## Autumn Blessings

I welcome all the energy of Autumn into my life. Autumn is a time of transformation and reflection. Like the leaves falling away from their branches, my life flows and changes peacefully, and all at the perfect time.

I take time in Autumn to reflect on my life and where I am going in it. I have a clear vision of the changes that I need to make so that I may continue to grow in my highest good.

I enjoy the cooler weather and all the changing colors that are unfolding throughout Nature. This is the season of warmth and gentleness; a reflection of my inner self.

With grace I let go of anything that is not serving me positively and I make way for many new blessings.

## SPECIAL PLANETARY ASPECTS FOR SEPTEMBER 2025:

\*\*\*\*\*

### **Happy Birthday, Virgo!**

Virgo is the sixth sign of the zodiac with Mercury as its ruler. White is the color associated with the sign of Virgo. Virgos are meticulous, precise, neat, clean, orderly, exacting and critical. Virgos can be the most critical of themselves.

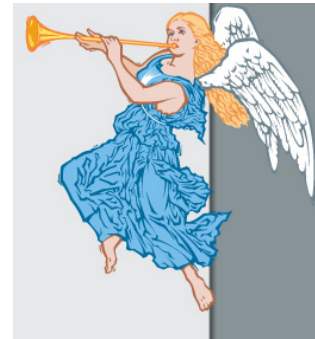

They are perfectionists. Virgos make helpful, loyal friends and business associates. A Virgo is always ready to help. Their gems are green jasper and nephrite.

**September 6 – Uranus Retrograde in Gemini** until February 3, 2026 returning to Taurus November 7, 2026 prompting a desire for change. This can cause some temporary tension, but it will ease as the change occurs.

**September 7 – Pisces Full Moon Lunar Eclipse (Blood Moon)** – awakens our Spiritual and emotional needs for “balance” in our lives.

Wherever Virgo and Pisces falls in your astrological natal chart is where we feel a need for improvement. Choose your spoken or written words wisely since it will have a strong impact.

## ALL ABOUT ANGELS BY MARY SILVERNAIL, PSYCHIC ASTROLOGER:

\*\*\*\*\*

Since the age of four I have been in daily communication with the Angels. This column is here for you in order to help some of you who have not had the previous understanding of Angels to realize that they are just waiting in the wings to come to your aid in every area of your life. All the Angels have different special qualities that can help you.

\*\*\*\*\*

Due to the current economy many people find themselves having to perhaps **start over in a brand new career**; sometimes at the latter stages of life. I have seen many of my clients who come to me in my hypnotherapy and metaphysical practice dealing with this exact issue. If you find yourself in this predicament, you can call upon (pray to) Archangel Metatron to help you make this huge change in your life. Metatron is the strongest of all the Archangels and will give you strength during any major life changes.

For any type of **stress**, I strongly recommend meditation. Many people

happening only once every 9 years**

-symbolizes completion of cycles (ending one chapter and beginning another). Higher wisdom to finally understand lessons from the past.

Intense Spiritual growth moving above the ego and connecting with the collective consciousness.

Releasing what no longer aligns with the greater good for you and for the all. This is literally a reset button!

\*\*\*\*\*

**September 21 – Virgo New Moon Solar Eclipse** – promises opportunity of a fresh start with a rewarding new beginning. Now is the time to take charge of your life regarding your work and your health. There is an urgency in the air to start anew! This is a time of great growth.

**September 22 – Autumn Equinox – Sun Enters Libra** – With the Sun directly above the equator, day and night are equal – a time of balance, stillness, self-reflection and spiritual awareness.

**Note: Saturn, Uranus, Neptune and Pluto will all continue retrograde throughout September 2025.**

\*\*\*\*\*

To quote E.O. Wilson: “You are capable of more than you know.... Aim high. Behave honorably... Persist! The world needs all you can give.”

tell me they don't know how to meditate. All you have to do is find a quite place, sometimes the only quite place may be in your parked car. Once in a quite, safe place, just close your eyes and go within. It may be nice to listen to soothing instrumental or new age music and possibly burn a little incense for the relaxing effect. Five minutes of deep meditation can feel like an hours worth of sleep. Once you are able to find that special place within, ask Archangel Uriel to join you. Uriel will help inspire you and help you find those answers you seek from within that sometimes seem unattainable to us in this Earthly environment.

Many times there is stress in our relationships with our loved ones simply due to **miscommunications**. If you have a loved one that just does not seem to understand the point that you are trying to get across to him/her. Just simply call upon Archangel Gabriel (the Messenger) to assist you the next time you are having a conversation with that loved one, so that you may get your point across more clearly and so that the other party will have a clear understanding. Also, realize that when you do this, Gabriel will automatically assist the other person in getting what they have to communicate over to you crystal clear, too.

With this type of assistance from Archangel Gabriel it can bring much peace to a relationship that was a bit tense simply due to a lack of clear communication.

# LOVE

by Kirsten Sciallo

Let's make this a September to remember. Fresh starts and possibilities are all amongst us. We hopefully had a little bit of Summer to rest and reprieve before the hustle and bustle of a new school year. Congrats to our graduates and newly enrolled college students. You really can set your sites on something meaningful to contribute to society as you pave your own path and set your own trajectory. Remember that directions can change as you do.

With that in mind, let's keep September open to making new friends and having new experiences. You are certainly one of a kind and it's time to shine your light on the world. Remember all things are attainable and achievable with effort and continuity. Do not be discouraged with road blocks, essentially use them to learn how to maneuver challenges. You will be victorious in all that you set out to achieve. The road before you is endless with beautiful possibilities.

Light and Love,  
Kirsten
