Ladies League Newsletter July 2026

Mother Nature has certainly kept us on our toes this season, with a few league nights falling victim to the weather. Thankfully, when the skies cooperate, the turnout continues to be outstanding, with more than 100 ladies joining us each week!

A huge congratulations goes out to Carrie, who recorded her first-ever eagle—an incredible achievement and a moment to celebrate!

Match Play is also progressing well as players battle their way through the brackets. One thing we do know already is that there will be new Doubles Match Play Champions in 2026, as our defending champions have officially been eliminated. Congratulations to all those advancing, and best of luck as the competition continues!
