# COMPANY PROFILE

100% NORTHERN TERRITORY  
OWNED & OPERATED

## Mission Statement

We are committed to delivering excellence in everything we do. We set the benchmark in civil construction quality services and reliability throughout the Northern Territory, ensuring that optimum results are achieved for all our clientele, efficiently, cost-effectively and safely.

## Vision Statement

Our vision is to harness our team's collective expertise and passion so that we may continually produce outstanding civil works; constantly innovate our product; whilst carrying our solid reputation right across the Territory.

# ABOUT US

**DIGGAMEN**  
CIVIL CONTRACTING

Diggamen Civil Contracting, established in 2007 and based in Darwin, is a leading provider of high-quality civil contracting and construction services across the Northern Territory. Our directors are seasoned Territorians, bringing extensive hands-on experience and a deep understanding of the region's unique challenges.

We specialize in serving Northern Territory government sectors, local councils, developers, contractors, and private individuals. Our commitment to safety is paramount, evidenced by our incident-free record since inception. We deliver innovative and quality services tailored to meet the specific needs of each project.

Central to our success is the cultivation of strong, long-term relationships with clients, subcontractors, and suppliers. We prioritize collaboration with local Territorian businesses, fostering regional economic growth. When required, we seamlessly integrate as subcontractors to reputable principal contractors, ensuring project efficiency and success.

Diggamen possesses the capacity to handle projects of any scale, leveraging a robust network of dedicated employees and subcontractors. Our extensive portfolio encompasses a diverse range of projects throughout the Northern Territory, including the successful execution of large-scale government contracts for multiple consecutive terms. We are deeply committed to supporting local communities.

Our current focus is on delivering exceptional civil contracting and construction services within Darwin and its surrounding areas, ensuring that every project benefits from our:

- **Rapid Mobilization:** We deploy resources quickly and efficiently to meet project timelines.
- **Experienced Teamwork:** Our collaborative approach ensures seamless project execution.
- **High-Level Service:** We are dedicated to exceeding client expectations.
- **Quality Management:** We adhere to rigorous standards to deliver superior results.
- **Resource Reliability:** We ensure consistent and dependable access to necessary resources.
- **Risk Reduction:** We implement proactive strategies to mitigate potential challenges.
- **Trusted, Long-Term Relationships:** We cultivate partnerships built on mutual respect and reliability.

Diggamen Civil Contracting is committed to delivering the best team and product for all projects, solidifying our position as a trusted and reliable partner in the Northern Territory's civil construction sector.

Diggamen Civil Contracting possesses a proven track record of delivering projects of varying scales for clients within the Australian defence sector, demonstrating a capacity to meet the stringent requirements of this critical industry. As existing client relationships expand and new opportunities arise, Diggamen is well-positioned to engage in further contracts with Defence or prime contractors. Leveraging a workforce that includes multiple personnel with established national defence base clearances, Diggamen offers immediate access to qualified and vetted professionals, ensuring seamless project execution and adherence to security protocols.

