# ABOUT YOUTH HOME

**YOUTH HOME** was started in 1966 by Carol Burns Smelley with \$8,000 and a dream to help low income kids with mental illness who had been given up by their families.

Smelley placed adolescents in family homes all across Little Rock where each patient was offered treatment and connection. The organization's revenue quickly grew to over \$2 million as Smelley worked to teach our Little Rock neighbors about the ramifications of mental illness and the needs of these youth. Youth Home later evolved into a behavioral health care facility, opening its first building on our Colonel Glenn campus to serve boys and girls ages 12-17 in need of more intensive treatment.

**OUR CONTINUUM OF CARE** includes a **Qualified Residential Treatment** program for foster kids in DCFS custody, and a TRICARE® **Intensive Residential Treatment** program for in-state youth and military kids from across the nation. This program includes an **award winning recreational therapy** program and **on-site school** approved by the Arkansas Department of Education.

We have an outpatient clinic called **Behavioral Health Services of Arkansas**, serving families, parents, couples and individuals of all ages, as well as a school-based therapy program for the youth in our local school districts.

**OUR CAMPUS** We enjoy a beautiful 52-acre campus, offering a wide range of therapeutic activities including art therapy, trauma yoga, equine (pet) therapy, gardening, social skills/etiquette training, and more. We're recognized nation-wide as being **leaders in the treatment of Reactive Attachment Disorder (RAD)**, and clinically offer treatment for youth including medication management, EMDR, Trauma Informed CBT, individual, family, and group therapies.

**ACCREDITATION** Youth Home, Inc. is accredited by The Joint Commission, the nation's oldest and largest accrediting body for healthcare providers - this organization truly addresses a need in the State of Arkansas for quality healthcare.
