am also a professional astrologer, I would like to call to your attention that the Sun is now transiting through the constellation of Aries which is the beginning of the zodiac. .

In order to help you with these wonderful new beginnings in your life, call upon the most powerful Angel of them all, Archangel Metatron who is in charge of new beginnings. He is just waiting in the wings to help energize you and empower you to move forward with lightning speed in your life. All you need to say is, "Metatron, please help me," and he will instantaneously be there.

Metatron is the tallest and strongest Angel in heaven and will many times appear as a large fiery pillar of red. He is said to sit at the throne of God and to be the heavenly scribe. He is the one who is in charge of writing all the events of our lives and of the earth in the books of the Akashic Records. The Akashic Records is where all events and knowledge is kept.

Archangel Metatron is an incarnate Angel that once walked the earth as a scribe by the name of Enoch before he was taken to heaven by Archangel Michael and Archangel Gabriel and shown all the heavenly planes. God then turned him into the scribe of the heavens and gave him wings and great heavenly wisdom of the many secrets, even that of creation.

Some of Archangel Metatron's duties are also that of helping with children's issues, especially autism, ADD or ADHD, energizing you to stop procrastination, easing grief,

transforming a painful death to a peaceful one, helping you find peace during times of crisis, deepening your connection to Spirit, writing and especially sending your prayers to heaven.

In my readings, healing and hypnosis sessions at Hope Hypnosis & Holistic Center, many times I will call upon Archangel Metatron to come and join us in order to help empower and energize my client to move forward in their life and make positive changes. Metatron's mighty energy fills the room.

In my own personal life, I call upon Archangel Metatron and the other Angels daily to help me and they never let me down. Next time you are driving somewhere that you know it may be difficult to find a parking space, just simply ask the Angels to have one ready for you and you will be surprised at how the space will just appear.

LOVE

by Kirsten Sciallo

I am wishing everyone a very happy Easter and Passover this month. We all have so many things to be thankful for. Revel in the joy of a new day and a month of divine opportunities. We all have something marvelous to bring to this world and it's time to step up and make your mark. Perhaps you can focus on an area of service or volunteering this month to give back to your community. Small gestures can add up to big benefits for yourself and others. Never underestimate the power of change that a small act of kindness can create for someone. We are all here to learn and grow until we realize the lesson and surpass to the next level of growth. If you find yourself not seeing your purpose or not a lot of steam in your engine, then it is time to sit back, recalibrate, and reflect. What areas of your own life can you improve upon so that you can put your best foot forward to help someone else. There is no greater reward than that one that comes with complete servitude. Start small and watch your optimism grow into something that you could never imagine.

Light and Love,
Kirsten
