

Courses for 1st to 12th Grade

On a flexible schedule, students complete courses to get ahead or earn better grades.

Students work one-to-one with experienced Brightmont Academy instructors all the time. Instructors move at the pace and use the instructional methods that best fit each individual's needs. Brightmont has the resources to tailor course curriculum to match specific school and district requirements, including Common Core standards. Seventh through twelfth grade students can earn a letter grade and transcript credit for all high school level courses completed. Additional courses may be available. Contact the Campus Director with specific requests.

THE ONE-TO-ONE SCHOOL

www.BrightmontAcademy.com

School Year 2025-26

Brightmont Academy is an accredited private school for grades 1–12 that provides one-to-one instruction. One experienced teacher works with one student throughout every learning session. Customized learning plans focus on developing the academic and study skills each student needs to be a successful learner.
