ALL ABOUT ANGELS
BY
MARY SILVERNAIL,
PSYCHIC
ASTROLOGER:

SPECIAL PLANETARY ASPECTS FOR NOVEMBER 2026:

Happy Birthday, Scorpio! Scorpio is the eighth sign of the zodiac with Pluto as its ruler. Although some astrologers argue that Mars is the ruler. The colors black, deep red and violet are associated with the sign of Scorpio.

Tiger's eye and malachite are Scorpio's gems. Scorpions are instinctive, magnetic people. They are intense and focused. Scorpions may be accused of being too obsessive and secretive. They can be cold to strangers, but have very intense bonds with their loved ones. When a Scorpio loves, they love all the way. If you wrong a Scorpio, they may appear to forgive on the surface, but will carry the injustice to their grave. They are also highly intuitive people.

November 1-13 – Mercury Retrograde in Scorpio – Review what is beneath the surface. Verify information before making decisions.

November 4 – Venus Sextile Jupiter – a time of love, generosity, and opportunity.

November 9 – Scorpio New Moon – Scorpio emphasizes letting go of old patterns and confronting fears. What needs to change in your life? This is the time for setting intentions around healthier boundaries, especially emotionally. This New Moon will emphasize finding your power!

November 14 – Venus Stations Direct – with Mercury had turned direct the

******* Archangel Barachiel**

Archangel Barachiel's name means "God's Blessing". He is the Angel of abundance, gratitude and positivity. Barachiel also works with Archangel Gabriel and helps with being Blessed with a child. Barachiel is in charge of protecting the innocent and can help you to have a positive attitude. He is very loving, but is also a great warrior against evil. He always answers your prayers and lifts your spirits.

If you are experiencing financial difficulty, as so many are at this time, you can say a prayer to Archangel Barachiel to bring you abundance. Barachiel loves the forest and it is said that people's prayers appear on the trunks of the trees as he walks by. It would be nice to spread some leaves from your favorite tree around the room you are going to say your prayer. Or burn some cedar, pine or sandalwood incense when sending your prayer.

Be sure to offer gratitude to Archangel Barachiel for listening to your prayer and also once your prayer has been answered. With the help of Archangel Barachiel lift your spirits and feel joy in your heart and spread that joy to others.

Gratitude is so important, not just at Thanksgiving, but everyday for all the Blessings in your life. What you send out to the universe is what you receive back. Be grateful for even the smallest Blessing and

day before and Mars conjunct Jupiter at the same time it brings momentum to the confidence in our decisions and a strong desire to act now after having been held back so long.

November 21 – Sun enters Sagittarius – brings new adventures and an optimistic spirit. Explore new horizons. Push boundaries. Anything is possible.

November 24 – Gemini Full Moon – Revelations and unexpected changes are in the stars. Due to at the same time the Sun forms a sextile with Pluto (transformation) and an opposition to Uranus (great and sudden change). This is bringing a stronger emphasis on all forms of information and communication for the world with new ideas regarding technology breaking away from restrictive thinking for us as individuals and the world as a whole.

November 29 – Uranus in exact trine to Pluto – a slow moving cycle of change that has a lasting effect through 2026, 2027 and beyond creating deep structural transformation and the possible redistribution of power especially concerning how people communicate and use technology. Social transformation and Spiritual development and growth will arise with a greater understanding of new ways of communication as a collective.

Always first look inward to your heart and soul for a broader understanding of your life and soul's purpose.

The key is to be in gratitude for what you have and what you receive. Feel the gratitude in your heart and the universe will keep it flowing. Whether it is the type of relationship you desire or the financial security desired stay in gratitude and *pay it forward*.

With all these planetary aspects this month have the confidence to know that the Universe is smiling on you and

the universe will send it back to you three-fold.

When you are about to go to sleep for the night, close your eyes and ask the Angels to be with you. Then imagine yourself in the scene of what you would love to come to pass in your life. See as many details as you can. Feel the wonderful feelings and then just simply drift off to dreamland. You are sending your manifestation out to the universe and it will come back to you fulfilled as long as it was of no harm to others or circumventing another's will. This is the power of the Universal Law of Attraction for which a crucial part of that is gratitude. Always realize that things happen in God's time and not ours so be patient and have Faith. God helps those who help themselves.

Many Divine Blessings of Love & Light.

LOVE

by Kirsten Sciallo

This is the most wonderful time of year for family and giving thanks. Gratitude lends to abundance and the more you can give thanks the more you will receive in return. During this time of year, it is important to maintain being grounded and to not lose your center of focus. Think about things that bring you closer to your center of gravity. Maybe its reading a book or taking a stroll through nature or a walk on the beach. It truly can rejuvenate and inspire your soul for its fullest healing capacity. It is important to set boundaries and to protect your space. You deserve to have some uninterrupted time to nurture your soul and to return to balance. Once you are fully charged, you can then be fully present for others. Let others around you share the responsibilities and remember to let go of having to take care of everything. In time it all will get done as it always does. Be kind to yourself and to others and you will receive it back to you trifold. I am wishing you all an amazing holiday and am sending you all good vibes.
