RENTAL PROGRAM FEATURES

FREE EXCHANGES FOR LARGER SIZES

Our rental program includes free exchanges. As your student grows they will need to move to larger size instruments. Contact the shop to arrange the exchange. No additional paperwork or payments are necessary.

RENTAL EQUITY TOWARDS PURCHASE

The full amount of every rental payment made applies towards up to 50% of the purchase price for a new instrument. Rental equity accumulates for the full duration of your rental contract. There is no limit to the amount you may accumulate. This is a great benefit for when your student reaches a full-size instrument or stops growing, and decides they want to continue playing.

CONSISTENT INSTRUMENT QUALITY

Our rental instruments are the same model regardless of size. There is consistency in the quality which will benefit your student as they learn.

INCLUDED MAINTENANCE AND INSURANCE

Our rental costs include maintenance. If something goes wrong with the instrument, it's not on you to pay for it to be fixed (intentional damage or destruction is excluded). If the instrument were to be stolen or accidentally destroyed, you will not need to pay for a replacement. See our Rental Agreement for all of the details.

FREE STARTER KIT FOR STUDENTS

Each rental student receives a **FREE** starter kit, valued at \$65, that includes a method book, music folder, music stand, rosin, cleaning cloth and shoulder rest or end-pin stopper (depending on your instrument).
