EMBRACE YOUR FEAR . . . THE SPIRIT OF THE SHADOWS DRAWS NEAR! From the darkest recesses within acclaimed cartoonist Nick Cagnetti (*Pink Lemonade*, *XINO*) and co-creator Daniel Ziegler (*Elodie*) comes the most visually stunning, outrageously otherworldly, and hauntingly heartfelt superhero-horror hit of 2026!

Once, Erik Leroux was a mortal musician, selflessly devoted to his music and his true love, Katrina . . . until his sudden death plunged his soul into the carnival-like torments of the Spirit World beyond our own. Now, reborn as a phantom with fleeting memories of his life among the living, and forever cursed to bear the arcane costume his corpse wore to the grave, Erik will claw his way back from the infernal planes to uncover the mysteries of his own life . . . and avenge the dark sins that transformed him into the SPIRIT OF THE SHADOWS!

IT'S ALL OVER—ALMOST! Dangerously deranged interdimensional masterminds Daniel Kibblesmith (*Loki*) and Jarrett Williams (*Speed Force*) are counting down to the end of all things, and no one is ready for what's coming next—especially **RICK AND MORTY!**

A super-team of B-list heroes and bounty hunters has formed the dorkiest posse in the universe to find and capture the most-wanted man in history: Rick Sanchez. Organized by the Parmesan Universe after Rick's antics [see: everything he's ever done], this not-so-super team decides the best way to capture Rick is to send Morty to bring his grandfather in peacefully. But, through his own interdimensional genius, it turns out that Rick has been hiding out in idealized self-fan fiction! Can our heroes—with the help of some familiar faces—get to the bottom of this mechanical mystery?!

Adeline is a lonely, lost aspiring artist. Raised in foster care and languishing in the cruelty and ignorance of turn-of-the-millennium America, her life is without direction or higher purpose. But when she's recruited by a mysterious program that seeks to study her latent telepathic abilities inside a deep-underground military base, she starts down a path she was maybe always traveling . . . a path that reaches a major crossroads when she meets the ethereal Lyriana and finds her long-lost spiritual connection in the process. But when Lyriana suddenly disappears, Adeline must question the true nature of her new masters . . . and test the limits of her abilities to see if love truly is eternal.

***Pink Monsters* is a moving and quiet coming-of-age story and the American comics debut of acclaimed German creator Claus Daniel Herrmann.**

Frank is fourteen, in the midst of puberty, and slowly but surely realizing that he is gay. Despite his shyness, he is popular at school because of his talent for drawing: All the cool boys want an original drawing of his monsters to hang in their rooms. Meanwhile, Frank's father is suffering from depression. His illness is so serious that Frank's mother gives up on traditional medicine and contacts an esoteric healer named Thea. The charismatic woman not only gives his parents new hope, but the emotionally insecure Frank also finds security in her "secret knowledge." But when Thea blames Frank's drawings for his father's illness and later makes him feel guilty about his sexual orientation, Frank must jeopardize his relationship with his parents in order to truly become himself.

