SAN DIEGO Country Estates ASSOCIATION

Community Notice: Homeowners, We Need Your Help

The Association has experienced an increase in minors operating e-bikes, e-motorcycles, scooters, and golf carts in areas where motorized vehicles are strictly prohibited. This activity creates serious safety concerns and places both the riders and others at risk.

Parents and guardians are responsible for ensuring their children understand and comply with all Association rules and regulations regarding the operation of motorized vehicles.

The following areas are off-limits to motorized vehicles, including e-bikes, e-motorcycles, scooters, and golf carts that are not registered with SDCEA (trail pass required):

- The Golf Course
- Horse Trails
- The Administration Building and surrounding grounds.
- Pool and Snack Bar area
- Any other area where motorized vehicle use is prohibited by posted signage or Association rules

These restrictions are in place to protect golfers, equestrians, pedestrians, employees, visitors, and the minors operating these vehicles. Unauthorized use in prohibited areas can result in serious injury, property damage, and unnecessary conflicts within our community.

We ask all parents and guardians to speak with their children immediately about these rules and to actively supervise their use of motorized vehicles. Your cooperation is essential to maintaining a safe and enjoyable environment for everyone.

Association staff will continue to monitor these areas. Individuals found operating motorized vehicles in prohibited locations may be subject to enforcement action. Repeated violations may result in citations, fines, and/or suspension of Association privileges.

We appreciate your cooperation and assistance in helping keep San Diego Country Estates safe and enjoyable for all residents.

Matt Brumbaugh
General Manger, San Diego Country Estates Association
