MARCH

International Women's Day (March 8) is a global day celebrating the social, economic, cultural, and political achievements of women. The day also marks a call to action for accelerating gender equality.

IWD has occurred for well over a century, with the first IWD gathering in 1911 supported by over a million people. Today, IWD belongs to all groups collectively everywhere. IWD is not country, group or organization specific. IWD is a movement, powered by the collective efforts of all.

Preparing for the Spring: Early Planning Tips
While winter is still in full swing, February is the perfect time to start preparing for the upcoming spring season. A little early planning can make the transition smoother and help you feel organized and refreshed.

1. Start Decluttering Now

Begin with small areas like closets, kitchen cabinets, or storage spaces. Sorting items early makes spring cleaning much more manageable and creates a fresh start for the new season.

2. Check Maintenance Needs

Take note of any maintenance concerns in your home –leaky faucets, drafty windows, or appliances that need attention—and report them to the management office. Addressing these early helps ensure everything is ready for warmer weather.

3. Plan Your Cleaning Schedule

Create a simple spring-cleaning checklist. Breaking tasks into weekly goals prevents overwhelm and keeps you on track.

4. Refresh Your Space

Consider small updates like adding plants, switching out décor, or deep cleaning carpets and upholstery. Even minor changes can brighten your home and lift your mood.

APARTMENT MAINTENANCE REMINDER

REMINDER TO OUR RESIDENTS

Steps you can take to safely control pests.

- 1. Clutter provides places for pests to breed and hide and makes it hard to get rid of them. Get rid of things like stacks of newspapers, magazines, or cardboard.**
- 2. Store food in sealed plastic or glass containers. Garbage containing food scraps should be placed in tightly covered trash cans.**
- 3. Remove garbage regularly from your homes.**
- 4. Deep cleaning is essential: by Vacuuming, wiping, and mopping every corner of the apartment.**
