**Report on the Audit of the Financial Statements**

***Opinions***

I have audited the accompanying financial statements of Beekman Alumni and Friends, Inc., DBA Beekman Charter School (a nonprofit organization), which comprise the statements of financial position as of June 30, 2025 and 2024, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Beekman Charter School as of June 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Beekman Charter School and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Beekman Charter School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

***Auditor's Responsibilities for the Audit of the Financial Statements***

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Beekman Charter School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Beekman Charter School's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

***Supplementary Information***

My audits were conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying schedule of compensation, benefits, and other payments is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the schedule of compensation, benefits, and other payments is fairly stated, in all material respects, in relation to the financial statements as a whole.

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Performance and Statistical Data included as Schedules 1 through 2, as required by Louisiana Revised Statute 24:514, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, I do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, I have also issued my report dated December 19, 2025, on my consideration of the Beekman Charter School's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Beekman Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Beekman Charter School's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

Beekman Alumni and Friends, Inc., was incorporated on May 29, 2012, under the provisions of Title 12, Chapter 1, 2, and 3, of the Louisiana Revised Statutes. On May 9, 2013, the State of Louisiana approved their application for the trade name Beekman Charter School (the "School"). The School is exclusively for educational purposes with respect to operating Beekman Charter School in Morehouse Parish, Louisiana. The School is supported primarily through the Minimum Foundation Program (MFP) funded by the State of Louisiana and the Morehouse Parish School Board. This support is based on the number of eligible students in attendance on the School's official pupil count day each year. The MFP revenue for the year ended June 30, 2025, accounts for 96.5% of the School's total support.

The Morehouse Parish School Board (MPSB) approved the granting of a charter to the School effective July 1, 2013, for a period of five years contingent upon an evaluation following the third year of operation based on site visits, annual performance reports, and any information MPSB deemed relevant and necessary as provided in Louisiana R.S. 17:3992 and 3998(A)(2), pursuant to MPSB policy and BESE Bulletin 126. Terms of the approval also provided the charter contract may be renewed at the discretion of MPSB at the expiration of the initial five year term, June 30, 2018, pursuant to applicable provisions of Title 17, Chapter 42, of the Louisiana Revised Statutes and MPSB and BESE policy. MPSB renewed and extended the charter for a period of ten years, through June 30, 2028. The School is a Type 3 Charter School, as defined in Louisiana R.S. 17:3973(3)(b).

The School files an information return for organizations exempt from Federal Income tax under the provisions of section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as a public charity. If the School loses the exempt status, any income in future years could be taxed at normal corporate rates.

A summary of the School's significant accounting policies consistently applied in the preparation of the financial statements follows:

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **BASIS OF ACCOUNTING**

The financial statements of the School are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Income is recognized when earned and expenses are recognized when incurred.

### **FINANCIAL STATEMENT PRESENTATION**

The School follows the guidance of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, as updated by ASU 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. Under FASB ASU 2016-14, the School is required to report information regarding its financial position and activities according to two classes of net assets:

*Net Assets Without Donor Restrictions* - Net assets not subject to donor-imposed restrictions. Some unrestricted net assets may be designated by the board of directors of the School for specific purposes.

*Net Assets With Donor Restrictions* - Net assets subject to a donor-imposed restriction that is a donor stipulation for the use of a contributed asset that is more specific than the broad limits resulting from the School's nature, environment, and purpose.

NOTES TO FINANCIAL STATEMENTS

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH

Cash, which is held in interest bearing and non-interest bearing demand deposit accounts, consisted of both unrestricted and restricted balances. Unrestricted cash balances represent cash available for general operating purposes. Restricted cash balances consist of amounts credited to the School's bank accounts from donations received from individuals or entities who specified the use of the contribution.

Investments were certificates of deposit, which \$1,000,000 plus interest earnings was being held as collateral for a loan which was opened in July, 2024.

The School classifies all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

RECEIVABLES

Receivables are stated at the amount management expects to collect from outstanding balances. Management believes all receivables are collectible and therefore has not recognized a provision for doubtful accounts. The school received government grants to fund programs and operations. The grants are reimbursement based and grants receivable at the year end are stated at unpaid balances for expenditures incurred during the year.

DUE FROM OTHERS

Due from others are primarily amounts due from the Morehouse Parish School Board (MPSB) for minimum foundation funds less any reimbursements due from the School as part of the shared services agreement.

DUE TO OTHERS

Due to others are funds due to the Morehouse Parish School Board for reimbursement of services provided according to a shared services agreement or for an overpayment from MPSB.

CONTRIBUTION AND REVENUE RECOGNITION

Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence or nature of any donor restrictions.

All donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Revenues from federal and state grants are recorded when the School has a right to reimbursement under the grant, generally corresponding to the incurring of grant related costs of the School, or when earned under the terms of the grants. An accrual is made when eligible expenses are incurred.

NOTES TO FINANCIAL STATEMENTS

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

CONTRIBUTION AND REVENUE RECOGNITION (continued)

The School's primary source of funding is through the Minimum Foundation Program (MFP) funded by the State of Louisiana Public School Fund (the State) and the Morehouse Parish School Board (MPSB). The funding the School receives is determined on an annual basis based on the number of pupils enrolled as of October 1st of each year. The State funded per pupil allocation is based on the most recently approved minimum foundation program formula resolution. The MPSB's funded per pupil allocation from sales tax revenues, ad valorem taxes, and other sources is determined by the relationship of the number of pupils in the School versus total pupils in the MPSB's system.

PROPERTY, PLANT, AND EQUIPMENT

Acquisitions of property, plant, and equipment in excess of \$5,000 are capitalized. Property, plant, and equipment are stated at cost. Donated assets are recorded as capital assets at their acquisition value at the date of donation. Depreciation is provided using the straight-line method over the estimated useful life of the asset or for leasehold improvements the shorter of the estimated useful life or of the lease term. Interest incurred during the construction period is reflected in the capitalized value of the asset constructed.

PREPAID EXPENSES

Payments made to insurance companies for insurance coverage beyond the current accounting period are recorded as prepaid items in the asset section of the balance sheet. Also, payments made as deposits for services that have not yet been provided in the current accounting period are recorded as prepaid items.

LEASES

The School is a lessee for noncancelable leases of office equipment. At the inception of the lease, the School determines if the contract is a lease. The School recognizes a right-of-use (ROU) asset resulting from finance leases and operating leases. Lease liabilities are also recognized and are classified into current and noncurrent portions. The current portion is the total of lease payments, attributable to principal payments in the loan amortization schedule that are due in the next twelve months.

At the commencement date of the lease, the School measures the lease liability at the present value of the lease payments expected to be made during the lease term. The School discounts lease payments using the rate implicit in the lease, if that rate is readily available. If the rate cannot be readily determined, the School uses its incremental borrowing rate at the time of the lease. The right-to-use asset is initially measured as the initial amount of the lease liability adjusted for lease payments made to lessor before the commencement date and any initial direct costs. The right-of-use asset is amortized on a straight-line basis. The amortization period begins with the commencement date of the lease and ends at the earlier of either the end of the estimated useful life or at the end of the lease term.

Amortization and interest expenses are reported in the statement of activities for finance leases, but operating leases report lease expenses in the statement of activities.

Leases with a term of less than twelve months will not record a right-of-use asset and a lease liability. The payments will be expensed as incurred over the term of the lease.

INCOME TAXES

The School's Forms 990, Return of Organization Exempt from Income Tax, for the year ending in 2024, 2023, and 2022 were filed with the Internal Revenue Service. As of December 19, 2025, the School had not filed its tax return for the year ending in 2025. The School's tax filings are subject to examination by the IRS, generally for three years after they are filed.

COMPENSATED ABSENCES

All twelve month employees can earn a maximum of twelve days of vacation leave each year, at a rate of one day per month awarded in six month intervals. Vacation can be accumulated up to ten days per year limited to a maximum of twenty-two days. Accumulated or vested benefits relating to vacation leave are accrued at year end. At June 30, 2025 and 2024, the School had compensated absences of \$42,455 and \$47,871, respectively, related to vacation leave, which is reported as a liability in the Statement of Financial Position combined with sick leave, as noted below.

All twelve month employees earn twelve days of sick leave each year, of which two days can be used for personal leave. Nine month employees also earn ten days of sick leave each year with two available for personal leave. Sick leave can be accumulated. Upon retirement or death, unused accumulated sick leave or up to 25 days is paid to the employee or to the employee's estate at the employee's current rate of pay. Under the Louisiana Teachers' Retirement System and the Louisiana School Employees' Retirement System, all unpaid sick leave is used in the retirement benefit computation as earned service.

Compensated absences are accrued as a liability when the employees' right to receive compensation is attributable to service already rendered, the compensation rights vest or accumulate, the compensation payment is probable, and the amount can be reasonably estimated. Based on this criteria, the School accrues earned sick leave for those employees who currently are eligible to receive termination payments, as well as other employees who have at least ten years of service. At June 30, 2025, the School accrued \$290,430 as compensated absences related to sick leave, which is reported as a liability in the Statement of Financial Position combined with vacation leave of \$42,455 for a total of \$332,885, of which the current portion was determined to be \$26,819.

