*'s the book for you!

What indie titles are you currently reading?

The most innovative creativity comes from the Indie scene. I'm enjoying so many amazing titles such as the adorable animal horror of Image Comics' *Feral* from Tony Fleecs and Trish Forstner, and Image's *The Horizon Experiment* by writer Pornsak Pichetshote and Terry Dodson.

USER'S GUIDE

There's a *lot* of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

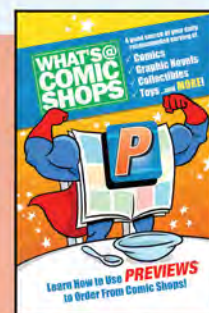

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

INTERVIEW WITH MICHAEL MORECI & TODOR HRISTOV

ABLAZE: What is your history with the Nosferatu character and his world? Is the character one you've had a personal interest in before this project?

MM: I've loved Nosferatu for as long as I can remember. The original movie is one of the most chilling, haunting stories ever captured on film. That era of German expressionism changed film, helped create it, and as a film buff, I'm obsessed with that period. It's such a powerful, strange movie—almost like it's a cursed object, in a way. Every time I watch it, it's like a whole new experience. That's how rich it is.

ABLAZE: There have been other iterations of Nosferatu over the years. Did you dig into any of these in researching for this story? Any other delving into vampire/monster lore?

MM: Not really, no. I want this story to be connected to Murnau's vision and nothing more.

I did look at some lore, specifically the lore within the movie's text itself. We kinda take for granted that the film specifically references werewolves like it's no big deal, not to mention all its allusions to the occult.

ABLAZE: Readers and viewers keep coming back to Nosferatu. What do you think is the appeal of the character?

MM: There's something kind of primal about it, because it's about more than a vampire. It's about death, death as this plague-level force that is coming for you, relentlessly, and there's nothing you can do to stop it. That's what Orlock is: He's death. And in that, we find fascination. Sure, we're frightened of it, and the figure of death, Orlock, is revolting. And yet we can't look away, as we know we'll all be staring at this truth sooner or later.

TH: The appeal is universal! It's the first unofficial adaptation of Bram Stoker's *Dracula* and the visuals, despite being limited by the era in which it was created, are quite well composed and impactful. There's something quite visceral and unforgiving about the raw black-and-white footage, and to see the monster come to life for the first time, so dangerous and haunting. It holds a special place in the pantheon of cinema.

ABLAZE: Do you have any specific working practices or tools that you use? Do you need a specific routine/environment to help the workflow?

MM: Not really. I'm grizzled old vet, haha. I just sit down at my desk at 9 am and I write until around 3, when it's time to get my kids.

TH: Honestly, nothing too specific or fancy. I use both traditional and digital mediums for my projects. Some scenes just look and feel better on paper, others are more complicated, and digital just allows more freedom and saves time. As for routine, I prefer to work in isolation and silence these days. Rarely, I'll put on a podcast or instrumental music, but I found my brain works best and fastest when there is no background noise.

ABLAZE: What are you reading at the moment (comics, prose)? Any favorites in general that you think readers should check out?

MM: I'm a film obsessive, so I'm always reading books about film. I just finished Nick De Semalyn's *Last Action Heroes*, which was fantastic.

If people want to read more about the period of history in which Nosferatu was made—this post-World War I era of film, specifically—I highly, highly recommend *Wasteland* by W. Scott Poole. It's incredible, and it really shows how these cinematic nightmares were born and put on film.

ABLAZE: What have been your greatest creative influences?

MM: Too many to count!

TH: Ahh, this will be hard. My artistic influences are in the world of fine art, comics and cinema. Honestly, there's too much to name just a few, but lately I am looking a lot at some classic Russian painters and reading a lot of manga and American mainstream comics from early 2000s.

ABLAZE: *The Book of Nosferatu* has specific time-and-place influences when it comes to the environment and character design. Was there any interesting research required going in? And do you have a favorite aspect to portray within this story?

TH: Yes, the period is very interesting. The story takes place in the territory of the Habsburg Empire, but it's closer to the region of Transylvania and Hungary. And they have very specific cultural heritage and costumes and clothing that is different from the Austrian and German. It's closer to what we see in Bulgarian and Wallachian ethnic clothing from the period. It's very richly ornamented, especially women's clothes, so I had to find a way to simplify but keep the overall feel of the period and geographic area.

ABLAZE: What can fans expect from the *Book of Nosferatu*?

