

STRATOS

STRATOS

Stratos nasce come arredo operativo ma la sua versatilità lo rende ideale anche per gli ambienti semi direzionali e per le sale riunione.

Le strutture scrivania sono proposte con diverse opzioni, sintesi di gusto e di stile.

I contenitori e le cassettiere, modulano la componibilità e la possibilità di diversificare il progetto di arredo: semplice e funzionale per i flussi di lavoro operativi o sofisticato ed elegante per le zone maggiormente rappresentative.

La proposta, ampia, di finiture contribuisce a creare soggettività e personalità per un risultato estetico sempre iconico.

Stratos Plus was born as operational furniture but its versatility also makes it ideal for semi-executive environments and meeting rooms.

The desk structures are offered with different options, a synthesis of taste and style. The containers and chests of drawers modulate the modularity and the possibility of diversifying the furnishing project: simple and functional for operational workflows or sophisticated and elegant for the most representative areas. The wide range of finishes helps to create subjectivity and personality for an aesthetic result that is always iconic.
