POWERING UP AND COOLING DOWN: GEALYS BREAKDOWN

From high-end residential and commercial construction to ongoing maintenance, compliance and repairs, Gealy's Air-Conditioning and Refrigeration are the trusted local partner you want on your side. With more than 80 years of combined trade experience across the management team and over 10 years in business on the Sunshine Coast, our track record speaks for itself. We understand that every business comes with its own unique needs and challenges which is why we offer expert, tailored solutions designed to provide peace of mind and ensure your next project is a success.

No job is too big or small with our dedicated team specialising in commercial air-conditioning and refrigeration, mechanical ventilation, residential air-conditioning, pool heating and a broad range of Industrial and residential electrical services. With personalised, professional solutions and agreements crafted specifically for your needs and budget, we can help ensure optimal performance of your systems and provide proactive maintenance solutions while also reducing downtime and unexpected repair costs.

When you partner with Gealy's you can focus on what you do best while knowing all your HVAC, refrigeration and electrical needs are in safe hands.

What Sets Gealy's Apart From The Rest?

Family-Owned Values: As a family-run business, we prioritize integrity, trust and strong customer relationships, ensuring that our clients feel valued and supported throughout every step of their project.

Qualified Technicians: Our team comprises highly trained and licensed professionals with extensive industry experience, ensuring strict compliance with Australian standards and regulations.

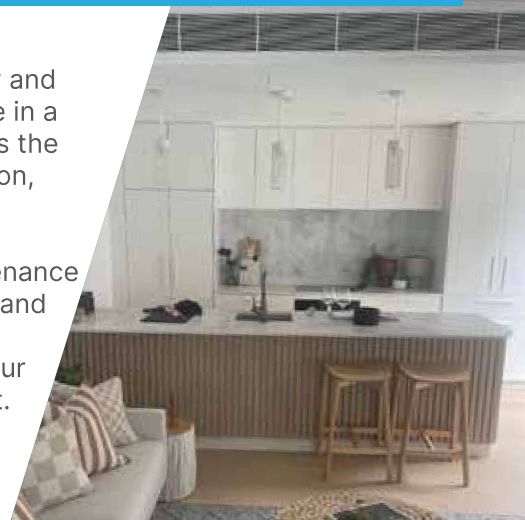

Community Commitment: We are deeply invested in the Noosa and broader Sunshine Coast community and go above and beyond to promote environmentally friendly practices through leading energy-efficient systems and solutions.

Comprehensive Warranty and Support: We offer industry-leading warranties on all installations and services, giving our clients absolute peace of mind and assurance of quality from start to finish.

HOW CAN WE HELP YOU?

At Gealy's Air-conditioning and Refrigeration, we are committed to the quality and success of your next project. Our professional team has extensive experience in a wide variety of commercial, Industrial and residential electrical services and is the trusted local expert when it comes to commercial air-conditioning, refrigeration, repairs and servicing.

You will never feel like 'just another job' with our tailored solutions and maintenance plans along with our unwavering dedication to outstanding customer service and communication. From project planning, costing and regulatory compliance to installation, maintenance and rapid response repairs, let us take care of all your HVAC and refrigeration needs so you can get back to doing what you do best.

OUR CORE COMPETENCIES:

Tailored HVAC System Design and Installation: Our team specialises in the custom design and installation of energy-efficient heating and cooling systems for our residential, commercial and Industrial clientele. Our systems are designed to enhance comfort while reducing energy and ongoing maintenance costs.

Maintenance and Repair Services: Let us tailor one of our comprehensive maintenance solutions to your unique needs and project requirements. Our prompt repair services help to ensure the optimal performance and longevity of your HVAC systems while also reducing downtime and discomfort for our clients.

Refrigeration Solutions: Let our dedicated team of local professionals facilitate the installation, servicing and maintenance of all your commercial refrigeration systems. We cover everything from Industrial cold rooms to display fridges, freezer units and equipment repairs with no job too big or too small.

Energy Efficiency Consulting: Save time, money and maintenance with our energy efficiency consulting. Our team is on hand to conduct energy audits and provide you with tailored solutions to improve energy efficiency and ensure compliance with Australian regulations, including ASHRAE and NABERS.

Emergency Services: No matter the time or day, we offer 24/7 emergency repair services to address urgent HVAC and refrigeration issues. We are dedicated to minimizing downtime and disruption for our clients ensuring we can provide you with absolute peace of mind for your next project.

A PROVEN HISTORY OF SUCCESS

We are proud Sunshine Coast locals and have been servicing our community for more than a decade. We consider it our privilege to have been a critical asset to a vast array of key projects that have helped shape our region and create this vibrant place that we love to call home.

2023 - Artisan Labs - Budget: \$500,000

A custom-built HVAC installation at one of the region's leading pharmaceutical manufacturing facilities.

2023 - ViVida Noosa - Budget: \$250,000

A successful VRV installation at a premier high-end apartment complex in Noosa.

2023 - JUNK Sippy Downs - Budget: \$80,000

Efficient and effective VRV installation for a leading dining destination on the Sunshine Coast.

2023 - Noosa Council Art Gallery - Budget: \$150,000

Installation of a custom-built HVAC system at the iconic Noosa Council Art Gallery, one of the region's cultural destinations.

2022 - Lucio's Marina - Budget: \$60,000

Complete ducted air-conditioning for a renowned local restaurant on the water in Tewantin.

2022 - Annabelle's 10 Hastings St Noosa - Budget: \$220,000

This project consisted of a complete VRV installation for a premium apartment fit-out right here in Noosa.

2022 - MECCA Noosa - Budget: \$85,000

Ducted air-conditioning installation for one of Hastings Street's high-end retailers.

2020 - Noosa Council Depot - Budget: \$250,000

We partnered with the local Noosa Council to complete an extensive VRV installation project at their local depot
