

UK BAILIFFS

Abandoned vehicle support

**Resolve the obstruction.
Recover useful space.**

ABANDONED VEHICLES

0330 133 1818

ukbailiffs.co.uk

A vehicle left behind. A practical next step.

Support for landowners and managing agents dealing with unwanted vehicles on private land, from initial review to an appropriately authorised resolution.

Establish the position

Share the vehicle details, location, history and any owner, keeper, council or police contact. We assess the information before arranging the next stage.

Coordinate the resolution

Depending on the established route, support may include notice, contact attempts and coordination of collection, recovery or storage. Disposal is separately assessed.

WHAT TO SEND

Site address and your authority.
Registration, description and date first seen.
Known ownership and previous contact.
Any notices, council reports or police references.

An unwanted vehicle is not automatically abandoned. Moving, selling or disposing of it requires a valid legal basis. Occupied vehicles need a separate assessment.
