Profile

Highly respected Director and Moving and Handling Practitioner, leading SupportiveAction Ltd, with extensive expertise in complex care environments and specialism in neurodevelopmental conditions. Nationally recognised as a 2025 National Back Exchange Award finalist and an influential voice in moving and handling, presenting on Disability and Sex at the NBE Conference. Currently developing national guidance on hydrotherapy evacuation procedures and working towards Advanced Membership of the National Back Exchange. Known for delivering innovative, dignified, and client-centred solutions that balance aspiration with safety, and for championing a “big picture” approach to moving and handling.
