Integrity's managed IT and communications services are built on partnership. We take the time to understand your business and future plans before we recommend solutions to suit your requirements.

Webex for Gamma: Smarter Collaboration and Calling

We're pleased to now offer Webex for Gamma, a modern hosted phone system and collaboration tool that can bring together calling, messaging, and video meetings in one secure cloud platform. Built on Gamma's reliable voice network with Cisco hardware, it delivers crystal-clear calls and seamless collaboration whether your team is in the office, at home, or on the move. With Webex for Gamma, your business can reduce costs, simplify communication, and stay connected from any device. If you'd like to learn more or see how it could benefit your business, get in touch with our team.

Did you know Integrity is part of a bigger group?

Many know Integrity by Eco as their trusted IT supplier, but we're proud to be part of the larger Eco Group based in Annan, South West Scotland.

Our impressive HQ hosts five diverse businesses specialising in IT, Cyber Security, Dry Ice Cleaning, Eco Industrial Supplies, and Modular Housing.

At Team Eco, we're dedicated problem solvers! Reach out to us for solutions tailored to your needs.

Breaking News

Windows 10 reached its end of support on October 14.

This means Microsoft will no longer provide free technical assistance, feature updates, or vital security patches.

Operating without these updates significantly increases your business's vulnerability to viruses and malware threats.

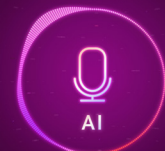

Integrity by Eco is ready to help you restore your security. Don't wait for a breach; contact us today!

November Special Offer

Sign up for Integrity Smart Voice Studio today and enjoy your first month FREE!

Modernise your interactive voice response systems with our cutting-edge AI technology. Smart Voice Studio enables you to write scripts in seconds and create recordings in minutes—automatically formatted and ready for upload to your business telephony system or social media channels.

QUICK TIP OF THE MONTH

Still using the same password everywhere? That's like locking every door in your house with one key. Use a password manager to create and store unique, complex passwords for each account. One weak password can open every door to hackers.
