

WE'RE HIRING!

THE ROLE: SUPPORT WORKER

Through outreach work we provide person centred support packages that vary for each service user that we support.

Be a real life superhero and help make a difference to someone's life!

As a Support Worker, the aim is to support services users to live as independently as they can, exercising choice and taking positive risks, that contribute to growth, independence and quality of life. The goal is to balance safety with the right to autonomy and create empowerment.

Crucial role of being a Support Worker is having the balance between working alone and being part of a team. This allows you to provide person-centred support following an holistic approach using your judgement and skills whilst benefiting from the collective knowledge and support from your team.

The perfect candidate for the role of a Support Worker, would be an individual that has a genuine passion for helping others and possess a combination of personal skills that enable you to effectively support someone in everyday life.

Do you have the following?

- Empathy & Compassion
- Excellent communication skills
- Adaptability
- Problem solving abilities
- Open mindedness
- Respect & Dignity
- Skills to work alone as well as teamwork collaboration

Are you...

- Passionate about helping others
- Dedicated
- Reliable and consistent
- Professional

Some of the ways we can support our service users:
