

AT and AAC Training and Courses

Finding Assistive
Technology
Solutions for K-
12 Settings

Build AT and AAC Expertise in Your School or District

Does your school or District need support when considering and finding assistive technology (AT) and alternative-augmentative communication (AAC) solutions for more complex students. Our training opportunities and courses focus on creating this expertise among your staff.

Please see our website to register for a training, or contact us to schedule a custom training for your site or team or with any questions. .

(951) 444-1292

Serving Southern California (locally)

Remote and Travel Services Available Throughout California and the U.S.

AT and AAC Certificate Courses

Our courses prepare professionals to conduct and write legally defensible assessments and implement AT tools and services in K-12 settings. Mentoring and extensive resources provided. If you have a group of 10 or more, please contact us to schedule your own hybrid or virtual private course.

Virtual courses start in Fall and Spring.

Webinars

Our webinar topics provide valuable resources for schools and Districts to start or improve their AT systems and policies and learn about new AT and AAC tools.

Check our site for current offerings.

Device, App and Software Specific Trainings

We provide group training in specific AAC apps (ex. Proloquo2go, TouchChat etc.) and AT software (Read&Write, Cowriter and Snap&Read etc.) Chrome accessibility and more. Contact us to schedule your team, school or District's training.

Ongoing.

AT Mentoring Services

Mentoring services available for AT/AAC Specialists to provide support with complex cases, assessment and implementation strategies.

Ongoing.

AT, AAC and Speech Assessments

In-person IEE and standard assessments are provided throughout Southern California, with remote options available in some areas. Depending on location, we also provide Speech IEE's. Rate sheet available upon request.

Please contact us for availability.

AT10 Education, L.L.C. was founded by AT/AAC Specialists **Nikki Gelso** and **Diana Neskovska**. Their focus is building assistive technology expertise in schools. Each year, with their AT and AAC Certificate courses, they train approximately 150 new and existing AT/AAC Specialists, and hundreds of special education support staff in California and beyond. Nikki and Diana are passionate practitioners and instructors with areas of expertise in curriculum access, communication access, executive functioning, complex student profiles and complicated IEP cases. They have been serving students with disabilities in public education for 20+ years.