## COMPLETED PROJECTS:

- **BROADSPECTRUM/VENTIA**  
Diggamen worked with Broadspectrum & Ventia undertaking maintenance duties at the Norforce depots in Alice Springs and Tennant Creek. This consisted of an array of tasks in both locations, with a regular maintenance schedule as well as service order requests, with some additional works carried out in Darwin.
- **BROADSPECTRUM/VENTIA - STABILISATION WORKS TO SAR HELIPAD AT RAAF TINDAL**  
Works consisted of widening taxiway to Helipad, concrete apron around Helipad, spray sealing and line marking works. *Value: \$80K*
- **ICON CO PTY LTD - LARRAKEYAH BARRACKS JOINT HEALTH COMMAND CENTRE - CIVIL & EARTHWORKS**  
Works consisted of site clearing, bulk earthworks, carpark construction, drainage and footpath works. *Value: \$430K*
- **MCMAHON SERVICES – RAAF DARWIN – LAND121 STAGE 2A UNIT SUSTAINMENT FACILITY- CIVIL & EARTHWORKS**  
Works consisted of site clearing, bulk earthworks, pavement construction, kerbs, subsoil drainage, stormwater and landscaping. *Value: \$210K*
- **ICON CO PTY LTD – EARTH COVERED MAGAZINES RAAF BASE TINDAL – CIVIL, EARTHWORKS, STORMWATER AND GEO FABRIC**  
Works consisted of site clearing, construction of two Earth Covered Magazines, construction of a Production Area including a Munitions Assembly Conveyor Shelter Pad, earthworks, construction of road pavements, construction of stormwater drain, culverts. *Value \$4.2 Million*
- **BARPA PTY LTD – RAAF TINDAL WORKER ACCOMMODATION VILLAGE**  
Works consisted of site establishment and temporary services, bulk excavation, pad construction, construction of civil stormwater drains and culverts, construction of carparks, road pavements. *Value \$1.6 Million*
- **BARPA PTY LTD – LARRAKEYAH OFFICE MESS REFURBISHMENT – CIVIL WORKS**  
Works consisted of construction of outdoor BBQ pad, plant enclosure and service area, extended slab base, extension of existing road pavement, installation of line markings and road furniture. *Value \$130K*
- **BARPA PTY LTD – MOUNT BUNDEY TRAINING AREA – 3 YEAR ROAD WORKS PACKAGE**  
Works included the upgrade of several intersection and training areas. *Value \$2.3 Million*
- **BARPA PTY LTD – RAAF BASE TINDAL – LIVE IN ACCOMMODATION – BULK EARTHWORKS AND PAVEMENTS**  
Works included site clearing, grubbing and mulching, site cut including in rock, subgrade prep, bulk earthworks in fill, swale construction, site platforms, construction of roads and carparks. *Value \$5.1 Million*

## QUALITY & SAFETY

Diggamen prioritizes quality and safety as fundamental principles, evidenced by their sustained incident-free record since 2007. This commitment is realized through proactive risk and safety strategies implemented before and throughout all operational phases, ensuring a consistently safe working environment. Furthermore, Diggamen employs robust quality management systems to guarantee reliable and consistent service delivery, reinforcing their reputation as a benchmark for excellence. Their accreditation by Contractor Accreditation Limited further validates their adherence to industry standards and best practices, solidifying their dedication to both quality and safety.

## ENVIRONMENT

Our organization is deeply committed to environmental sustainability, with a core objective of minimizing the ecological footprint of our operational activities. This commitment is manifested through a proactive approach that prioritizes reduction, reuse, and recycling strategies across all facets of our work. Furthermore, we ensure that the disposal of all waste materials is conducted in an environmentally responsible manner, utilizing appropriate local disposal facilities in adherence to regulatory guidelines. Stringent control and maintenance procedures are implemented across all work sites throughout the duration of operations, and any identified hazardous conditions are subject to immediate reporting and mitigation, ensuring both environmental protection and workplace safety.

## LOCAL

Our organization maintains a strong commitment to "Buying Local," actively supporting our regional communities and workforce. This philosophy is realized through the strategic utilization of local industries, suppliers, and subcontractors, all of whom share our dedication to sourcing local products and employing local talent. Furthermore, our business and its employees are deeply invested in community enrichment, demonstrated through sponsorships of local sporting affiliations and events, as well as the provision of donated time and services. By prioritizing local employment, we foster a cycle of community growth, as our workers and their families contribute to local schooling, sporting activities, community groups, retail businesses, and events, thereby stimulating regional development and prosperity.

# INDIGENOUS COMMITMENT

Diggamen Civil Contracting demonstrates a strong commitment to fostering Indigenous participation within the civil construction industry. The company prioritizes local Indigenous employment, offering comprehensive training, ongoing upskilling, and flexible working agreements that accommodate cultural and family obligations to ensure employment retention.

Furthermore, Diggamen actively supports Indigenous contractors and suppliers, contributing to the economic development of the local community. Through targeted education, apprenticeships, and skills development initiatives, the company aims to increase Indigenous representation and expertise in the sector.

