

Capability Statement

WHO ARE WE

1 Asterisk Disasters (1AD) is a Florida-based emergency management and disaster logistics firm delivering response, recovery, and technical support services across public, private, and nonprofit sectors. Founded in 2024 by a core team with over 50 years of combined disaster experience. 1AD provides rapid nationwide mobilization, mission-capable staffing, compliant field operations, and proven support for a wide range of natural and technological disaster hazards. With a strong background in large scale natural disaster response in the state of Florida. Powered by its proprietary Response-Based Recovery™ methodology, 1AD brings order into the chaos of emergency management.