MM: It's not an origin, let me say that. And it's not a cutesy, easter egg-laden slog, either, where I'm trying to reference the source material so much I can't tell my own story (which is what so many IP stories do). It's a slice out of Nosferatu's life. A moment. He takes a woman, and her husband pursues her, coming closer to this darkness—this death—and seeing himself transform in the process. You can't follow Orlock, you can't be like him... without paying a price. That's what this story is all about.

THE BOOK

The timeless comic strip *Friday Foster* features the story of a former nightclub “camera bunny” turned photographer’s assistant turned fashion model. With an innate inclination to help others and a natural beauty that makes her a magnet for men, Friday often finds herself in some very sticky situations and world-class adventures. The strip is generally cited as the first mainstream (i.e. nationally syndicated) comic strip starring a Black woman in the title role and features a mixture of adventure and romance, often with social commentary thrown in for good measure.

ABLAZE’s collection reprints the classic, full-color Sunday newspaper strips created by James D. “Jim” Lawrence (of Buck Rogers and James Bond fame) and illustrated by Jorge “Jordi” Longaron, then later Gray Morrow. Running from 1970-1974, this strip inspired a single-issue comic book from publisher Dell Comics in 1972 and, ultimately, a 1975 film starring Pam Grier. The book also contains a significant bonus section including multiple interviews, an expanded sketchbook section, artwork, photos, essays, articles, behind-the-scenes info, and more!

JORDI LONGARON
THE MAN WHO CREATED THE ICONIC
BY DAVID MORRIS

Jordi Longaron was born in Barcelona in 1935. He began to draw as a young boy and was inspired by comic books. He moved to the United States in 1955 and worked for several years as a commercial artist. He then began to create his own comic strip, *Friday Foster*, which was published in 1970. The strip was a success and ran for several years. Longaron's work on the strip was a significant part of his career and he is remembered for his contributions to the comic book industry.

The original comic strip panels for Friday Foster, showing the character's early adventures and her relationship with the photographer.

Reeling from a tragic past, with only a gun and a Western novel to his name, Silvano sets out to take back from the country that took so much from him by robbing the first skyscraper West of the Mississippi. But acts of retribution are never as simple as they seem, as his target is home to an eccentric fraternal brotherhood hiding their own dark secrets. By Silvano's side is an old west novel featuring famed gunslinger Solomon Eaton. As both stories unfold simultaneously, the mythic Western informs choices in reality, for better or worse. But all of that changed when the family's patriarch, Didache Vines, was in a horrible accident that left him paralyzed and in a wheelchair. Now, the sacrificial and murderous duties of the Vines family have fallen to wife and matriarch, Maranatha Vines. Omnibus and deluxe editions have become one of comics' most popular formats; huge hardcover volumes that collect between their covers large chunks of a comic book series or an *entire* series run. What makes a "Titanic Tome"? First and foremost, it's the volume's overall size. Whether a book stretches its format past the standard 7" x 10" or 8" x 11" sizes or pushes its page count into upper digits past 200 pages (you know, **PREVIEWS** territory, thank you very much!), one thing is abundantly clear for these hefty publications — size *does* matter!

And this month we are once again celebrating these *TITANIC TOMES* throughout this issue, and we've got a nice cross-section of offerings to tempt you with here... as well as elsewhere throughout this issue!

CATHY 50TH ANNIVERSARY COLLECTION BOXED SET

Take a trip down memory lane with this celebratory 50th anniversary collection of Cathy, curated from an iconic 34-year run of the beloved comic strip. The Cathy comic strip debuted in 1976, the first of its kind to center on modern womanhood in a funny and relatable way. Starting at a time when women were forging into careers and men were wondering what happened, the iconic strip became a voice for women finding their way in a new world. For 34 years, Cathy tackled everything from tragic blind dates, insane diet trends, sexist workplaces, and deep, unbreakable bonds with Mom. As the reality of womanhood morphed from the late '70s to the mid-2000s, Cathy wrestled her way through love, life, food, and work, and opened the door for a new generation of female comics and illustrators to follow in her footsteps. FIGHT THE FUTURE

Everyone knows the days of keeping unbagged comic books lying around are long gone – bags and boards are a forgone conclusion in this modern world of collecting. But what about when a bag and board aren't enough? Do you want to lie awake all night worrying that your comic is developing irreversible stresses that will reduce its value a thousandfold? You need something a little tougher to keep that comic safe, and IronGuard Supplies has just the thing. In addition to a full range of bags and boards in all sizes, IronGuard now offers comic toploaders, rigid sleeves that will keep your comic protected from even the most unforgiving longbox. Sleep easy, my friend.

