Clare Valley

With over 15 Cellar Door options to choose from, the day is yours in the Clare Valley with a minimum of fuss, no driving, everyone having the time of your life with pick-up and set-down to most of the local major accommodation houses.

We have created a timetable on a recurring circuit completed every 60 minutes. You make your selection of wineries and independently and follow the timetable. Easy to follow and you'll get to visit a maximum of 4 wineries.

TIP: Larger Groups

We suggest for groups over 10, you hire a private bus from our parent company, Clare Valley Tours. You then have the freedom to visit cellar Doors not on the Grape Express schedule venues you wish to visit within the familiarity of your own group.

The Golden Rules

1. You MUST plan your day.
2. You MUST select and Book all of your chosen venues. All of the contact details are supplied. Failing to Book is too risk being turned away.
3. State you are on the Grape Express when booking, cellar door staff will know you have an hour to be ready to board the bus again. They will take you through their tastings and have you ready to go on to the next Cellar Door. You hop on and off at your designated wineries
4. You will get to a maximum of 4 cellar doors, one hour at each. Or take a more leisurely day and have a two-hour long lunch and only do two tastings. You have the choice to plan you own day for you and your friends.

TIP: We recommend choosing your lunch venue, then working your way outwards from there.

How to plan your day
