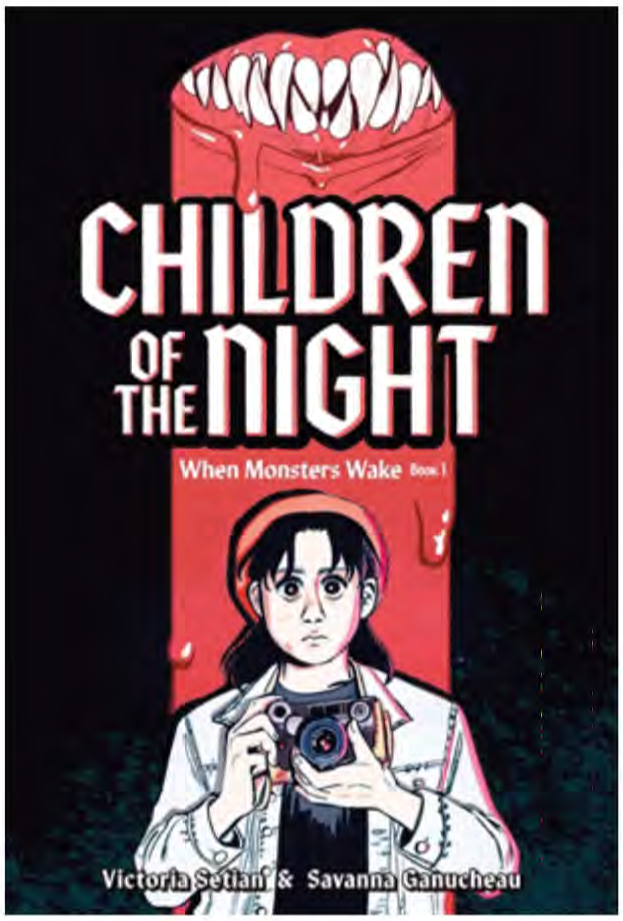
WHEN MONSTERS WAKE

Children of the Night (When Monsters Wake Book 1)

A GRAPHIC NOVEL

- WRITTEN BY VICTORIA SETIAN; ILLUSTRATED BY SAVANNA GANUCHEAU

A thrilling, spine–chilling YA graphic novel from debut author Victoria Setian and *Bloom* artist Savanna Ganucheau—a modern spin on the classic horror novel *Dracula*



Mina Murray is followed by death . . . At least, that's the rumor in her small town of New Whitby. An aspiring photographer, Mina has a knack for creeping into unsettling locations to find interesting shots; graveyards, crypts, or funeral homes, no place is too weird for her. But when a ship named the Demeter crashes on a nearby shore, Mina's explorations uncover a whole new level of weird: Feral dogs, large boxes of dirt, and most notably, the body of the ship's captain, completely drained of blood.

Shocked by the grisly scene, Mina sets out to unearth the truth behind what happened on the ship. But the deeper she digs the stranger things get around town. The head editor of her high school's newspaper goes missing. Her best friend falls ill, plagued by nightmares of a massive, terrifying creature. And the handsome new transfer student, Raf, seems to have everyone under his thrall . . . including Mina's crush, Jon. It's clear that something ominous is going on, but will Mina be able to figure out who—or what—is the cause? Or is New Whitby doomed to become the hunting ground of this evil . . . forever?

Victoria Setian started her career on the third floor of DC Comics in the heart of New York City. She eventually landed a role on the DC interactive team, working on games such as the Batman: Arkham series, *Mortal Kombat X*, and *Just Cause 4*. When she's not tinkering on her next project, she's hanging with her family or practicing Armenian folk dance. **Savanna Ganucheau** is a comic artist from New Orleans. She is the coauthor of *Bloom* (with Kevin Panetta in 2019), which received a distinction from the Junior Library Guild, a GLAAD Award nomination, and was Amazon's pick for Best Graphic Novel of 2019. In 2021, she adapted the novel *Turtle in Paradise* into the graphic novel format. Ganucheau has also contributed to comic series such as *Adventure Time, Lumberjanes, Jem and the Holograms*, and *The Backstagers*.