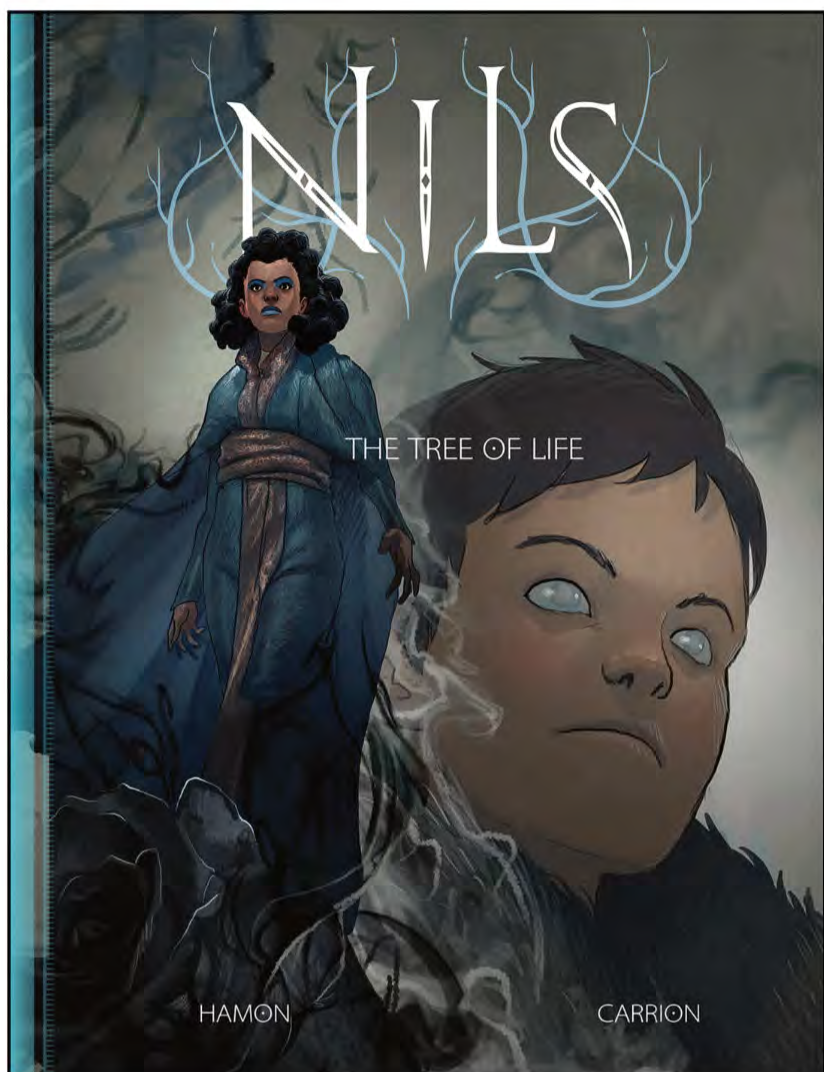

WRITER ANTOINE OZANAM
ARTIST/COVER ANTOINE CARRION

A kidnapped prince may be the key to a kingdom in conflict. But the beast who took the boy may pose more threat than the hushed fairy tales suggest . . .

One of Antoine Carrion's first published works, *White Shadows* is medieval intrigue in the fine tradition of George R.R. Martin, full of hidden political agendas woven between a wide cast of players who are individually dead set on occupying the throne. With hints of the supernatural underlying everyone's fears, this tale by writer Antoine Ozanam will have you imagining what else might be at work. And given Antoine Carrion's beautiful scenery, your imagination will be well fed.

As climate-change rages on, the revolution against the multinational companies that monopolize water has begun! It's the final battle for our modern, inclusive, eco-conscious "Famous Five" from the future! For fans of adventure and science fiction.

Our young time-travelers have once again pedaled backward from the future! This time, they land several years beyond their present, though not as far into the future as during their previous adventures—even if climate change already seems to have wiped out much of humanity...

Back in the dangerous amusement park they know all too well, Piero, Sara, Mei, Arnold, and Driss—without Luna, but with a new recruit: Arlette—discover that a full-blown revolution is underway. Humanity has decided to take a stand against Apzon and other monopolistic energy conglomerates that have become de facto rulers of the planet.

Unfortunately, Apzon is preparing to unleash its robotic troops on the insurgents—because to the multinationals, the idea that water and other highly profitable resources could become shared, public goods is simply unacceptable.

This is the final stand for our modern, inclusive, eco-conscious "Famous Five" from the future!

VOL. 24: GUY DAVIS

GUY DAVIS is a master of the macabre, the mysterious... the just plain creepy. But underlying the eerie quality of his artwork is a remarkable sense of storytelling. Emotion drips off his brush, filling his work with life and energy. From his breakthrough hit, **BAKER STREET**, to the pulp noir **SANDMAN MYSTERY THEATER**, to his work on the Hellboy spin-off series, **B.P.R.D.**, Davis has shown time and again that he is one of the best in the business. Join us as we lift the veil on the career of another Modern Master—Guy Davis! This book features a career-spanning interview with the artist, a discussion of his creative process, and reams of rare and unseen art, including a large gallery of commissioned pieces, and 8 pages of full color work.