Baker Road, Bastrop, Louisiana 71220 for the sole purpose of operating a charter school. The agreement will expire June 30, 2028. The School pays an annual lease amount of \$1,200 according to the agreement. The School is responsible for all necessary maintenance to ensure that the facilities comply with all state and local health and safety standards and other applicable laws, regulations, and rules. The agreement will be terminated if the School's charter is revoked or surrendered.

Any use of the property that would be considered donated is not recorded as an in-kind contribution from the MPSB. The value of the property is not readily determinable. The agreement is classified as an exchange transaction because both parties receive significant value from this arrangement. Accordingly, the present value of the benefit to be received in future years has not been recorded.

Any assets acquired by the School are the property of the School for the duration of their charter agreement with the Morehouse Parish School Board. If the charter is revoked or surrendered or the school otherwise ceases to operate, all assets purchased with public funds shall automatically revert to full ownership by the Morehouse Parish School Board. The School must maintain records of any assets acquired with private funds that will remain the property of the School.

During the year ended June 30, 2025, interest of \$57,994 was incurred on the construction and capitalized in the cost of the asset being constructed. **NOTE 8 - RETIREMENT PLANS**

The School participates in two different retirement systems, the Teachers' Retirement System of Louisiana (TRSL) and the Louisiana State Employees' Retirement System (LASERS). The TRSL and LASERS are cost-sharing, multiple-employer defined benefit plans. The risks of participating in a multiple-employer plan is different from single employer plans. Assets contributed to the multiple-employer plan by one employer may be used to provide benefits to employees of other participating employers. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers. If the School chooses to stop participating it may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

Substantially all full-time employees of the School participate in the Teachers' Retirement System of Louisiana ("TRSL"). The TRSL is a cost sharing, multiple-employer defined benefit plan. This plan provides retirement and disability benefits, permanent benefit increases, and death benefits to plan members and beneficiaries. The TRSL issues publicly available financial reports that include financial statements and required supplementary information for the TRSL. The report may be obtained by writing the Teachers' Retirement System of Louisiana, P.O. Box 94123, Baton Rouge, LA 70804-9123 or on the website [www.trsl.org](http://www.trsl.org).

TRSL is a component unit of the State of Louisiana and presents its financial information based on Government Accounting Standards. According to the financial report for the year ending June 30, 2025 (the most recent available), the actuarial funded ratio for funding purposes was 80.3% compared to 77.6% for 2024. TRSL had 207 employers participating in the plan with the School's employer allocation percentage for 2024 at .08746%.

The employee of the school who is a member of the Optional Retirement Plan (ORP) became a member of this plan prior to employment with the school and has remained a participant in the ORP. The ORP is a defined contribution plan administered by TRSL. The ORP was created by Louisiana Revised Statute 11:921 and implemented on July 1, 1990. This plan was designed to provide certain academic and unclassified employees of public institutions of higher education an optional method of funding for their retirement. The ORP provides for portability of assets and full and immediate vesting of all contributions submitted on behalf of the participating employees to approved providers.

**NOTE 8 - RETIREMENT PLANS (CONTINUED)**

Retirement benefits vest after five years of service if the employee reaches age sixty; otherwise, benefits vest after twenty years of service. Benefits are established and amended by state statute. For the year ended June 30, 2025 and 2024, participants were required to contribute 8% of their annual covered payroll to the plan and the School was required to contribute 21.51% and 24.1%, respectively, of the annual covered payroll for each participating employee. These contribution levels are established by law and set by the Public Retirement Systems Actuarial Committee. For the year ended June 30, 2025 and 2024, the School contributions to this plan were \$1,195,552 and \$1,169,758, respectively, equal to the required contributions for the year.

There were no ORP participants during the year ended June 30, 2025.

The employee of the school who is a member of the cost sharing multiple-employer defined benefit pension plan administered by the Louisiana State Employees' Retirement System (LASERS) became a member of this plan prior to employment with the school and has remained a participant in the LASERS. The plan was established by Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) and grants to LASERS Board of Trustees and the Louisiana Legislature the authority to review administration, benefit terms, investments, and funding of the plan. This plan provides retirement and disability benefits, permanent benefit increases, and death benefits to plan members and beneficiaries. The retirement system issues a publicly available financial report. That report may be obtained by writing to Louisiana State Employees' Retirement System, 8401 United Plaza Boulevard, Baton Rouge, Louisiana 70809, by calling 1-800-256-3000, or at [www.lasersonline.org](http://www.lasersonline.org).

