Specialized Hospital Brzeziny

Marii Skłodowskiej - Curie 6, Brzeziny

Faculty

Prof. Michał Spychalski MD, PhD

Dr. Paweł Rogalski MD, PhD

Dr. Pedro de María Pallarés MD, PhD

Dr. Sandro Sferrazza MD, PhD

Training description

The innovative idea of this 3-day course is to teach the participants the technique of ESD on the advanced level in the teams that show the model cooperation of HCP and endoscopic nurse during such procedures, also give the chance to verify the newly acquired knowledge during the live procedures on patients, when additional Tips & Tricks will be shared.

Participants

The training is designed for a group of max. 12 participants.

Pre-learning

Prior to the session, pre-learning materials will be provided to enhance your understanding. Please review these materials before the training session.

Participants should read the ESGE recommendations before attending the course : <https://www.esge.com/endoscopic-submucosal-dissection-update-2022>

Language

The training will be conducted in English. Fluent command of English language is required from all participants. Translators accompanying participants will not be permitted.

Please do not arrange return flights before 3:00 p.m.