OZ. You think you know the whole story. You don't. What you've seen in the movies is only a small percentage of the story. There is so much more to explore in the universe created by L. Frank Baum—so many regions to visit, so many fascinating characters to meet, so much history to learn, so many stories to tell. With *Ultimate OZ Universe: The Lost Lands*, writers Cullen Bunn and Larry King and artist Mike Deodato Jr., introduce you to a version of this amazing fantasy realm you have never seen before—a universe that is deeper, richer, and more exciting than you've ever imagined—through modern takes on the classic tales that reintroduce legacy characters—Dorothy, Toto, Tin Woodman, Scarecrow, Cowardly Lion—and introduce a host of fascinating new characters who will quickly capture your heart—Jack Pumpkinhead, Princess Ozma, Glinda the Good, Tip, Sawhorse, and Hungry Tiger. A new chapter begins. The secrets of OZ await!

THE WITCH'S EGG GN

(W/A/CA) Donya Todd

By the Sardine Queen, by salt and the devil, by blackwormy earth, and by the deep, dark sea, the catwitch Urh conjures an angel to love her and have children with her. But angels aren't meant for love, and with the embryonic egg of their unborn children, Urh flees from her partner's violence, enduring terrible trials to find a new and safe home in the faery forest. As her children, Isobel, Batzel, and Mazel, grow up with her, they find the horrors their mother endured during her flight to the forest returning to their lives — this time for the three of them to defeat for good. With secret magic, solemn bonds of friendship, and sisterhood, they can at last stand against the threat of the angels' terror and insanity in this dark fairy-tale of motherhood, magic, and

Turn back the clock with *History Comics!* In October 1929, a stock market crash in the United States caused millions of people to suddenly lose their savings, their jobs, and everything they owned. Many had to survive by waiting in long breadlines for free food, building their own homes from trash, and making clothes from scraps. Some rode railroad cars in a desperate search for work, only to end up on farms battling huge dust storms. This was the Great Depression, a time of tragedy but also one where people showed immense grit, determination, and innovation. (STL381407) (C: 0-1-2)

In this latest volume of the *Dark Garbage* series, the ill-fated character, Poef's, backstory is explored, and it is revealed why his head is comprised of two faces.

In *Poef's Second Head*, Esther, a body builder, and Mona, a butterfly, continue their fruitless search for an elusive elixir that they think will restore their lost powers. What those powers are, they don't know, but that doesn't stop them from embarking on a cornucopia of odd and poignant quests in order to find out. Funny and tragic, *Poef's Second Head* is an exploration of what it means to be alone, what it means to be alive, and how those two states inform each other with humor, tenderness and the pleasing quirkiness of Em's *Dark Garbage* world. HERITAGE HOUSE

SEPARATED FROM SANTO GN

(W) Brian Barazzuol
(A/CA) Cam Drysdale
In 1933, Santo and Alice Pasqualini left their native Italy and settled in Vancouver, Canada, to create a new life far away from the burgeoning madness of Europe. The couple opened a bakery and became naturalized residents of their new country, avoiding politics and concentrating on working hard and building a family. Unfortunately, their refuge was short-lived, when Santo was arrested for being an "enemy alien" and interned first in Kananaskis, Alberta, and then in Petawawa, Ontario. Italian Canadians, similar to Japanese and German Canadians were considered a threat to the country and therefore, these individuals, mostly male, were imprisoned with no release date determined. Santo, a hardworking man who loved his family, lost his bakery, delivery truck, and house. Meanwhile, his wife and children struggled to get by, as he was interned for twenty-four months, with little to no communication between him and his family. Told in dynamic graphic novel form, *Separated from Santo* depicts an individual who was mistreated, who persevered, and eventually was reunited with his family. Written by the great-grandson of Santo and Alice, this poignant and powerful story is a reminder to see the humanity behind every so-called "enemy." (STL381551) (C: 0-1-2)

In 1896 Bombay, under British rule, a concentration camp holds Izna, a plague-infected and famine-stricken being. Mutated through medical experiments, she, along with others, becomes a mutant. British officers invite famine photographer William Wallace Hooper to document the mutants, unaware he's controlled by a shape-shifting vampire called Pisach. GOLDEN AGE CLASSICS: THE SPIRIT VOLUME 5 HC

