SPECIAL PLANETARY ASPECTS FOR MAY 2025:

Happy Birthday, Taurus!

Taurus is the second sign of the zodiac with Venus as its ruling planet. Green is the color associated with Taurus, although many Taureans adore the color blue. Taurus is loyal, persistent, stubborn, determined and realistic. They make the best friends to have of the zodiac. Many are bankers, accountants or real estate brokers.

May 12 – Full Scorpio Flower Moon – We become more aware of the areas of our lives that need balance in order to live a healthier life physically, emotionally and Spiritually. It is a time to recognize others contributions to who we are. Be aware of impulsiveness to make changes too abruptly due to the Sun's conjunction to Uranus. Think things through before making any big

ALL ABOUT ANGELS BY MARY SILVERNAIL, PSYCHIC ASTROLOGER:

IT'S SPRING!!!

The flowers are blooming, the birds are singing. Archangel Raguel especially loves the flowers of Spring because they represent the infinite possibilities of new beginnings. Spring itself is a new beginning for all of nature. Why not create some new beginnings in your life with the help of Archangel Raguel? He will gladly help you get in touch with your highest purpose and align yourself with the expansive vista of your future possibilities.

In order to feel close to Raguel and ask for his loving support in creating new opportunities for you, simply put a few Spring flowers in a vase or glass of water. Then light a white candle next to, but not too close to the vase of flowers and simply ask for his assistance. Then be very quiet and still and listen for his guidance. Trust what you hear or feel. This will be Divine guidance. He will guide you toward the path that will give you the greatest joy.

Archangel Raguel is wonderful at directing you towards discovering your life's work. He also will help create balance in your life wherever that is needed. Even by smoothing out disagreements and resolving deep-seated issues within you or with others.

moves.

**May 20 – Sun Enters Gemini –
Happy Birthday Gemini**

May 26 – Gemini New Moon – A new beginning is underway especially in the way we communicate with others. By focusing on this positive energy we can improve our communication skills and open our minds to new learning in a way we never experienced before. This is a great time for socialization and networking.

In my readings and healing sessions at Hope Hypnosis & Holistic Center LLC, many times the issue my client comes to me with is a lack of understanding their life's purpose or help in resolving a misunderstanding in a relationship. I call upon Archangel Raguel to Divinely give me the guidance they need. He is just waiting in the wings to help.

On these glorious, warm, sunny days, it is also wonderful to ask the sweet Cherub Angels to surround you with all their joy, fun and love. Happy Spring!

**Many Divine Blessings of Love &
Light,**

LOVE

by Kirsten Sciallo

Wishing all Mom's and mother figures a very happy Mother's Day. There is no greater expression of love than that of the bond between a mother and child. With that being said, I encourage all Mom's to pamper themselves this month and/or allow yourself to be

pampered. You are the glue of the family and many times forget that in order to be whole for everybody else, you must put your well-being first. Take a stroll on the beach. Put your toes in the sand. Walk through your favorite marketplace. Treat yourself to that latte that you really desire. You deserve all of the love and attention in the world. Also, take a minute to reflect of all of the amazing things that you do for everyone, day in and day out. Try not to compare your milestones with anyone else's. You are running your own race that is divinely orchestrated and designed. Give yourself the same compassion and grace that you give to others on a daily basis. Also, I would like to extend a very special thank you and our deepest gratitude for all of our brave service members who gave their lives for our freedom and safety.

Light and Love,

Kirsten
