## EXPERIENCE

### CTS (Contracted to Deloitte), Remote — UX/UI Designer

Feb 2025 - Present

- Delivered high-fidelity prototypes and UI components under tight client deadlines, accelerating project timelines.
- Collaborated with Deloitte consultants and cross-functional teams to translate complex business needs into user-friendly digital experiences.
- Applied enterprise-level design standards to ensure consistency and scalability across projects.

### Avanade, Remote — Visual Designer

May 2020 - Feb 2025

- Built and implemented scalable design systems, ensuring consistency across enterprise projects.
- Designed responsive interfaces for desktop, tablet, and mobile to optimize user experience.
- Partnered with Fortune 500 clients and cross-functional teams to deliver UI solutions aligned with business goals.
- Conducted UX research, user testing, and information architecture to validate design decisions and produce high-fidelity designs in Figma.
- Collaborated with developers on complex systems, backend data integrations, and API-driven workflows, aligning technical requirements with user-centered design.

### Genieously, New York, NY — UX/UI Designer

Jan 2020 - May 2020

- Led end-to-end design process for multiple e-commerce projects, from research to final delivery.
- Conducted domain analysis, information architecture, interaction, and visual design.
- Prototyped web and mobile interfaces to support agile product development.
- Worked closely with product managers, partners, and designers to define requirements and roadmaps and delivered cohesive, innovative solutions that strengthened client brands.

### FitTripper, Remote — UI Designer

Nov 2019 - Jan 2020

- Revamped brand identity and UI system for a global gym-finder platform.
- Redesigned the beta app to improve usability and visual appeal.
- Conducted domain research and led UX initiatives to define new features.
- Created a style guide and UI kit to ensure consistency and scalability.
