

**This is how your Pinewinds HOA maintenance fees are spent at East Lake Woodlands
Pinewinds Cluster Homes Unit One Association, Oldsmar, FL.**

Living in an HOA community, you will want to research rules and deed restrictions, reserve funds, operating budget, bylaws, and all association documents. Our governing documents are the authoritative source of information; this is a snapshot summary for easy reference.

Below is a breakdown of where your money goes living in Pinewinds:

Approximately 15% of your monthly Pinewinds HOA fee goes to East Lake Woodlands Community Association (ELWCA) for ongoing costs and maintenance of the overall property outside of Pinewinds, including roving security and staff, gates, roads, sidewalks, tree trimming, drainage, streetlights, etc.

Approximately 30% of your monthly Pinewinds HOA fee funds the reserve account. Reserve funds are used for large projects such as replacements or major repairs within the homeowner's association. Reserve funds usually have strict criteria on how they are to be used. The requirements are based on the Florida Statutes, HOA community rules, regulations, bylaws, and accountability.

From Reserve Funds:

- Exterior painting (on a 7-year cycle)
- Major wood repair project prior to exterior painting
- Roof replacement (on an 15-year cycle/estimated)
- Skylight replacement due to wear and tear. *Note: storm damage is not covered by the HOA*
- Pool deck surface cleaned, and sealed
- Pool resurfacing/tiling
- Pool furniture replaced
- Road paving
- Front entrance sign and street signage.
- Storm drains inspected and cleaned (every 3-5 years)
- Fencing (PVC, wood & chain link) painted or replaced
- Gutters (installed by the developer) replacement during roof or painting cycles

Below is a breakdown of the remaining 55%:
