SafeStep®

4300 // DUAL BLEND® ICE MELTERS

MELTS ICE FASTER AT LOWER TEMPERATURES.

Melt ice fast with a quality blend of sodium chloride and magnesium chloride in Safe Step® 4300 Dual Blend® and Dual Blend® Blue. Their formulations contain corrosion inhibitors, which make them gentler for concrete and metal.**

Key features

Melts ice to -7°F (-21°C)

Formulated with corrosion inhibitors

Enhanced with magnesium chloride

Available in blue color for improved visibility

A unique blend of melting power and corrosion inhibitors

Safe Step 4300 Dual Blend and Dual Blend Blue are ideal for minimizing surface corrosion. This advanced blend of sodium chloride, magnesium chloride and corrosion inhibitors delivers powerful performance.

Efficient and effective spreading

Safe Step 4300 Dual Blend and Dual Blend Blue use a unique screening process that results in optimum-sized particles for improved spreading and enhanced melting, while the easy-to-see blue crystals in Dual Blend Blue allow for an even and efficient application. For the ideal combination of performance and value, offer Safe Step 4300 Dual Blend or Dual Blend Blue.

** Compared to conventional ice melters, when used as directed

AVAILABLE SIZES

PACKAGE SIZE	ITEM #	PACKAGES/PALLET	WEIGHT/PALLET	PACKAGE VOLUME	PALLET PATTERN
4/12 lb. case (12 lb. jug)	2409328	50 cases (200 jugs)	2,465 lbs.	1.22 ft. ³	10 x 5 = 50
20 lb. bag	639752	120	2,465 lbs.	0.44 ft. ³	10 x 12 = 120
40 lb. bag	2425424	63	2,585 lbs.	0.61 ft. ³	7 x 9 = 63
50 lb. bag	806696	49	2,515 lbs.	1.02 ft. ³	7 x 7 = 49
50 lb. Blue bag	836553	49	2,515 lbs.	1.02 ft. ³	7 x 7 = 49