With a stated goal of achieving 30% Indigenous employment on major projects, Diggamen leverages its established, long-term relationships with Northern Territory employment, training, and labor hire services, building upon a proven track record of successful Indigenous employment outcomes since 2007. Director Scott Lawton serves as the dedicated Indigenous development representative, reinforcing the company's dedication to these principles.

## OPERATIONS MANAGER

Kurt Boehm

Kurt has been with Diggamen since 2009, with 20+ years of experience, continually developing new initiatives and expanding company capabilities. Has led a multitude of projects across a broad range of sectors throughout Darwin and surrounding regions, whilst building solid networking expertise with clientele. Leads project teams and ultimately delivers client focussed results on time and within budget. Kurt manages the day-to-day activities of the business, along with implementing & administering quality assurance & risk management systems to ensure continual improvement & compliance throughout.

## DIRECTOR

Scott Lawton

Director since company inception in Darwin, 2007. A business leader with extensive experience in strategy formulation and implementation, problem solving and employee awareness. Performs alongside project team on site, directing them and liaising with clientele. Scott has vast experience in the operation of all types of earthmoving machinery, working on sites preparing earthworks, levels & compactions, preparation of roadwork's, bitumen & car parks. Scott is experienced in WHS & ensures all legislation, permits, acts & regulations are adhered & communicated to staff.

## ENGINEER / ESTIMATOR

Jugal Shrestha

Jugal joined Diggamen in 2019 as a Graduate Engineer and, upon graduating in 2021, quickly established himself as a valuable asset to the team. Leveraging his prior experience in hydropower, draining, and engineering drawings, he provides critical support to both Operations and Project Managers. His contributions extend across various project phases, including the tendering process, material take-offs, and cost estimations. Notably, Jugal plays a pivotal role in project delivery by assuming responsibility for Quality Assurance, demonstrating a commitment to ensuring all projects are completed to the highest standards.

Our commitment to excellence is realized through a hands-on leadership approach, where experienced Directors actively participate in field operations, providing direct guidance and fostering a culture of high-quality workmanship. To ensure consistent performance, each employee's development is meticulously tracked against a comprehensive Training Needs Analysis, with supervisors serving as mentors to facilitate targeted training and career advancement. We supplement practical, on-the-job training with opportunities for formal education, including short courses, certifications, and apprenticeships in civil construction and machinery operations. This dual approach not only ensures compliance with industry standards but also empowers our employees to continuously enhance their skills and experience, contributing to both their professional growth and the successful delivery of our projects.

# ACTIVE MEMBERSHIPS & ACCREDITATION

Diggamen Civil Contracting has maintained its CAL Accreditation since its inception in 2007, demonstrating a consistent commitment to industry standards and financial capability. This accreditation allows the company to undertake a diverse range of civil works, building, and related trade services, with a capacity of up to \$8.5 million. This financial strength and accreditation underscore Diggamen's reliability and ability to manage substantial projects effectively.

Since its inception in 2007, Diggamen has maintained a steadfast commitment to workplace safety through its membership with Advanced Safety Systems Australia. This ongoing partnership ensures that all operational practices remain compliant with current industry regulations and that safety systems are consistently updated and maintained to the highest standards. This proactive approach underscores Diggamen's dedication to providing a secure and responsible working environment for all employees.

**Special Children’s Christmas Party** - Aannual sponsorship

**Parrtjima Light Festival Alice Springs** - 2017-2022 sponsorship & traffic management

# OUR FLEET

**DIGGAMEN**  
CIVIL CONTRACTING

Diggamen Civil Contracting's commitment to efficient and high-quality service is underscored by its substantial investment in a modern, well-maintained fleet of machinery, trucks, and utilities. This comprehensive fleet is specifically tailored to meet the demands of the civil construction sector, ensuring rapid mobilization and operational readiness for projects of any scale and at any time. The meticulous maintenance regime applied to all equipment guarantees optimal performance and minimizes downtime, allowing for seamless project execution and consistent delivery of exceptional results.

