

Struggling with Data Trapped in Faxes and Paper?

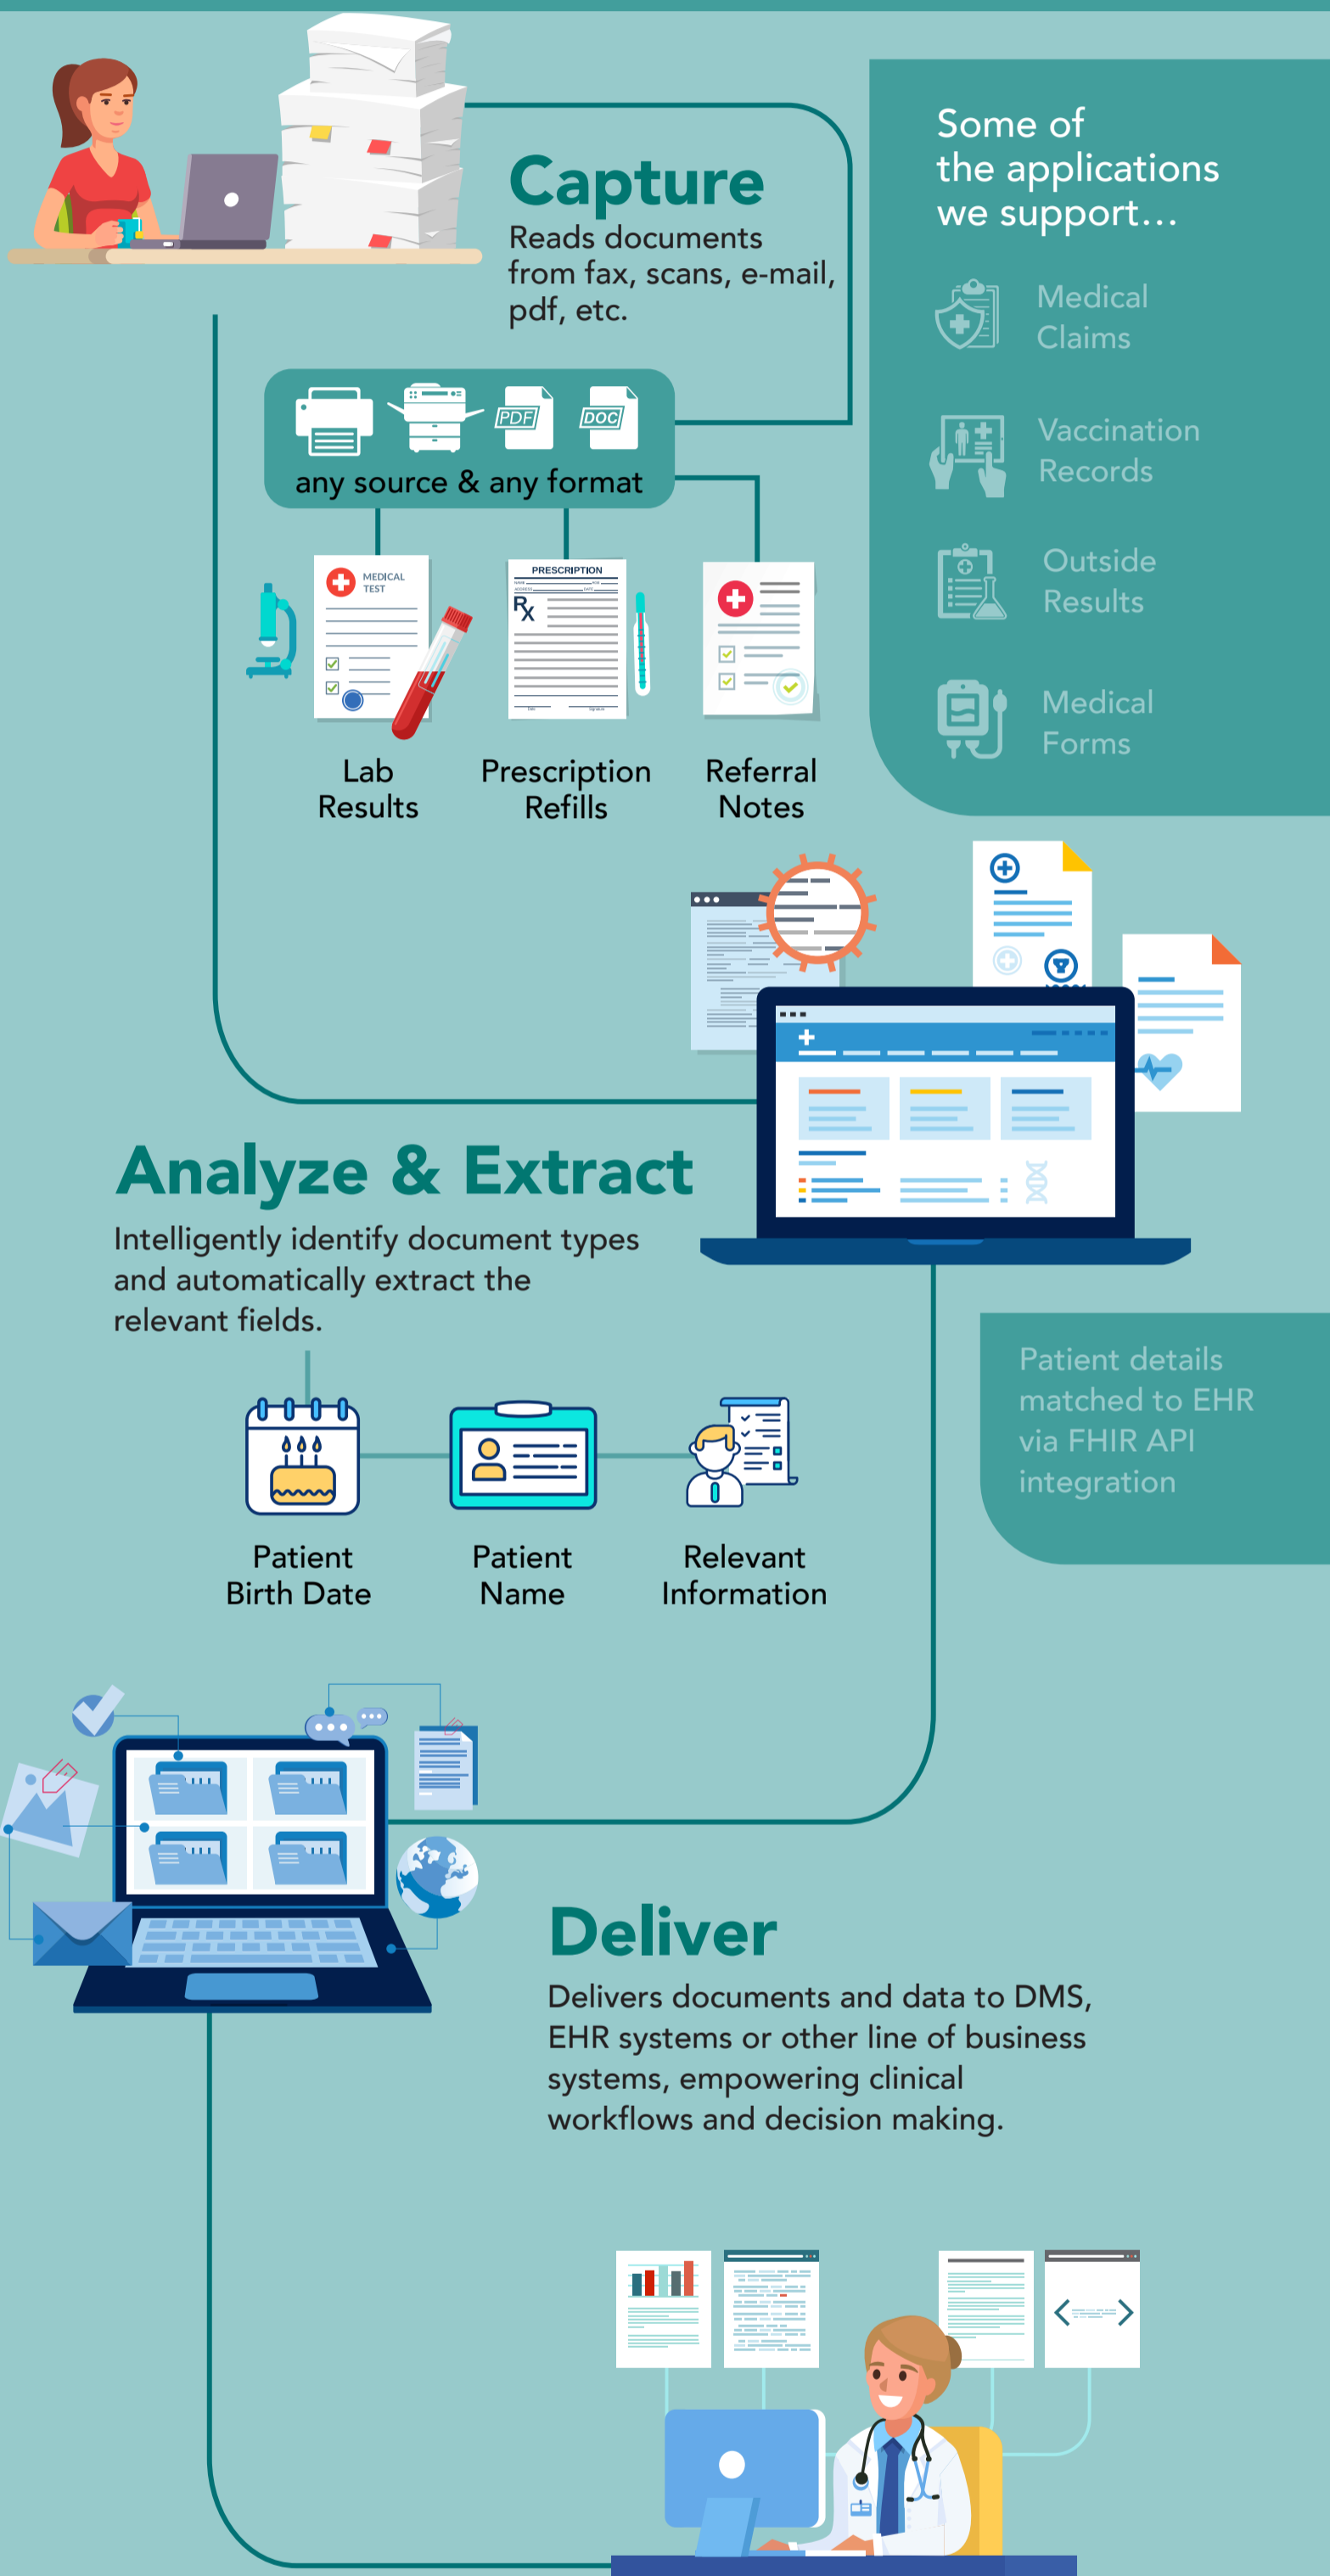

Despite significant investments in EHR and other technologies, healthcare professionals are challenged to derive insight from the patient care information locked in paper.

It is time to get more value out of the data that you already have!

The Ultimate Document Capture & Intelligent Processing Solution

readabl.ai uses state-of-the-art public cloud artificial intelligence and machine learning to recognize & extract information from faxes and scans and adds value by learning as more documents get processed.

Key Features of readabl.ai

Meets or Exceeds Security Standards for Handling of PHI

Web Browser Presentation

Integration to the EHR & other key applications

Single Sign-On Support to Streamline User Experience
