

Single vineyard

SAUVIGNON VERT

Bratnja

TECHNICAL SPECIFICATIONS

VINTAGE:
2023

ALCOHOL:
13.0 VOL. %

TOTAL ACIDITY:
4.99 G/L

PH:
3.34

RESIDUAL SUGAR:
DRY

VARIETIS:
100 % Sauvignon vert

OUR SOMMELIER RECOMMENDS

Served cooled at 12°-14°C

We recommended for risotto with pumpkin and bacon, and for seafood dishes such as Adriatic scampi or lobster.

Brda's climate combines the freshness of cold alpine winds and warm Mediterranean air, which gives the local wines a rich aroma. The most recognizable feature is the minerality, which it comes from a special soil - opoka.

De Baguer Single vineyard Sauvignon Vert

The Sauvignon Vert Single vineyard 2023 vintage was matured in the de Baguer cellar at Dobrovo Castle. The grapes come from the select "grand cru" Bratnja vineyard in the village of Višnjevik. This terraced vineyard, planted with sauvignon vert, grows on classic marl and has been tended according to the principles of sustainable production for a decade. It is a carefully tended and grassed vineyard on an excellent sunny site facing west, 20 years old. Each vine stock produced only 1 kg of grapes. The series consists of 440 bottles. The harvest was exclusively manual and took place on 10 September 2023.

Production process: As soon as the grapes were picked into crates and brought to the cellar, we removed their stalks and began an eight-hour cold maceration. The maceration was followed by gentle pressing and fermentation in an amphora at 16-17 °C. After fermentation, the wine was aged for 12 months. In the final stage, the wine was aged in stainless steel containers until bottling. Fermentation temperature: 16-17 °C. Colour: This wine is golden yellow with a greenish tinge. Smell: On the nose, there are ripe white peaches, apricots, elderberries, melon and herbs, complemented by a touch of grapefruit. Taste: The wine is full-bodied and balanced, fresh, mineral, and with a long, intense aftertaste.

What can the label Single vineyard mean?

"Single vineyard" does not have a single translation in Slovenian, but it means single or independent vineyard. It is an increasingly widespread English expression that appears all over the world the world. We asked a wine expert how to understand it Dušan Brejc, who gave us the following explanation: "As is the case with French 'terroir', which brings out the collective effects sites and people, are unique and different every year, but the high quality of the wines is largely attributed to the vineyard and the year, because everything else, from the selection of varieties to the technology used, is even knowledge that can be had practically everywhere. Therefore, it is in the economic, environmental and social, therefore in terms of sustainability, expediently highlight the vineyards, which produce grapes for quality wines with a protected geographical area origin, which to the greatest extent and comprehensively reflect the environment in which were created. "Taste of the vineyard" is a parable that is used in the new world understood as "a sense of place". For credibility such efforts are necessary within the existing vineyard wine legislation to define what this English term encompasses and give him a Slovenian synonym. In favor of winemakers and consumers."