## Trucks

Tippers ranging from single 5m<sup>3</sup> to tandem 10m<sup>3</sup>

## Water Trucks

5,000L to 15,000L capacity

## Prime Movers

Side tipper work to plant and equipment transport

## Hydro Excavation Trucks

800Gal capacity, 1000L water, 4,000psi Ditch Witch unit

## Graders

2020 John Deere 672G, Trimble machine control

## Posi Track Compact Loader

Cat 259D with box blade, Trimble machine control

## Excavators

1.7 to 25 Ton Excavators. Large range of buckets, hydraulic augers, hydraulic grabs, rock breakers, erkat. Trimble machine control available

## Loaders

John Deere and cat loaders. Ranging from skid steer bobcats to mid-size wheel loaders

## Rollers

3Ton double smooth drum, 12T single drum Smooth, 12T sheep foot, to 20T multi tire rollers

## Trailers

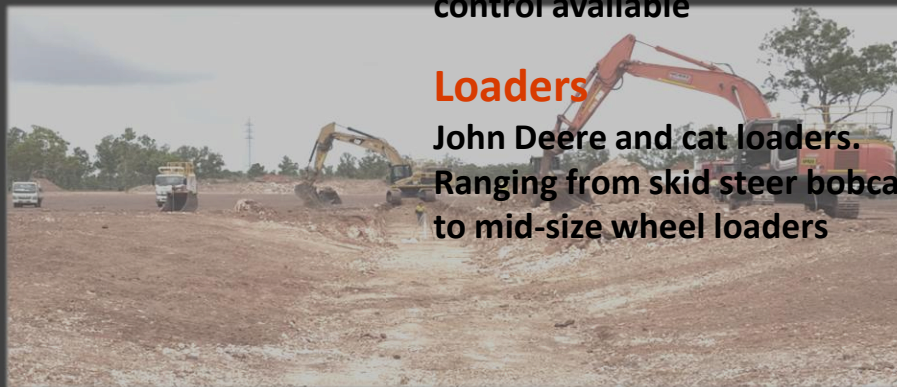

Side tippers, quad floats, drop decks, small plant floats

## Service Vehicles

Service truck with onboard fuels, oils, grease, air, hand tools, pumps, safety equipment

## Utilities

Utility vehicles

# PAST PERFORMANCE

## HYDRAULIC INFRASTRUCTURE UPGRADES TO HIDDEN VALLEY MOTORSPORTS COMPLEX

CLIENT: DEPARTMENT OF INFRASTRUCTURE, PLANNING AND LOGISTICS

Diggamen were successful in tendering for three packages associated with the upgrades to the hydraulic infrastructure for HVMSC;

### Package 3 - Upgrade works to Go-Kart Track

Works consisted of supply and installation of new 250 diameter HDPE pipework and associated works. Approx. length of 996lm.

Contract Value: \$545K

### Package 6 - Upgrade works around HVMSC Perimeter

Works consisted of supply & installation of new 250 diameter HDPE pipework & associated works. Approx. length of 2467lm. Construction of new water fill station & concrete access road. Variation to construct new re-fuelling bund & compound. Various other variations.

Contract Value: \$1.6Million

### Package 7 – Upgrade works to the centre of track

Works consisted of supply and installation of new 250 diameter HDPE pipework & associated works. Approx. length of 1682lm. Variation to upgrade stormwater drainage at venue entrance and other various variations.

Contract Value: \$880K

## DARWIN REGION – HIDDEN VALLEY MOTORSPORTS COMPLEX CIVIL & EROSION CONTROL UPGRADES

CLIENT: DEPARTMENT OF INFRASTRUCTURE, PLANNING AND LOGISTICS

Works were aimed at remediating existing flood damage & minimise future damage. These works were broken down into several separate works;

**Improvement 1:** Retention basins in northern carpark

**Improvement 2:** Turn 1 erosion control – erosion control measures between turn 1 & 2. Construct earth mound level bank.

**Improvement 3:** Turn 1 surface runoff – earthworks re-contour & provide levee banks to redirect stormwater runoff away from the track at turn 1.

**Improvement 4:** Turn 2 to 4 embankment – construct a 600mm high rock barrier & reworked drain behind 1 line of protection.

