What We Do

Global Servants exists to help individuals and communities primarily in West Africa and Southeast Asia. We serve others through our girls' homes, education initiatives, investing in rural villages, and spreading the Gospel. We are committed to doing all that we can to improve the lives of people now and for generations to come.

Our Impact

Each year, over 130 at-risk girls receive love, safety, and education at House of Grace.

All of our girls have access to educational opportunities from early education through to university.

Over 500 girls have been empowered through financial independence and sustainable living.

A total of 34 wells have been drilled across five different countries.

Over 30 villages, churches, and schools have been impacted.

More than 120 sanitation stations have been constructed across three countries in West Africa.

Thousands of people now have access to clean drinking water through the efforts of Global Servants.

Over 1200 students are served by Trinity Foundation Schools each year.

President Travis Rutland and Founder Dr. Mark Rutland have shared the Gospel on every inhabited continent through evangelistic services, television, internet, and print media.

Financials

We are grateful for our partnership with our faithful supporters, who have entrusted us with resources that allow us to serve thousands of people worldwide every year. We could not do what we do without your generosity and support. We remain committed to stewarding every donation wisely, ensuring that every dollar goes towards making a lasting difference in the lives of those we serve.