(W) Will Eisner (A) Will Eisner, Lou Fine (CA) Will Eisner

Quality Comics was an American comic book publishing company that operated from 1937 to 1956 and was largely influential in creating the Golden Age of comic books. From 1940-1950, printer Everett M. "Busy" Arnold reprinted *Spirit* stories under his Quality Comics banner, first individually from 1940-1947 as one of the features in 92 issues of Police Comics and from 1944-1950 as 22 issues of The Spirit. The Spirit is a fictional masked crime fighter created by cartoonist Will Eisner, who fights crime with the blessing of the city's police commissioner Dolan, an old friend. Despite the Spirit's origin as detective/criminologist Denny Colt, his real identity was rarely referred to after his first appearance, and for all intents and purposes he was simply "The Spirit." The stories are presented in a wide variety of styles, from straight forward crime drama and noir to lighthearted adventure, from mystery and horror to comedy and love stories, often with hybrid elements that twisted genre and reader expectations. PRE-CODE CLASSICS: WEB OF EVIL SOFTEE VOLUME 4 GN

(A) Charles Nicholas & Various

We probably already said this before but this title has the lot ... including persuasive evidence that animated corpses (that's zombies to you, fella) used to be gray and had see-through rib-cages. Just shows you how far medical science has come in the almost seventy intervening years. They're all good, these books we're bringing out (bringing out? Heck, we're unleashing 'em!) but this one may well be the gerkin on the burger. Presented in our popular "softee" format for the very first time! (STL381597) (C: 0-1-2)

PRE-CODE CLASSICS: WHITE PRINCESS OF THE JUNGLE VOLUME 1 HC

(W) Everett Raymond Kinstler (A) Louis Ravielli, Gene Fawcette

Simmons and his wife came to Kraal of the Tauruti tribe in Africa, with a baby girl, they called Taanda—whose hair was as red as the sunset. They lived with the Tauruti tribe for a long time, until exploring a ruined temple, they were attacked and killed by a tribe called the Jhibuti, whose chief Upatani took the girl Taanda and raised her as his own! She grew up protecting the people and animals from poachers, monsters and witch doctors using her powers and abilities—she was as fast as any beast and as strong as a man. And could swing through the tree like a monkey and often rode a zebra over long distances. She was skilled with a bow, spear and knife. (STL381607) (C: 0-1-2)

He spends his days in the sweltering heat of the neighborhood, at the movie theaters, playing tackleball, or drawing—but there's no money for him to go to school. As death, addiction, and violence swirl through the neighborhood, Johnny grows up with friends, adventures, and magic around

him. And he discovers how to use art, beauty, and personal strength to transcend the forces destined to hold him back. (STL381034) (C: 0-1-2) SC, 7x10, 144pgs, FC\$20.99

MY LIFE IN 24 FRAMES PER SECOND HC

(W) Rintaro

An autobiography in manga form from legendary anime director Rintarō. Fully illustrated and with a foreword by director Katsuhiro Otomo, creator of *Akira*, this inspiring memoir is the unique journey of an animation trailblazer. Born in 1941 in Tokyo, Rintarō joined the Japanese animated film company Toei Animation in 1958 at the young age of 17. Even in his humble beginnings, when he was involved in putting the finishing touches on the animated film *Legend of the White Serpent*, Rintarō made unfathomable waves for anime as we know it, with Hayao Miyazaki citing it as a core inspiration in becoming an animator and director rather than a manga artist. In 1960, Rintarō transferred to Mushi Production, an animation studio established and overseen by the "god of manga" Osamu Tezuka himself. He made his directorial debut with the TV anime *Astro Boy* (1963-66) and served as the chief director for the first-ever full-color TV anime in Japan, *Kimba the White Lion*. Rintarō returned to Toei in 1977, and in 1978 his directorial work on *Space Pirate Captain Harlock* caught the attention of the then-president of Toei Animation, leading to his appointment as the director of the theatrical version of *Galaxy Express 999*. *My Life in 24 Frames per Second* is a journey filled with encounters, opportunities, endless nights, jazz, cigarettes, but above all, cinema. REVOLTECH AMAZING YAMAGUCHI: NINJA GAIDEN 3—RYU HAYABUSA FIGURE

From Kaiyodo. Ryu Hayabusa, the legendary Dragon Ninja from Koei Tecmo Games' *Ninja Gaiden* series, returns to the *Amazing Yamaguchi* line in his *Ninja Gaiden 3: Razor's Edge* appearance! This version features a completely redesigned ninja costume, complete with a dynamic, battle-worn muffler that flows with every pose. His right arm, corrupted by the curse of the "Massacre's Killer," has also been faithfully recreated—and can be swapped out for a normal, uncorrupted arm for display versatility. In addition to his signature Dragon Sword and shuriken, this release includes powerful new weapons like the massive Eclipse Scythe and the Musou Shingetsu-gun. With fully articulated joints, expressive posing options, and eye-movement features brought to life by sculptor Katsuhisa Yamaguchi, this figure delivers high-intensity ninja action like never before!