Worst-Case Scenario

A NOVEL

- BY RAY STOEVE

New from Ray Stoeve comes an enemies–to–lovers romance about nemeses who are forced to share their school's Queer Alliance presidency following a tie in the election

Sidney has one goal for their junior year. Well . . . two, if they're being honest. Number one: become president of their school's Queer Alliance club. And number two: keep their self–diagnosed anxiety in check so their grades don't tank like they did last year.

But when the election results in a tie with none other than Sidney's arch nemesis, the class clown Forrest, the two are forced to share the presidency until a revote at the end of term. Sidney expects Forrest to be insufferable, but it turns out that working together is . . . kind of nice?

As surprising feelings for Forrest emerge, Sidney's techniques for managing their anxiety stop working. With the reelection approaching and assignments starting to pile up, will all this pressure be too much for Sidney to handle on their own?

Ray Stoeve is the author of the young adult novels *The Summer Love Strategy*, *Arden Grey*, and *Between Perfect and Real*. They also contributed to the young adult anthology *Take the Mic: Fictional Stories of Everyday Resistance*. They received a Made at Hugo House Fellowship and created the YA/MG Trans and Nonbinary Voices Masterlist, a database that tracks all books in those age categories written by trans authors about trans characters. When they're not writing, they can be found gardening, making art in other mediums, or hiking in their beloved Pacific Northwest.

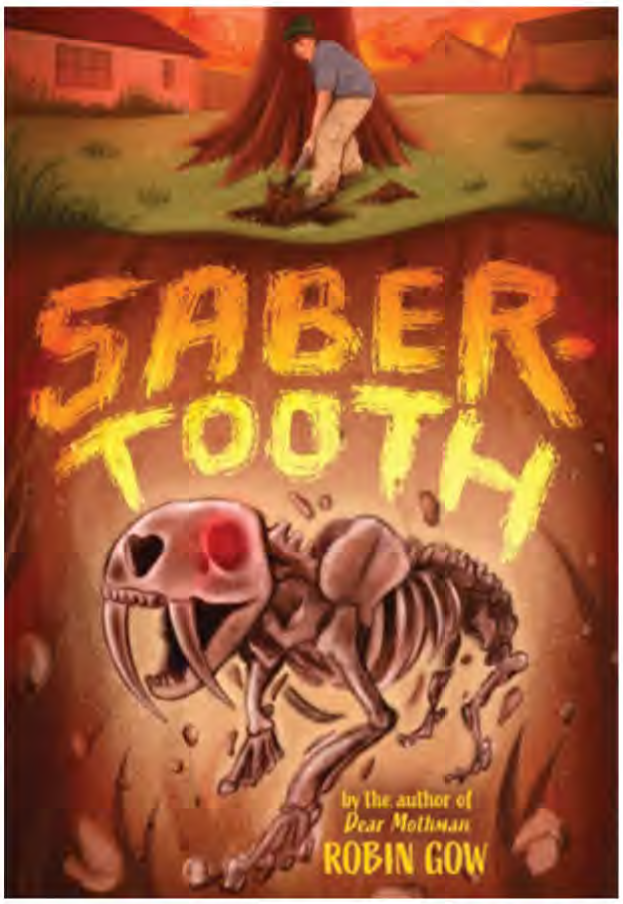
Saber-Tooth

A NOVEL IN VERSE

- BY ROBIN GOW

From Robin Gow, the award–winning author of *Dear Mothman*, comes a moving middle–grade novel in verse about a boy who digs up and loses control of a saber–tooth tiger



"By allowing Jasper to really feel his anger, Gow gives middle grade readers the space to feel angry, too. A weird, magical, beautiful book that shows how confusing life can be, and how there might just be a saber–tooth tiger buried beneath the surface of any of us waiting to be set free." —Nicole Melleby, author of *How to Become a Planet*, *The Science of Being Angry*, *Camp QUILTBAG*, and more

Jasper's favorite person in the whole world is his older brother Callan. They go on fossil finding missions and stay up late while their parents work nights. Callan even helped him pick out his new name when he came out as trans.

