“The most important part, at least in my mind, of this grant is so that people know that when the Lewis and Clark County Elections Department speaks, they will be able to recognize that voice, trust that information, because this is the very basis of how our country is governed, by the consent of the governed,” said Commissioner Susan Good Geise.

In one example of the confusion voters could face this year, county leaders are reminding voters to have their mail ballots into the elections office by 8 p.m. on Election Day. A lower court had issued a ruling extending that deadline, but the Montana Supreme Court overturned it this week.

While the grant is primarily for the November election, leaders said things like new equipment and improving communications from the elections office will bring benefits into the coming years.

You can find the latest information from the Lewis and Clark County Elections Office [on the county website](#).

Global Impact Ventures — Unified Family of Brands

Source: Global Impact Ventures website (globalimpactventures.org)

The screenshot displays a video player interface. At the top left, the Global Impact Ventures logo is shown, consisting of a stylized 'G' inside a circle of dots, followed by the text 'GLOBAL IMPACT VENTURES'. To the right of the logo are the navigation links 'Our Brands' and 'Our Story'. The video content itself features a dark teal background with the text 'Meet Global Impact Ventures, our **unified family of brands.**' centered. Below this text are four colored circles, each containing a smaller version of the 'G' logo and a brand name: a green circle for 'GLOBAL IMPACT', a purple circle for 'GENEVA GLOBAL', a light blue circle for 'CAPITAL FOR GOOD', and an orange circle for 'GI SOCIAL WELFARE FUND'. The video player controls at the bottom include a play button, a progress bar showing '01:37', and icons for volume, settings, and the Vimeo logo.

Audrey McCue — Lewis and Clark County Elections Department Supervisor

Source: Montana Free Press

All the work done by the county elections team, SOS staff and KnowInk was supposed to culminate this month with exactly that parallel test. Several county officials planned to conduct their 2021 municipal elections using Montana Votes and ElectMT separately and simultaneously, in order to compare the results generated with the new system to those of the old one. Lewis and Clark County elections department supervisor Audrey McCue went so far as to hire additional election staff this fall specifically for the parallel test.
