**SPECIAL PLANETARY
ASPECTS FOR FEBRUARY
2026:**

Happy Birthday, Aquarius! Aquarius is the eleventh sign of the zodiac with the planet Uranus, which represents major change and inventions, as its ruler. The bright, light color of electric blue is associated with the sign of Aquarius. Aquarians are truthful, radical, aloof, intuitive, inventive, natural born leaders and look at the bigger picture.

February 1 – Leo Full Snow Moon – brings an urgent or sudden desire to express yourself and be more aware of your creative and romantic urges. Something is exposed prompting you to get in touch with those things in your personal life that you may have been neglecting or putting off. This Leo Full Moon is proud and intensely individualized.

February 4 – Uranus Stations Direct in Taurus – You begin to see things clearly and make big changes.

February 13 to April 12th, 2028 – Saturn enters Aries

Beware of being too ME centered. This period presents a unique opportunity for personal growth if you learn to balance your individual needs with collective responsibilities. February 17 – Aquarius New Moon Solar Eclipse – “Ring of Fire” - prompts

**ALL ABOUT ANGELS ~
LOVE ~
BY
MARY SILVERNAIL,
PSYCHIC
ASTROLOGER:**

Archangel Chamuel

“LOVE, LOVE, LOVE....love is all we need.” Those words from John Lennon’s song are oh so very true. You can have money, fame, status in this world, but without love in your life you never really feel complete; always feeling as though something else is missing.

With Valentine’s Day in February, it is an excellent time of the year to ask the Angels to bring beautiful love into your life. You can call upon the joyful little Cherubs to surround you and whisper in your ear, when they feel you should be observant to the love around you so that you can open your heart to it.

Archangel Chamuel is the Angel of Love. Whether you are already in a relationship or wanting to draw love into your life, Chamuel will be more than happy to help. Simply imagine a soft pink light surrounding you and in that pink light there is a pink mist of Divine love that you can breathe in that will enter

a new beginning, This is the start of a set of eclipses that fall along the Leo-Aquarius sign axis—from February 2026 to January 2028.

In the sign of Aquarius, this eclipse is about friendship, fellowship, group activities, social pursuits, group projects, trying something new, humanitarian efforts, or joining a group. This New Moon eclipse presents opportunities for new beginnings. Long-term changes are in the air!

February 17, 2026: Chinese New Year – Year of the Fire Horse

For the first time in 60 years! Symbolizes renewal, HOPE and swift action. Expect fast-moving developments, courageous choices and life-altering pivots. This is a year that brings you back in motion.

February 20 – Saturn conjunct Neptune - ideals are put to the test. Circumstances are such that there is a need to rebuild trust and faith. This transit brings two very different energies together of the dreamer and the realist. Bringing plans and dreams to reality can be manifested at this time.

February 26 to March 20 – Mercury Retrograde – Some delays or miscommunications are possible. With Mercury retrograde in Pisces we may be returning to past projects and refining them. We can find usefulness in old or past ideas and recycle them in new ways. However, you may be more able to tap into your imagination and come up with especially inventive ideas not thought of before.

March 3 – Virgo Full Worm Moon – Total Lunar Eclipse - brings attention to practical matters, routines, and the need for clarity. The Moon's opposition to Mercury highlights miscommunications or over analysis, making it important to separate useful information from distraction. At the same time a positive aspect to Jupiter offers perspective and growth, helping transform small adjustments into meaningful improvements. The energy of this Full Virgo Moon favors refinement and

your heart with love. When you are filled with love, you will attract love to you. It is as simple as that.

You can also ask Archangel Chamuel to communicate with your loved one's Guardian Angel so that he/she will know the love you feel.

In my many thousands of readings and healing sessions, many times the issue has to do with love. I call upon Archangel Chamuel to come and join us and to help heal the love issues in my client's life. I also suggest many times for my client to pick a rose quartz stone from our array of them at Hope Hypnosis & Holistic Center, LLC. I tell them exactly what to do to empower the stone to work for them in order to draw the love into their life that they so desire. I also enlighten them on many other techniques to help and through my readings, give them the exact timing for love to come and a description of who to expect.

LOVE

by Kirsten Sciallo

You are the epitome of love. Let's try to embrace this month by loving yourself first and being kind to yourself. Wake up and look yourself in the mirror and see love. It can be very easy to compare yourself to others and to try to keep up with everyone else. I encourage and challenge you to break that mindset and to realize that you are one of a kind. Let yourself be love and reflect that love out to all things. All of that love will essentially come back to you trifold. If you are struggling to see all of your aspects of love, write some positive things down about yourself and refer to them daily. You are love and you are so very deserving of kindness. Practice giving and receiving love by doing simple gestures for yourself and others. You will see your life and your perspective start to shift. You are not your past and it is time to let go of anyone or anything that is holding you back from being your best self. I believe in you and know that with time and consistency you will believe in yourself. Spread joy and love this month and rest easy knowing that all is right in your world.

Light and Love,
Kirsten
