Management Newsletter July 2026

Happy Canada Day!

I hope everyone had a great holiday, whether you are spending it on the golf course, hiking in the mountains, or simply hanging out with family and friends around the barbecue.

Hopefully the weatherman will be more kind to us in the ensuing summer months and we can all catch up on our missed rounds of golf.

Hope you all have a great time in the Memorial Tournament on July 4th as well.

It is always a good one and gives us a chance to honor those loyal members who are no longer with us. The men's locker room repairs are now going well; the drywall and painting are complete, and the work resetting all the lockers and the new flooring will begin the week of July 6th.

A big thanks to Jared and First General for their amazing work on this. We are well ahead of schedule on this restoration, and we have him to thank for that.

The basement and the Back to the Mat restoration are well underway as well, and we hope to have Allan and his team back to work very shortly.

I want to thank everyone for your patience with the grounds department as they battle the challenges that have been created out there by the monsoon rains of the last month.

It has been very difficult for our team, but I think they have done a great job getting the golf course playable time and again as the rain continued to fall.

Thanks also to our Members for helping us through this by way of your cooperation with cart rules.

As you may have noted, the cement pad for the new starter shack on hole #1 is now in place, and the building will be constructed starting the week of July 13th.

We want to thank the Preservation Society for their contribution towards the construction of this through the proceeds from the opening social at Lakeside hosted by the Society on April 18th.

Next project will be the washroom reno on hole #5.

For those of you who have been brave enough to venture out onto the patio, you will have seen the new floral arrangements that have been added to help beautify the area. I am also happy to announce that the patio is now pet friendly! The south portion up to the two new planters is open to families wishing to bring their dogs to the club. Make sure to let your friends know, and we will be posting this on social media as well.

Don't forget that our Club Championship is rapidly approaching as well on the August long weekend. We will be accepting entries soon, and as always, the club will be looking for corporate sponsors to help with the costs of running a successful event. Please consider becoming a sponsor this year; details of sponsorship categories will be available soon.

Don't hesitate to reach out anytime with any questions or comments that you have about our club. My door is always open, and I look forward to hearing from each and every one of our members on topics regarding our club.

On behalf of the entire staff, thank you for your ongoing, loyal support of Lakeside. We do this for you, and it is only with your support that we can continue to grow and, as a result, offer more services to our membership group.

Thanks, and see you on the fairways! Glenn
