BAG & BURLAP

in **WIRE BASKETS
& BURLAP**

Burlap Rolls

You can save money and have the right size for a variety of jobs. Just order your burlap by the roll and to size as the demand arises. Great for:

- Wrapping root balls
- Windbreak
- Deer Protection
- Salt and Snow Protection

Burlap Squares

All of our Burlap Squares (both Plain and Treated) are converted domestically in our Dayton, Ohio manufacturing facility. Our EPA certified treating facility allows us to provide the highest quality treated burlap on the market and our massive inventories are perfect for "Just In Time" ordering and delivery. Treated Burlap is safe, also biodegradable and will last longer than Plain Burlap.

Flat Folded Burlap Basket Liners

Liners are affordable and save time with less pinning and stapling needed.

- Two pieces of burlap sewn together to form a cone that fits inside the wire basket.
- Each individual liner is tagged with the recommended basket size.
- Packed in bundles of 5, 10 or 25 depending on the size of the liner.
- Available in Plain or Treated.
- Available Heavy Weight or Extra Heavy Weight.
- Custom Spade Socks are available upon request.

Wire Baskets

We manufacture all of our wire baskets in our Dayton, Ohio facility which allows us to provide the largest inventory of various baskets in the industry. We provide the following baskets:

- 22 Degree Baskets
- 25 Degree Baskets
- 30 Degree Baskets
- Optimal Baskets
- Windmill Wire Forms (Flat Star Basket)
- Pot Stabilizers

Tarps

Heavy Duty Bulldog Tarps

Made from durable PVC coated polyester with reinforced double sewn edges with grommets. Ideal for protecting plant material on long distance trips.

Leno Tarps

Poly Leno (Bempro) is a synthetic, lightweight material that is ideal for protecting plant material on short distance trips.

Burlap Tarps

Perfect utility tarp for quickly moving plant material and ideal for leaf cleanup. Double sewn edges with grommets.

Black & Tan Tarps

Not as heavy as Bulldog Tarps but just as durable. Limited sizes available.

Woven Ground Cover

Black, UV stabilized woven ground cover keeps weeds away from container plants and lets water through. Stripes spaced every foot allow you to keep pot placement in line. We can also manufacture custom sizes to meet your needs. 3', 4', 6', 10', 12', and 15' available.

Non-Woven Landscape Fabric

Non-woven polypropylene fabric that keeps weed out, yet allows water to pass through. 3', 4', and 6' available.

NURSERY PRODUCT GUIDE

Woven Ground Cover

Black, UV stabilized woven ground cover keeps weeds away from container plants and lets water through. Stripes spaced every foot allow you to keep pot placement in line. We can also manufacture custom sizes to meet your needs. 3', 4', 6', 10', 12', and 15' available.

Non-Woven Landscape Fabric

Non-woven polypropylene fabric that keeps weed out, yet allows water to pass through. 3', 4', and 6' available.

Woven Shade Cloth

Woven polypropylene greenhouse covering keeps direct sunlight from plant material. Light-weight and durable, this is fabricated in our factory with all edges and seams double sewn with reinforced edges and brass grommets.

Jute Erosion Control Netting

This coarse open mesh fabric is ideal for controlling erosion on slopes. It's 100% biodegradable, helps retain moisture while promoting plant growth and stability.

Over Wintering Plastic

4 mil plastic sheeting designed for use over hoop houses for winter protection of plant material. 6 mil plastic also available upon request.

Bamboo Stakes

Offer excellent support for developing plants and trees. Bamboo is great because it's 3x stronger than wood and is flexible, lightweight and easy to tie your plants and trees to it.

Fiberglass Stakes

Offers excellent support for developing plants and trees. Fiberglass is much more durable than bamboo allowing you to re-use it many times. The flexibility is ideal for the development of the trees root system, and overall growth.

Carpet Trunk Wraps

Dayton Bag and Burlap is the only company where you can buy carpet trunk pads for the protection of your trees during shipping. Our carpet pads are both economical and easy to use.

Felt Trunk Pads

Felt Trunk Pads are a great way to protect your trees during shipping. Felt Trunk Pads are both economical and easy to use.

Twine

Dayton Bag and Burlap offers a huge selection of twine for the nursery and landscape industry. Sisal and/or Poly Twine is great for tying root balls, securing wire baskets, tying tree branches, securing truckloads and many more applications.

- 1, 2, 3, 4, 5, 6 Ply Sisal Twine – Regular or Treated
- 1, 2, 3 Ply White Poly Twine (550 or 850)
- 1 Ply 235 Green Poly Twine

Miscellaneous Supplies

- Hog Ring Pliers
- Hog Ring Staples
- Sod Staples
- Nursery Nails
- Green Web Tie (alternative to Arbor Tie)
- Tagging Tape
- White Stretch Wrap
- Burlap Tree Wrap