Variation was included to construct a viewing mound at turn 10. Works included concrete footings, block work retainer walls, subsoil drainage, bulk filling, hand rail/balustrades, concrete slabs & associated works

Contract Value: \$2.1Million

# PAST PERFORMANCE

## DARWIN REGION – VANDERLIN DRIVE/LEANYER DRIVE – INTERSECTION AND SHARED PATH UPGRADE

CLIENT: DEPARTMENT OF INFRASTRUCTURE, PLANNING AND LOGISTICS

Upgrade of the Vanderlin Dr/Leanyer Dr intersection, the upgrade to the surrounding shared path as well as connectivity improvements to the Hibiscus Shopping Centre.

- Widening and installing new shared path out the front of Hibiscus Shopping town at Vanderlin/Leanyer intersection.
- Upgrades to intersection to better facilitate crossing along Leanyer Dr. Including enlargement of traffic island, new signage, signals installation, pavement marking.
- Removal of a light pole out of the way of the widening pathway, and the installation of 2 new light poles.
- Shifting back and reconstruction of kerb lines and drainage pit.
- Culvert installed under new section of path that currently is only grassed and free draining.
- Relocation of drain inlet pit.
- Installation of ramp and stairs out the front of the southern exit of Hibiscus
- Installation of a pedestrian fence along the Vanderlin Drive median.

Contract Value: \$1.1Million

## DARWIN REGION - PALMERSTON BUS INTERCHANGE - PARK AND RIDE CARPARK UPGRADE

CLIENT: DEPARTMENT OF INFRASTRUCTURE, PLANNING AND LOGISTICS

Works comprised of;

- Upgrade to the internal road configuration to Lot 7824 to provide priority to traffic (i.e. buses) exiting Lot 7823 to Temple Terrace via Lot 7824
- Reconfigure car parking layout with increased number of carparks
- Amending site grading and drainage
- Reconstructing and upgrading pavement and wearing course
- Improving pedestrian access and safety, footpaths/ramps/kerbs
- Upgrading area lighting
- Installing energy-absorbing bollards

Contract Value: \$1.3Million

# PAST PERFORMANCE

**DIGGAMEN**  
CIVIL CONTRACTING

## DARWIN REGION – LUDMILLA CREEK CATCHMENT – FLOOD MITIGATION WORKS – CONSTRUCTION

CLIENT: DEPARTMENT OF INFRASTRUCTURE, PLANNING AND LOGISTICS

Works comprised of flood mitigation drainage upgrades in the areas of Dwyer Park, Reichardt Road, and Bishop Street.

A berm was constructed around the west, north & eastern sides of Dwyer Park. A shallow swale was constructed for water to drain from the park into the existing inlet structure. The existing inlet structure was upgraded with new concrete invert & steel grate for safety. Three raised pads were provided for future playground upgrades.

Upgrades to the Reichardt Road inlet structure consisting of raising concrete wall, installing a concrete wall 'weir' within the structure, and cutting a new weir in the existing concrete wall on the west side were carried out. From the Reichardt Road inlet structure a new concrete trapezoidal drain was constructed in the road verge west of Reichardt Road. Three 900 x 900 RCBC culverts were installed beneath Reichardt Road & Bishop Street, including new headwalls, & removal/plugging of existing stormwater infrastructure.

Contract Value: \$1.4Million

## DARWIN – FISHERMAN'S WHARF – CONSTRUCTION OF CONCRETE PAVEMENT OF MR BARRA LANEWAY

CLIENT: DEPARTMENT OF INFRASTRUCTURE, PLANNING AND LOGISTICS

Works included clearing & grubbing, removal of existing asphalt, concrete & kerbing, earthworks in cut – cut area down to subgrade level. Electrical installation – streetlight conduits, pits, footings & light poles. Concrete pavement works – formwork, reinforcing install, placement, finishing & saw cutting. Stormwater – installation of main stormwater line and pits. Line marking and signage. CCTV installation works.

This project provided a challenging working environment due to the businesses within the laneway to remain in operation. We liaised with each business and DIPL to successfully deliver the works.

