Features Overview

4-point quick-release suspension for a proper fit

Inner padding for added comfort

Accessory slots

Double-layer textile straps for a secure fit

Sure-lock wheel ratchet for an effortless fit

Impact liner helps absorb front, side, or rear impacts

Eye & Face Protection

CSA approved models designed to help shield your eyes and face from impact, debris, dust, splash, and other potential hazards.

- ▶ Imprinting available on specific styles
- ▶ Many accessories such as cord holders, cases, lens cleaning products and stations
- ▶ High performance headgear, brackets, visors, and welding helmets available
- ▶ **KD SIGN SYSTEMS INC. PROVIDES CUSTOM IN HOUSE PRINTING ON HARD HATS & OTHER PPE EQUIPMENT & CLOTHING.**

Hearing Protection

Because hearing loss is gradual, many are unaware of the damage. For that reason, it's critical that hearing protection is used in industrial settings.

- ▶ Corded, uncorded, and metal detectable options
- ▶ Disposable and reusable formats
- ▶ Full headband or cap mounted
- ▶ **KD SIGN SYSTEMS INC. PROVIDES CUSTOM IN HOUSE PRINTING ON HARD HATS & OTHER PPE EQUIPMENT & CLOTHING.**

Hand Protection

KD Sign Systems Inc. is committed to developing and providing hand protection products that deliver maximum performance in the harshest conditions and in the widest array of applications including:

- ▶ Cut resistant gloves
- ▶ Chemical resistant gloves
- ▶ Heat resistant gloves
- ▶ Coated seamless knit
- ▶ High performance
- ▶ General purpose
- ▶ Disposable gloves
- ▶ Critical environment
- ▶ And more...
- ▶ **KD SIGN SYSTEMS INC. PROVIDES CUSTOM IN HOUSE PRINTING ON HARD HATS & OTHER PPE EQUIPMENT & CLOTHING.**

Arm Protection

When using hand protection, you should also consider arm protection to extend your safety coverage.

- ▶ Fitted length
- ▶ Easy to order, one-size
- ▶ High cut protection
- ▶ FR / ARC protection
- ▶ And more...
- ▶ **KD SIGN SYSTEMS INC. PROVIDES CUSTOM IN HOUSE PRINTING ON HARD HATS & OTHER PPE EQUIPMENT & CLOTHING.**

Welding Safety

Welding is inherently dangerous. Gas, flames, sparks, blinding light – nothing can be left to chance. The key to injury reduction is not just product, it's understanding applications so that the right safety product is used.

KD Sign Systems Inc. and Ironcat® welding protection is specifically designed for professional heat shielding, dexterity, tactility and protection demands of all welding and metal fabrication applications.

- ▶ Stick
Heat Protection and Durability
- ▶ MIG
Enhanced Dexterity and Comfort
- ▶ TIG
Extreme Precision and Durability
- ▶ **KD SIGN SYSTEMS INC. PROVIDES CUSTOM IN HOUSE PRINTING ON HARD HATS & OTHER PPE EQUIPMENT & CLOTHING.**

Fall Protection

To succeed in this unforgiving category, you need to be cognizant of your ABCDs.

- ▶ Anchorage products that provide a secure connection to structures, thus allowing an attachment point
- ▶ Body wear worn by the user, which includes harnesses as well as other personal protective equipment
- ▶ Connecting devices that link the body wear to the anchorage, critical to the system and usually energy absorbing
- ▶ Descent and rescue products that form a key component of any rescue plan in order to ensure a timely response

FULL SAFETY
STEEL TOE
& MIDSOLE

Boss® CSA footwear is designed with advanced materials that offer maximum comfort and protection against work hazards. Made with materials that are up to 25% lighter than traditional, heavy PVC boots, with an optimized design that follows the shape of legs and ankles to improve comfort when walking.

Foot Protection

Product Catalog

Version 1 | armorgardusa.com

Welcome

This catalog includes our extensive range of market-leading solutions for on-site security, safety and productivity. All of our products are exclusive to Armorgard and come from the work of our talented in-house R&D team. Our latest innovations are used as essential solutions for H&S best practice. You won't find the same products anywhere else and you certainly won't find better.

The images used throughout are for the purpose of illustration and reference only. Content may not be included as standard. Please note that dimensions are approximate.

You haven't
met security,
until you've met
SiteBoss™

We're no rookie when it comes to secure storage. It's our no.1 priority to keep your livelihoods safe and secure whether you're on the jobsite or in your truck.

With 14-gauge steel body, a multi-spur locking mechanism and tamper-proof joins, you can be sure it's built to last and built to protect.

Safety for everybody. SiteBoss™ features dual gas struts and Armorgard's exclusive: SlamStop lid stay, to protect workers when closing the heavy-duty lid.

Stored. Secured. SiteBoss™.

Jobsite tool
security, built
like a boss

armorgard siteboss™ piano box

Over 30 years of design and innovation makes SiteBoss™ our no.1 secure storage range.

With anti-tamper joins, a fully welded cross-braced lid and 14-gauge steel; it has a rigidity and strength you'll never question.

Its bi-fold lid with dual gas struts and 38-49 cu ft of storage makes it easier and safer than ever to store your tools.

Strengthened hooks for organization, a cable pass-through point for secure charging, and 2 multi-functional caddy shelves, make it more than just a box.

extreme UltraLock protection

A secure locking system that dominates the market.

UltraLock's universal design makes it compatible with most standard padlocks available in the market

Patent pending 2211899.6

Complex innovation made simple:

- Install your padlock in seconds with a 0.39" hardened steel security bolt.
- Shackles across 3 points of the SiteBoss™ engage with the multi-spur mechanism, interlocking smoothly yet fiercely.
- With just a single push of the padlock: installed, engaged, protected.

**UltraLock: Its strength is undeniable,
its innovation is unrivalled.**

Your FittingStor™: tough,
tidy, transportable

armorgard

fittingstor™

A design that brings security, organization and mobility together. This ultimate 3-in-1 solution helps you get the job done.

Work without the worry of theft. Your costly fittings, fasteners and tools have the heavy-duty security of 16-gauge steel, sealed with the self-engaging T-latch lock.

Organization is made simple with 3 sturdy shelves that store up to 300 lbs; everything you need to get the job done.

On the move? Heavy-duty casters and 4-way forklift pockets make it easier, faster and safer.

Strength AND simplicity.
Forma-Stor™ delivers
the best of both.

This quick-assembly, modular solution for
jobsite storage can be easily built in as little
as 10 minutes.

But, don't let the simplicity fool you.

Designed with a self-engaging T-latch lock,
anti-tamper joins and galvanized panels. The
result? An ultra-secure unit that protects your
tools from theft.

Available in 2 sizes, Forma-Stor™ gives
you secure storage on a large scale so
there's no need to compromise between
space and security.

When you're ready to move on, Forma-Stor™
can be flat-packed or moved using forklift
pockets or crane lifting eyes. Move it where
you need it.

Revolutionizing safe
cutting on site

A product of innovation and design:
it's your instant cutting room! Full of
features that help you cut materials
efficiently and safely at working height.

Sparks, noise and debris when cutting?
PVC curtains contain sparks, sound-
deadening foam reduces decibels and
a debris collector keeps dust to a minimum.

With lighting, power supply and a
secure lockable cabinet; it's the
jobsite unit that has it ALL.

Set up anywhere! By crane, caster or
forklift, CuttingStation™ is where you
need it, when you need it.
