## SPECIAL PLANETARY ASPECTS FOR JULY 2026:

Happy Birthday, Cancer! Happy Birthday to the United States of America!!! Cancer is the fourth sign of the zodiac with the Moon as its ruling planet. Silver is the color associated with Cancer. Cancerians are sympathetic, nurturing, maternal and very emotional. Cancerians love their homes and value family traditions. Their gemstones are moonstone, pearl and clear quartz.

*At times this month we will have four planets retrograde.*

July 7 thru December 12 - Neptune Retrograde in Aries – Creates a temporary loss of inspiration creating temporary indecisiveness. However, ultimately brings a time of great inner discovery.

July 14 - New Moon in Cancer prompts a new beginning—we're starting anew. It brings a fresh start to our lives, particularly with our personal lives and families. By consciously tuning in to positive Cancer energy, we learn more about ourselves and loved ones. This is a time for feeding our foundation — all of that which we call home, including the foundation we've built inside ourselves, needs to be tended to and honored. It's a time to recognize the importance of our family and our personal circle of friends and the security, sense of belonging, and safety we derive from them.

In the midst of trying economic and stressful times, we need to hang on to some sort of HOPE in order to many times even get out of bed in the morning. If you are feeling despair regarding issues such as relationships, finances, career, etc. there is one Angel in particular that can help with all of these issues in your time of need. That is Angel

Gadiel. Gadiel is called the most holy of Angels. His name means "God is my wealth". He is just waiting in the wings for you to call upon him to help. When you do call upon him, don't be surprised to see flashes of yellow or green light and/or possibly your curtains moving as though a gentle breeze blew in even though your windows are closed. He is one of several guards of the gate of the south wind and therefore you may feel a stir of wind around you to let his presence be known.

When you have a relationship problem of any kind, call upon Gadiel to help; he can help with problems with friends, family or even with your boss. One of his great attributes is to help you improve your job performance. If you are looking for a new job, he can help you maintain a positive outlook and release any limiting beliefs, to the point of transforming your life and creating abundance. There are no limits to what Gadiel can help you with.

Try going outside and feel the wind around you. Then close your eyes and imagine that your request is tied to a beautiful balloon and when the time feels right, imagine

With this potent Cancer energy, we have the chance to make important changes in our lives that will benefit us well beyond this Moon cycle.

July 18 - Uranus Trines Pluto - this is the first of five in a set that will extend until May 2028.

This aspect helps us tap into our deeper ambitions and motivations and this knowledge of and connection with our inner selves can lead to terrific new directions.

I will be talking more about this powerful transit in my Sacred Astrology podcast in August.

July 22 – Sun Enters Leo – Time for fun, love and play.

July 23 - Mercury stations direct in Cancer - The communications planet began a retrograde cycle on June 29. Something similar happened in June/July 2020.

This is an excellent period for getting in touch with what nurtures us and feeds our spirits. Emotional communication is not always valued as much as rational approaches in our society, and now is the time to explore our more intimate, sympathetic, and emotional nature and how it affects our decision-making processes. Mercury's retrograde in Cancer can see us taking many trips down memory lane. Mercury's direct turn on July 23rd can help unblock information clogs. It will remain in its post-retrograde shadow until August 6th, which means that it will have recovered the full ground of its retrograde cycle by that time.

July 26 – Saturn Retrograde in Aries through December 10 – prompting us to review and reassess responsibilities and commitments.

July 29 – Full Moon in Aquarius - awakening us to answer to humanitarian impulses. This lunation

releasing the balloon and it floating on the wind to Angel Gadiel. Take a few deep breaths and know that Gadiel will answer your prayer, if it is for your greater good.

In my readings, counseling and teachings I have seen miraculous results occur when my clients simply make a request for the Angels to come and help. I have seen lives transformed.

Many Divine Blessings of Love & Light.

In my readings and healing sessions at Hope Hypnosis & Holistic Center LLC, many times the issue my client comes to me with is a lack of understanding their life's purpose or help in resolving a misunderstanding in a relationship. I call upon Archangel Raguel to Divinely give me the guidance they need. He is just waiting in the wings to help.

On these glorious, warm, sunny days, it is also wonderful to ask the sweet

reminds us of our needs for friendship and community. We cannot lose sight of our larger goals and our need to give back to the community or group that supports us.

Our feelings are blossoming now. Full Moons are about connecting us with things *we already know but aren't acknowledging*, such as buried feelings, or they bring secrets to light and projects to a turning point.

This Full Moon occurs with the Sun conjunct Jupiter and the Moon conjunct Pluto (and Juno). It harmonizes with Neptune and Uranus. With this configuration, something might challenge our beliefs, motivating us to make changes and improvements.

There can be a face-off between our morals and our fears or suspicions. We can be dealing with issues of power and control, but we're also finding creative ways to move forward.

# LOVE

by Kirsten Sciallo

What a gift and a blessing to be able to celebrate our freedom this month. It is so incredibly important to give thanks and praise to our armed forces and all of those individuals who have fought and continue to fight for our freedom. One simple way to honor those men and women is to do some simple acts of service. Perhaps you can volunteer to help the veterans by donating money, food, and/or supplies and clothing. As an extension of this kindness, help your fellow man and woman by donating your time and/or resources to those in need. Try to not take all of your freedom for granted. We live in a wonderful Country that provides us with so many opportunities. Perhaps you can push yourself to take advantage of some of them. Maybe you can be a part of the solutions of this Country by sharing your voice in a way that affects positive change. Too often we sit idle in the fact that someone will fix our problems when we essentially have to be an active participant in our own lives. Be a changemaker who brings solutions to the table. When you live your life to its true intent, that is the epitome of freedom.
