A Better Experience for Everyone - AOP

1

Safer for your health

Say goodbye to red eyes, damaged hair, itchy skin and all too familiar “pool smell.” These effects are caused by chloramines, which form when chlorine reacts with organic substances like sweat and body oils. AOP destroys chloramines - leaving you with water that’s cleaner, more comfortable, and doesn’t smell.

2

Simplifies Pool Maintenance

When you need less chlorine there’s less to do on scene. AOP provides consistent water chemistry so you don’t need to spend your valuable time balancing water levels to prevent algae blooms. Use about 40% less chlorine.

3

Improve Water Clarity

AOP acts as a “polishing agent” by breaking down and aggregating organic contaminants, making them easier for your pool filter to remove. This results in sparkling, crystal-clear water.

4

System added to every Pool

At J. Oliver Pools we care about your family and want to ensure everyone can enjoy the space. We include an AOP/UV system on every pool to help cut costs on chemicals, but ensure a swimming experience for all skin types.

“READY TO ELEVATE YOUR

PERSONAL PARADISE.”

We couldn't be happier with our experience with J Oliver Pools! From the very beginning, they took the time to truly listen to our vision and needs, ensuring that every detail was carefully considered. Their team was professional, knowledgeable, and incredibly attentive throughout the entire process. They were never pushy, only added suggestions after we would ask the question or needed guidance on a particular design feature, color, etc. That is pretty unusual these days.

Not only did they deliver a stunning pool that exceeded our expectations, but they also made the entire experience smooth and stress-free. Their attention to detail, craftsmanship, and commitment to quality were evident in every step.

If you're looking for a pool builder who genuinely cares about their clients and delivers outstanding results, we highly recommend J Oliver. Shan and Josh were absolutely fantastic to work with. Thank you for making our backyard dreams a reality!

Great experience with the J Oliver team. Would recommend to friends and family. Communication through process was outstanding!

I needed my pool resurfaced and contacted several companies to get bids. The J Oliver team (Shan and Josh) were always quick to reply to my questions (I had a lot because I was unfamiliar with this process) and very patient. They discussed their products and options without being pushy. I gave them my budget and they stayed within it and informed me when something I was interested in would push me past my budget. I was extremely happy with the communication throughout the entire process. In addition, I am very happy with my pool job. I selected a pebble sheen product and I came out beautiful. I will use this company again and will refer friends and family.