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors of the  
Beekman Alumni and Friends, Inc.  
dba Beekman Charter School  
15190 A M Baker Road  
Bastrop, Louisiana 71220

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Beekman Charter School (a non-profit organization), which comprise the statements of financial position as of June 30, 2025, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued my report thereon dated December 19, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing my audit of the financial statements, I considered Beekman Charter School's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Beekman Charter School's internal control. Accordingly, I do not express an opinion on the effectiveness of the Beekman Charter School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Beekman Charter School's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Beekman Charter School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Louisiana Department of Education, and  
Louisiana Legislative Auditor

I have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of the Beekman Charter School for the fiscal year ended June 30, 2025; and to determine whether the specified schedules are free of obvious errors and omissions in compliance with Louisiana Revised Statute 24:514 I. Management of the Beekman Charter School is responsible for its performance and statistical data.

Beekman Charter School has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the performance and statistical data accompanying the annual financial statements. Additionally, the Louisiana Department of Education and the Louisiana Legislative Auditor have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**General Fund Instructional and Support Expenditures  
and Certain Local Revenue Sources (Schedule 1)**

1. I selected a random sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on Schedule 1 on page 30:

- Total General Fund Instructional Expenditures
- Total General Fund Equipment Expenditures
- Total Local Taxation Revenue
- Total Local Earnings on Investment in Real Property
- Total State Revenue in Lieu of Taxes
- Nonpublic Textbook Revenue
- Nonpublic Transportation Revenue

*No exceptions found.*

**Class Size Characteristics (Schedule 2)**

2. I obtained a list of classes by school, school type, and class size as reported on the schedule. I then traced a sample of 10 classes to the October 1 roll books for those classes and determined if the class was properly classified on the schedule.

*No exceptions found.*

**Education Levels/Experience of Public School Staff (NO SCHEDULE)**

3. I obtained October 1<sup>st</sup> PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. I then selected a sample of 25 individuals and traced to each individual's personnel file to observe that each individual's education level and experience was properly classified in the PEP data or equivalent listing prepared by management.

*No exceptions found.*

**Public School Staff Data: Average Salaries (NO SCHEDULE)**

4. I obtained June 30<sup>th</sup> PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. I then selected a sample of 25 individuals and traced to each individual's personnel file to observe that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

*No exceptions found.*

I was engaged by Beekman Charter School to perform this agreed-upon procedures engagement and conducted my engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in Government Auditing Standards, issued by the United States Comptroller General. I was not engaged to, and did not, conduct an examination or review, the objective of which would be the expression of an opinion, or conclusion, respectively, on the performance and statistical data. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

I am required to be independent of Beekman Charter School and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the Beekman Charter School, as required by Louisiana Revised Statute 24:514.I, and the result of that testing, and not to provide an opinion on control or compliance. - ii. At least two employees are involved in processing and approving payments to vendors;

*Testing not required under LLA's 2-year testing cycle exemption.*

- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

*Testing not required under LLA's 2-year testing cycle exemption.*

- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

*Testing not required under LLA's 2-year testing cycle exemption.*

- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

*Testing not required under LLA's 2-year testing cycle exemption.*

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

*Testing not required under LLA's 2-year testing cycle exemption.*

#### **6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)**

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. *Testing not required under LLA's 2-year testing cycle exemption.*

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and

- ii. Observe that finance charges and late fees were not assessed on the selected statements.

*Testing not required under LLA's 2-year testing cycle exemption.*

- C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as "missing receipt statement" that is subject to increased scrutiny.

*Testing not required under LLA's 2-year testing cycle exemption.*

## **7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)**

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. For each of the 5 reimbursements selected:

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov));

*Testing not required under LLA's 2-year testing cycle exemption.*

*Testing not required under LLA's 2-year testing cycle exemption.*

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and

*Testing not required under LLA's 2-year testing cycle exemption.*

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

*Testing not required under LLA's 2-year testing cycle exemption.*

## **8) Contracts**

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;  
*Testing not required under LLA's 2-year testing cycle exemption.*
- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);  
*Testing not required under LLA's 2-year testing cycle exemption.*
- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and  
*Testing not required under LLA's 2-year testing cycle exemption.*
- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.  
*Testing not required under LLA's 2-year testing cycle exemption.*

**9) Payroll and Personnel**

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. *Testing not required under LLA's 2-year testing cycle exemption.*
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and:
  - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);  
*Testing not required under LLA's 2-year testing cycle exemption.*
  - ii. Observe whether supervisors approved the attendance and leave of the selected employee or officials;  
*Testing not required under LLA's 2-year testing cycle exemption.*
  - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and  
*Testing not required under LLA's 2-year testing cycle exemption.*
  - iv. Observe that the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.  
*Testing not required under LLA's 2-year testing cycle exemption.*

- C. Obtain a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

*Testing not required under LLA's 2-year testing cycle exemption.*

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g. payroll taxes, retirement contributions, health insurance premiums, garnishments, and workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.
