## Technical information

### Types of punctures

### Determining the direction of the external PZ handles Applies to PZ models - Torino, Hermes.

Right handle  
mounting holes visible  
on the RIGHT side

Left handle  
mounting holes visible  
on the LEFT side.

Infinity Line has been present on the construction fitting market since 2010.

It's always been the consumer's best choice due to special care afforded to product quality, modern design in affordable prices, and good availability of merchandise.

Proprietary projects are based on professional design. Complex approach to the designing process allows for focus on ergonomics which guarantees user-friendly results in every instance.

The offer comprises the Premium Tier including Premium Line and Italian Design products, and the Consumer Tier consisting of Infinity Line. By achieving great marks in extensive tests performed by the Building Research Institute (ITB), Infinity Line door handles have proven to be the best choice for every door.
