BRINGING DENTAL CARE DIRECTLY TO YOU

ABOUT US

Central Jersey Medical Center offers on-site dental services through our Dental Mobile Van. Our 32 foot van has two dental chairs, x ray capabilities and is literally a dental office on wheels.

For patients that are uninsured and do not qualify for Medicaid, state federal funding or our charity care program, we offer accommodating payment arrangements.

WHY CHOOSE US

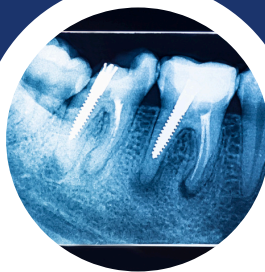

This initiative has been successfully implemented in partnership with several community organizations such as the YMCA and multiple school districts.

We accept most insurance plans and assist those that are currently uninsured. We are committed to seeing all patients, regardless of their ability to pay.

SCREENINGS & CLEANINGS

The CJMC dental team takes a closer look to ensure your teeth are thoroughly cleaned and well cared for

X-RAYS

No need to stop by the office—our mobile van takes your X-rays on demand, right where you are.

DENTAL EXAMS

Our team provides personalized care tailored to your specific dental needs. Our dental exam helps us evaluate every aspect of your oral health to ensure excellence.
