

# Pinewinds News You Can Use!

## Feeding Birds and other wildlife is against the law in Pinellas County

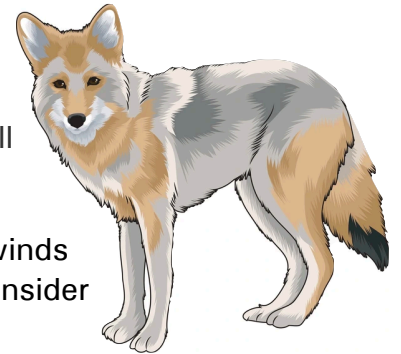

While bird feeders are not prohibited, they are strongly discouraged in the Pinewinds community. Bird feeders attract all types of rodents, such as mice, rats, raccoons, etc., and where there are rodents there will be snakes.

Outside of Pinewinds, the broader East Lake Woodlands community is experiencing an uptick in rodent activity with one unit experiencing extensive interior damage from rodent intrusion.

**Dogs and other domestic animals** must be leashed at ALL times on your property as well as within the Pinewinds community.

**Coyotes** have been sighted roaming in Pinewinds in broad daylight. Keep animals inside and consider carrying a whistle when walking.