But with Callan moving to college and his parents working more than ever, this is shaping up to be the loneliest school year of Jasper's life. So, when he hears a voice calling to him from his backyard, Jasper can't help but answer. Deep beneath the dirt, the bones of a saber–toothed tiger have come back to life, and he wants Jasper to dig him out.

At first, Jasper thinks this discovery is a gift. What fossil enthusiast wouldn't be thrilled to find the bones of a talking saber–tooth tiger in their backyard? A discovery like this could change the world, or at least be enough to get Callan to text him back. But as the saber–tooth tiger rejoins the world, Jasper realizes he may have just unleashed a monster no one was ready for.

Told with equal parts heart and heartbreak, *Saber–Tooth* is a story about accepting change, finding your place, and learning to love yourself.

Robin Gow (it/fae/he) is a poet, educator, and witch from rural Pennsylvania. It is a community educator on disability justice and LGBTQIA2S+ issues and author of critically acclaimed books for children and young adults including *Dear Mothman*, *Ode to My First Car*, and *A Million Quiet Revolutions*. Fire up the turbo pumps, best friends Astrid and Stella are off on another high–flying adventure!

Alert! Alert! The Friend Ship's been hacked! A pack of evil pugs have infected Bobo with a computer virus and taken Astrid and Stella hostage! Unable to rescue his friends alone, Bobo builds a sidekick—Zobo, a friendly new robot with a talent for smashing things—and the two will have to work together to free Astrid and Stella from Pugnacious D and his hungry hounds.

Their daring rescue mission goes awry when the team discovers that the pugs have united with Evil Screenius and Kittywonkus—villains from their past bent on destruction. This terrible trio is bad to the bone, but—with the help of an old friend—Astrid and Stella just might be able to defeat them and escape the doghouse.

With a focus on social–emotional learning and hilarious storytelling from the bestselling Hello!Lucky team, the fifth book in The Cosmic Adventures of Astrid & Stella series is perfect for emerging readers and graphic novel fans.

Hello!Lucky is all about using creativity to spread joy, fun, and kindness. SOON TO BE A MAJOR MOTION PICTURE!

New York Times best-selling writer **Robert Venditti** (SUPERMAN '78, PLANET DEATH) is joined by powerhouse artist **Trevor Hairsine** (DCEASED, X-MEN), and featuring the much-demanded return to comics of Eisner-nominated artist **Tonči Zonjić** (WHO IS JAKE ELLIS?), to tighten the noose in the next brutal chapter of their no-holds barred action crime spectacle.

After a bruising brawl with mob boss Cormac Byrne's hired guns, Father Royston Craig is still standing. But Cormac's not through with Roy yet. Now an entire city of corrupt cops and ruthless thugs is tasked with one mission– KILL THE PRIEST. Forced to rely on the combat-hardened skills he earned in a life he thought he left behind, Roy is battered, outnumbered, and on the run. His faith will be tested, and in a city full of killers, the question is: who can he trust?

Celebrity-socialite Reno Selleti doesn't believe in very much beyond Instagram comments, hipster drugs, and the flash of paparazzi cameras, so when a friend invites her to an EYES WIDE SHUT-type party she goes along mostly for the lulz. But the joke doesn't feel as funny when she realizes it's an actual occult ritual, and suddenly she's seeing things... horrifying apparitions trying to warn her. "RUN." Like Darren Aronofsky remaking DRAG ME TO HELL, There's Nothing There is a stylish & hallucinatory thriller about losing yourself in the bright lights and finding yourself at rock bottom. By your new favorite artist Maria Llovet and Patrick Kindlon (We Can Never Go Home).
