

Request for information

Body-worn video and related case information | External requester

Organisations may use this form to identify a specific request. It is optional for police and does not itself authorise disclosure. A person requesting their own personal data can make a subject access request (SAR) without using this form.

1 Requester

Requester type: individual / representative / client / police / regulator / other

Name and role

Organisation / police force (if applicable)

Work email or contact method

Telephone

Representative authority or official ID / badge number, if applicable

2 Information requested

UK Bailiffs case reference, if known

Visit date / approximate period

Location / information to identify the attendance

Specific footage, incident, time range or case information requested

Preferred response / format (we will assess the appropriate method)

Your right of access - UK GDPR Article 15

Ask for your own personal data verbally or in writing: no form, reason or organisational declaration is required. We may reasonably verify identity and seek details needed to find it. Tell us if relevant footage needs preserving.

Request for information

Purpose, authority and disclosure controls | Complete where applicable

3 Organisational purpose and legal route

Purpose and circumstances (complaint, claim, investigation, assurance, etc.)

Statutory power, court order or other legal requirement relied on, if any

Police incident / investigation / regulator reference, if applicable

Why the requested information and extent are necessary for this purpose

4 Proposed recipients and protection (organisations)

Names / roles of proposed recipients or viewers

Proposed confidentiality, storage, access and onward-disclosure safeguards

Organisational access - proposed conditions

If approved, access may be limited to named people, a defined purpose and secure handling terms. Court orders and legal duties are assessed on their own terms.

This page, its safeguards and sign-off are not required for an individual SAR.
