

EMPOWERING FUTURES: ONE STORY AT A TIME

MAYA'S JOURNEY AND THE POWER OF EDUCATION

At Covenant House Florida, we believe every young person deserves the chance to discover their potential, explore their passions, and build a career they love. Every journey is unique. Our services are entirely personalized to meet each young person where they are. Whether they need Pre-GED and GED preparation, tutoring, higher education and trade certifications, or intensive job readiness training like resume building, interview prep, and career exploration, we walk alongside them every step of the way. Last year alone, 231 young people actively engaged in our Education and Career Navigation programs, taking brave steps toward their independence.

A great example of this program in action is Maya. She recently celebrated a massive milestone by graduating, and she is already looking forward to the future as she prepares to start college this coming August! Currently, she is working closely with our Independent Living Coordinator to secure scholarship opportunities that will help fund her higher education journey.

Critical support from donors like you helps young people like Maya have the resources, guidance, and encouragement to pursue higher education and build lasting independence. Your investment in our Education and Workforce Development programs creates opportunities, opens doors, and equips young people with the tools they need to build successful, independent futures.
