

**EPSIS
TECHNOLOGIES**
Innovation - Solutions

MISSION-READY IT • CYBERSECURITY • TECHNOLOGY OPERATIONS

Secure the Mission. Modernize the Environment. Sustain Performance.

UEI: US4HZGTN99M3 | CAGE: 9EQP2

Small Disadvantaged Business

Hispanic-Owned Small Business

SAM Registered

EPSIS Technologies, LLC delivers secure, reliable, mission-focused IT solutions for federal, state, local, and commercial organizations operating in complex, distributed, and high-availability environments. We modernize infrastructure, strengthen cybersecurity, improve IT operations, manage technology assets, and sustain mission continuity through experienced personnel, proven processes, automation, and measurable performance.

20+ Years of Federal / DoD Experience	\$50M+ Government IT Assets Supported	100% SLA Compliance	99.2% Asset Data Accuracy
--	--	-------------------------------	-------------------------------------

CORE COMPETENCIES

CLOUD & INFRASTRUCTURE MODERNIZATION

AWS GovCloud • Azure Government • Hybrid cloud migration
• Legacy modernization • Infrastructure optimization •
Infrastructure as Code • Automated provisioning • Resilient
cloud operations

CYBERSECURITY & RISK MANAGEMENT

NIST SP 800-53 • FISMA • Continuous monitoring • Vulnerability
management • Zero Trust-aligned operations • Security
authorization documentation • Governance and compliance
support

MANAGED IT & TECHNICAL OPERATIONS

24/7/365 NOC, SOC and Service Desk • ITIL-aligned incident,
problem and change management • Multi-site WAN/LAN and
wireless support • End-user and infrastructure operations

IT ASSET & PROGRAM MANAGEMENT

Enterprise asset lifecycle management • ServiceNow-enabled
workflows • Inventory and configuration accuracy • Audit
readiness • PMO / QA-QC • Earned Value Management • Risk
and subcontractor coordination

WHY EPSIS TECHNOLOGIES

◆ **20+ Years Federal / DoD Execution:** Direct support to
U.S. Army PEO-STRI in mission-critical environments.

◆ **Zero Audit Findings:** Proven accountability and
disciplined operational controls.

◆ **ServiceNow-Enabled Automation:** 28% faster ticket
resolution and 99.2% asset data accuracy.

◆ **Mission Continuity:** 24/7 operations supporting high-
availability environments.

SELECTED PAST PERFORMANCE / PROOF POINTS

U.S. ARMY PEO-STRI

IT, Cybersecurity & Asset Management

Secure, high-availability operations and
asset management across multi-site
networks.

Scale: \$50M+ assets • 24/7 operations

ZERO AUDIT FINDINGS • 100% SLA

DoD ENTERPRISE

Cybersecurity & Compliance

NIST/FISMA controls, continuous
monitoring, vulnerability management
and authorization documentation.

**Scale: Enterprise-wide security
posture**

IMPROVED AUDIT READINESS

FEDERAL / STATE

Cloud & Infrastructure

Hybrid cloud migration, legacy refresh,
infrastructure optimization and
automated provisioning.

Scale: Mission-critical applications

GREATER AVAILABILITY & RESILIENCE