Contract Value: \$820K

## **ALICE SPRINGS REGION – INSTALLATION OF BELOW GROUND CONDUITS – BERGER COURT, POWER WATER SADADEEN COMPLEX**

**CLIENT: YURIKA – ENERGY QUEENSLAND**

Works included the installation of new below ground electrical conduits connecting previously installed above ground Power and Water Corporation assets to a number of fixed locations. Supply of all Labour, materials and equipment required to carry out all necessary trenching and installation of below ground conduits and pit structures in preparation for the installation of underground cables, including backfilling, compacting and full reinstatement of existing surfaces.

Contract Value: \$1.7Million

## **OVERPASS AT TIGER BRENNAN AND BERRIMAH ROAD INTERSECTION INTERSECTION UPGRADES TO – TIGER BRENNAN DRIVE/ WISHART ROAD / TIVENDALE ROAD & WISHART ROAD/ KIRKLAND ROAD**

**CLIENT: SITZLER (SITZLER'S CLIENT DIPL)**

Upgrade of intersections; Tiger Brennan Drive/Wishart Road/Tivendale Road and Wishart Road/Kirkland Road/Distribution Drive. Works were a critical pathway for the Tiger Brennan Overpass project to detour traffic. The works include the following upgrades:

- Upgrade the right turn lane from Tiger Brennan Drive to Wishart Road to be a dual signalised right turn. This includes widening Wishart Road to accommodate the required vehicle turn paths.
- Upgrade the left turn from Wishart Road onto the Tiger Brennan inbound carriageway to have two signalised left turn lanes.
- Upgrade the left turn from Wishart Road into Kirkland Road to have two signalised left turn lanes.
- Reconfigure the line making on Wishart Road to modify the existing

This project was a critical pathway for Sitzler's for their Tiger Brennan Overpass project. We collaborated with Sitzler's/DIPL Rep to overcome challenges, including ground condition issues and design modifications. The project was delivered within the agreed timeframe.

Contract Value: \$7.2Million

CIVIL CONTRACTING

## OVERPASS AT TIGER BRENNAN AND BERRIMAH ROAD INTERSECTION INTERSECTION UPGRADES TO TIVENDALE ROAD & STUART HIGHWAY CLIENT: SITZLER (SITZLER'S CLIENT DIPL)

Upgrade of the intersection at Tivendale Road and Stuart Highway. Works were to accommodate for the additional traffic expected at this intersection during construction of the Tiger Brennan Overpass project. Also to accommodate larger triple road train turning paths. Works included:

- Pavement widening to both left and right turning lanes
- Pavement construction including cement stabilised layers
- Concrete kerbing, raised concrete pavements and concrete islands
- Alterations and additional street lighting
- Telstra protection slabs
- Road furniture & line marking
- Traffic management including road closures
- Variation to mill and re-asphalt entire intersection

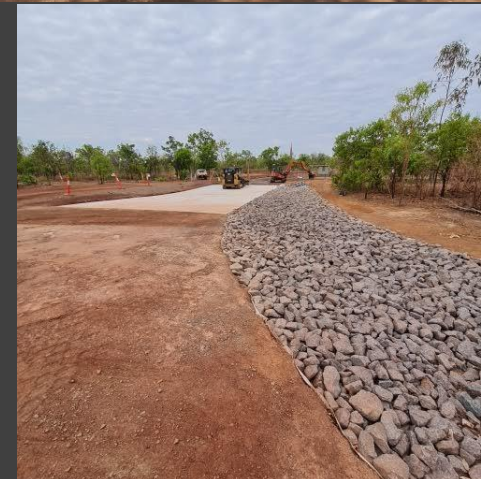

Contract Value: \$860K

## MOUNT BUNDEY TRAINING AREA – ROAD WORKS PACKAGE – INTERSECTION AND ROAD UPGRADES CLIENT: BARPA PTY LTD

Works included the upgrades to four intersections, three intersection with NT Government roads. Upgrade to a flood way. Upgrades to roads within training facility. Road repairs and maintenance grading to a 10km section of road.
